Tell It to My Heart Taylor Dayne, Dave Smitherman, 2019-02-14 About a little Jewish girl from Long Island, Leslie JoyWunderman, who made it against the odds, sold over 75 million records, worked with Michael Jackson, Elton John, and Whitney Houston, and is now on her 30th-Anniversary Tour. It's a parable of female self-empowerment which captures Taylor's life growing up in a blue-collar home, singing in dive bars to becoming a chart-topping diva, touring the globe, rediscovering faith and traditions, and being a single-mother of twins by choice.

Half My Facebook Friends Are Ferrets J.A. Buckle, 2014-01-30 Fifteen-year-old Josh fantasises about becoming a death metal guitarist complete with tattoos, piercings and hoards of adoring fans. But it's not easy when his super-strict mom won't let him grow his hair! Luckily Josh has a way of coping with life's setbacks; it's only a diary, but it contains all Josh's hopes, dreams and frustrations (not to mention some great ideas for band names and lyrics!). There's a lot he wants to get done before his 16th birthday, but things never turn out quite like he plans... What Josh doesn't know is that his mother also kept a diary, back about the time he was born, and a secret in there holds the key to Josh's life becoming a whole lot more metal. Half My Facebook Friends Are Ferrets is part of The Reading Agency's Summer Reading Challenge 2014.

A Limited Edition of One Steven Wilson, 2023-04-06 The more I thought about it, the more I realised my career has been unusual. How did I manage to do everything wrong but still end up on the front cover of magazines, headlining world tours and achieving Top 5 albums? How did I attract such obsessive and fanatical fans, many of whom take everything I do or say very personally, which is simultaneously flattering but can also be tremendously frustrating? Even this I somehow cultivated without somehow meaning to. My accidental career. Limited Edition of One is unlike any other music book you will ever have read. Part the long-awaited memoir of Steven Wilson: whose celebrated band Porcupine Tree began as teenage fiction before unintentionally evolving into a reality that encompassed Grammy-nominated records and sold-out shows around the world, before he set out for an even more successful solo career. Part the story of a twenty-first century artist who achieved chart-topping mainstream success without ever becoming part of the mainstream. From Abba to Stockhausen, via a collection of conversations and thought pieces on the art of listening, the rules of collaboration, lists of lists, personal stories, professional adventurism (including food, film, TV, modern art), old school rock stardom, how to negotiate an obsessive fanbase and survive on social media, and dream-fever storytelling.

Long Relationships: My Incredible Journey From Unknown DJ to Small-time DJ Harold Heath, 2021-05-19 Written by former DJ/producer Harold Heath, 'Long

Relationships: My Incredible Journey From Unknown DJ to Small-time DJ' is a biographical account of a DJ career defined by a deep love of music and a shallow amount of success. From the days of vinyl, when DJs were often also glass-collectors, to the era of megastar stadium EDM, it's a journey of 30 odd years on a low-level, economy-class rollercoaster through the ups and downs of an ever-changing music industry. 'Long Relationships' is a love letter to DJing and to every small-town DJ who never made it to the big time but whose life was enriched and improved by DJing anyway. It's packed with tales of gigs, clubs, raves, warehouses, music, record production and record deals, low-rent international travel, shady promoters, dodgy club security, magical dance floor moments and much more. If you ever DJed, if you ever lost yourself on a dance floor, or if you ever simply fell in love with the potential contained within a dark basement, a strobe and a sound system, then this story is your story.

My Confessional Janet Devlin, 2020-06-25 In 2011, Janet Devlin wowed X-Factor judges and charmed the nation with her unique vocals and performances. She consistently received the highest consecutive public vote out of all the contestants and gained a place on the live arena tour. But rather than this steering her towards greater musical success, Janet faced numerous challenges which almost cost her her career... Believe it or not, you're holding my life in your hands. Not the picture-perfect version we've all become accustomed to, thanks to social media. This is my life as I've lived it - no filters. Each chapter in this book unlocks the truth behind a song from my album Confessional. They span ten years of intense self-discovery married with a lot of self-sabotage. My broken brain has taken me to dark places both in my own head and in the real world. But, with destruction comes creation. I genuinely hope that My Confessional does not personally resonate with you and that you've not been to the same Hell that I've come to call Home, but if you have let my life be proof that it all works out in the end. I see now that the world is truly what we make of it and that everything happens for a reason. Or, at least, that's what I tell myself. Here lyeth my confessional of the sins I want so much to be free from and to finally forgive myself for what I've done. I confess. Janet Devlin

Lessons from My Kitchen Olu Laoye, 2022-04-30 The greatest lessons that Olu Laoye learned in life have come from her kitchen. Much of that time was spent alone, where she meditated on life lessons and even random thoughts on different philosophies. She shares lessons such as: • Ignore the negative

things that others say about you, so you can go higher. • Never accept that someone has the right to view themselves as better than you. • Make valuable and seasoned friends after you come out of the fire. • Look for a mentor that will train you to be a mentor to others. The author also highlights the importance of identifying the bakers and butlers of your life—the ones who put the ingredients of your life together and open doors that lead to your destiny. She also looks back on betrayal, escaping a near-death food poisoning experience, astonishing surprises at the edge of disappointments, and following her dreams after a spiritual awakening. If you're looking for a cookbook, you will indeed find insights on cooking certain dishes, but you won't find recipes. Nevertheless, get ready to learn many lessons from the kitchen.

Stephen Albie Bright leads a happy, normal life. Well, as normal as it gets with two astrophysicist parents who named their son after their favorite scientists, Stephen Hawking and Albert

Einstein. But then Albie's mother dies of cancer, and his world is shattered. When his father explains that she might be alive in a parallel universe, Albie knows he has to find her. So, armed with a box, a laptop, and a banana, Albie sets out to do just that. Of course, when you're universe-hopping for the very first time, it's difficult to find the one you want. As Albie searches, he discovers some pretty big surprises about himself and our universe(s), and stumbles upon the answers to life's most challenging questions. The Summer My Life Began Shannon Greenland, 2012-05-10 A great summer beach read filled with sunshine, cooking, and--of course--romance! Elizabeth Margaret--better known as Em--has always known what her life would contain: an internship at her father's firm, a degree from Harvard, and a career as a lawyer. The only problem is, it's not what she wants. So when she gets the opportunity to get away and spend a month with the aunt she never knew, she jumps at the chance. While there, Em learns that her family has some pretty significant secrets. And then there's Cade, the laid-back local surfer boy who seems to be everything Em isn't. Naturally, she can't resist him, and as their romance blossoms, Em feels that for the first time ever, she is really living life on her own terms.

Once Upon a Strive Stryvelle Gray, 2016-05-26 It was easy being a kid just running around playing until one day a tragedy occurred. Now living across town a young man has to start over. It was easy until yet another tragedy occurred...a funny look on a girls face. The young man left the hood alone to pursue money at just 12 years-old on his own accord. Wanting the world but unable to have it a young man decides to shoot for the stars. I was that young man and this book is my life, my journey and all from my perspective. Please enjoy. Grady Shane Thomas.

Designing the Social Harry T. Dyer, 2020-06-11 This book uses data collected from in-depth interviews with young people over the course of a year to explore the complex role of social media in their lives, and the part it plays in shaping how they understand and present their identity to a broad public on a wide array of platforms. Using this data, the book proposes and develops a new theoretical framework for understanding identity performances. *Comic Theory*, detailed in this book, centres on a consideration of the role of social media design in shaping identity, and explores the ways in which socio-culturally grounded users engage in acts of compromise, novelty, and negotiation with social media designs and digital technologies to produce unique identity performances. Positioned within the field of educational research, this book overtly challenges assumptions and myths about the internet as a neutral source of knowledge, instead exploring the way in which designs and technologies shape who we interact with and how we understand what it is to be social. Moving beyond the over-used 'digital natives'

paradigm, this book makes a clear case that educators and education researchers need to move beyond a focus on coding and digital skills alone, highlighting the pressing need to take explicit account of the overlaps between digital technology, culture, and education.

The Bloomsbury Handbook of Popular Music Video Analysis Lori A. Burns, Stan Hawkins, 2019-10-17 Music videos promote popular artists in cultural forms that circulate widely across social media networks. With the advent of YouTube in 2005 and the proliferation of handheld technologies and social networking sites, the music video has become available to millions worldwide, and continues to serve as a fertile platform for the debate of issues and themes in popular culture. This volume of essays serves as a foundational handbook for the study and interpretation of the popular music video, with the specific aim of examining the industry contexts, cultural concepts, and aesthetic materials that videos rely upon in order to be both intelligible and meaningful. Easily accessible to viewers in everyday life, music videos offer profound cultural interventions and negotiations while traversing a range of media forms. From a variety of unique perspectives, the contributors to this volume undertake discussions that open up new avenues for exploring the creative changes and developments in music video production. With chapters that address music video authorship, distribution, cultural representations, mediations, aesthetics, and discourses, this study signals a major initiative to provide a deeper understanding of the intersecting and interdisciplinary approaches that are invoked in the analysis of this popular and influential musical form.
