**The Myanmar Maneuver** Ruth A. Manieri,2006-05 The Myanmar Maneuver begins in the Land of the Pagoda, where cone-shaped pagodas dot the country everywhere. Charlie Ling, a gemologist from New York, on a business trip in search of precious gemstones, travels to the Mogok Valley to acquire rare rubies. While there, he not only experiences the Land of Rubies, but he stumbles upon an unusual turtle sculpture that will change his life and those of his friends. Follow this intriguing journey to the Golden Land as the turtle and its treasure takes Charlie Ling on a trek of a lifetime. The journey begins in Bangkok, moves to the tropics of Myanmar, continues in Chinatown in New York, jumps to New Jersey and finally returns to New York. The author brings characters of five different ethnic backgrounds together as she weaves her adventure. The lives of her characters are effectively intertwined with the turtle and its slow-moving quandary. The surprise the turtle holds for all of them is its secret cache, a rare ruby, which will affect each one of them and change their lives. In your mind's eye, observe what it does and how it touches the lives of the characters.

*State Dominance in Myanmar* Tin Maung Maung Than,2007 Focuses on the state's efforts to industrialize Myanmar, first through direct intervention and planning under a socialist economic framework as interpreted by the state leaders (1948-88) and lately (1989 onwards) through state-managed outward orientation.

*WALCOM: Algorithms and Computation* Ryuhei Uehara,Seok-Hee Hong,Subhas C. Nandy,2021-02-16 This book constitutes the proceedings of the 15th International Conference on Algorithms and Computation, WALCOM 2021, which was planned to take place in Yangon, Myanmar in February/March 2021. They cover diverse areas of algorithms and computation, such as approximation algorithms, algorithmic graph theory and combinatorics, combinatorial algorithms, combinatorial optimization, computational biology, computational complexity, computational geometry, discrete geometry, data structures, experimental algorithm methodologies, graph algorithms, graph drawing, parallel and distributed algorithms, parameterized algorithms, parameterized complexity, network optimization, online algorithms, randomized algorithms, and string algorithms.

*Soldiers and Diplomacy in Burma* Renaud Egreteau,Larry Jagan,2013-06-10 Soldiers and Diplomacy addresses the key question of the ongoing role of the military in Burma's foreign policy. The authors, a political scientist and a former top Asia editor for the BBC, provide a fresh perspective on Burma's foreign and security policies, which have shifted between pro-active diplomacies of neutralism and non-alignment, and autarkical policies of isolation and xenophobic nationalism. They argue that important elements of continuity underlie Burma's striking postcolonial policy changes and contrasting diplomatic practices. Among the defining factors here are the formidable dominance of the Burmese armed forces over state structure, the enduring domestic political conundrum and the peculiar geography of a country located at the crossroads of India, China and Southeast Asia. Egreteau and Jagan argue that the Burmese military still has the tools needed to retain their praetorian influence over the country's foreign policy in the post-junta context of the 2010s. For international policymakers, potential foreign investors and Burma's immediate neighbors, this will have strong implications in terms of the country's foreign policy approach.

*Buddhist Art of Myanmar* Sylvia Fraser-Lu,Donald Martin Stadtner,2015-01-01 A stunning showcase of exceptional and rare works of Buddhist art, presented to the international community for the first time The practice of Buddhism in Myanmar (Burma) has resulted in the production of dazzling objects since the 5th century. This landmark publication presents the first overview of these magnificent works of art from major museums in Myanmar and collections in the United States, including sculptures, paintings, textiles, and religious implements created for temples and monasteries, or for personal devotion. Many of these pieces have never before been seen outside of Myanmar. Accompanied by brilliant color photography, essays by Sylvia Fraser-Lu, Donald M. Stadtner, and scholars from around the world synthesize the history of Myanmar from the ancient through colonial periods and discuss the critical links between religion, geography, governance, historiography, and artistic production. The authors examine the multiplicity of styles and techniques throughout the country, the ways Buddhist narratives have been conveyed through works of art, and the context in which the diverse objects were used. Certain to be the essential resource on the subject, Buddhist Art of Myanmar illuminates two millennia of rarely seen masterpieces.

*Burma Banyan* Dawn Fraser Kawahara,2019-09-18 In BURMA BANYAN, A Daughter's Odyssey, the reader is invited on an intimate set of travels as the author overcomes qualms about returning to Burma after a life span. Memories of Dawnie, her child self, besiege her. These memories are not set in the peaceful, civilized atmosphere of Dehra Dun, nestled in the hills north of Delhi, the setting of her notable first memoir-Jackals' Wedding, A Memoir of a Childhood in British India-but in remote areas of northern Burma and in Mandalay, the capital of "Upper Burmah," in an unstable atmosphere and generally unsafe surroundings. The Burma sojourn of the author's immediate family following Japanese occupation during World War II begins with a replay of their last days in India, continuing the compelling true story within a family story. Counterpoint with modern-day travels, the author once again revisits a long-locked past to probe the truth of romanticized early life. She reveals how she and her sister coped with expectations and warnings and absorbed the fears and insecurity of their parents in the aftermath of war to compound their own secret worries, how they became adept at assessing their grownups' mood swings, and chameleonic in adapting themselves accordingly. Entertaining stories of the generations before, ancestors who settled in India and Burma from faraway lands, flow naturally as the daughters' parents, Pansy and William, return to live for a time in the country of their birth. Their resulting storm-and-sun relationship, the nucleus of the symbolic "jackals' wedding," continues as such in BURMA BANYAN. Kawahara's odyssey, which completes in an unexpected way, also takes readers from Hawai'i to the British Isles, and forays to Australia and New Zealand in search of "lost" family members. The search for a missing father-and a home-is the taproot of these journeys.

*Burma In Revolt* Bertil Lintner,2019-04-24 This book explains how Burma's booming drug production, insurgency, and counter-insurgency interrelate—and why the country has been unable to shake off thirty years of military rule and build a modern, democratic society.

**From Burma With Love** Stephen W. Reiss,2023-06-30 During World War II, the Japanese blockaded all the harbors along the coast of China and Burma. To get supplies into central China, the Americans, British, and their allies built the Burma Road which became the Epic Story of the China-Burma-India (CBI) Theater. It was 700 miles through jungles, over mountains, and crossing streams. Some 200,000 native laborers were involved. That was Irwin Reiss' job -- recruiting local tribesmen to move dirt and build bridges by hand and limited heavy help from Caterpillar tractors. Read these letters from the jungle and from the homefront and then ask yourself why is ongoing turmoil in other parts of the world.

*The River of Lost Footsteps* Thant Myint-U,2007-05-15 For nearly two decades Western governments and a growing activist community have been frustrated in their attempts to bring about a freer and more democratic Burma—through sanctions and tourist boycotts—only to see an apparent slide toward even harsher dictatorship. But what do we really know about Burma and its history? And what can Burma's past tell us about the present and even its future? In *The River of Lost Footsteps*, Thant Myint-U tells the story of modern Burma, in part through a telling of his own family's history, in an interwoven narrative that is by turns lyrical, dramatic, and appalling. His maternal grandfather, U Thant, rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary-general in the 1960s. And on his father's side, the author is descended from a long line of courtiers who served at Burma's Court of Ava for nearly two centuries. Through their stories and others, he portrays Burma's rise and decline in the modern world, from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism, the devastation of World War II, and a sixty-year civil war that continues today and is the longest-running war anywhere in the world. *The River of Lost Footsteps* is a work both personal and global, a distinctive contribution that makes Burma accessible and enthralling.
