Tradition and Modernity in Myanmar Uta

Gärtner,1994

Introduction to Myanmar Gilad James, PhD,2012

Myanmar, also known as Burma, is a country located in Southeast Asia. It borders China, India, Bangladesh, Thailand, and Laos. The country has a diverse population of over 54 million people, comprised of different ethnic and religious backgrounds. Myanmar is known for its beautiful landscapes, rich history, and unique culture. The country's economy is largely based on natural resources such as oil, gas, precious stones, and timber. Despite facing political turmoil over the past several decades, Myanmar is making efforts to transition into a more democratic nation and attract foreign investment. With its unique cultural heritage and natural beauty, Myanmar is becoming an increasingly popular destination for tourists.

Southeast Asian Personalities of Chinese Descent

Leo Suryadinata,2012 This is a bold project recording the lives of a particular group of Southeast Asians. Most of the people whose

biographies are included here have settled down in the ten countries that constitute the region. Each of them has either self-identified as Chinese or is comfortable to be known as someone of Chinese ancestry. There are also those who were born in China or elsewhere who came here to work and do business, including seeking help from others who have ethnic Chinese connections. With the political and economic conditions of the region in a great state of flux for the past two centuries, it is impossible to find consistency in the naming process. Confucius had stressed that correct names make for the best relationships. In this case, Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have, in one way or another, made their homes in, or made some difference to, Southeast Asia. I believe that, when he and his colleagues selected the biographies to be included here, they have taken a big step towards the rectification of identities for many leading personalities. In so doing, he has done us all a great service. - Professor Wang Gungwu, National University of Singapore

Singapore Ethnic Mosaic, The: Many Cultures, One People Mathew Mathews, 2017-10-31 Far from being a melting pot, multi-racial Singapore prides itself on the richness of its ethnic communities and cultures. This volume provides an updated account of the heterogeneity within each of the main communities – the Chinese, Malay, Indian, Eurasian and Others. It also documents the ethnic cultures of these communities by discussing their histories, celebrations, cultural symbols, life cycle rituals, cultural icons and attempts to preserve culture. While chapters are written by

scholars drawing insight from a variety of sources ranging from academic publications to discussions with community experts, it is written in an accessible way. This volume seeks to increase intercultural understanding through presenting ample insights into the cultural beliefs and practices of the different ethnic communities. While this book is about diversity, a closer examination of the peoples and cultures of Singapore demonstrates the many similarities communities share in this Singaporean space.

Rethinking Cultural Resource Management in Southeast Asia John N. Miksic, Geok Yian Goh, Sue O'Connor, 2011-12-15 Presenting both the need for – and difficulty of – introducing effective cultural resource management (CRM) in the region, 'Rethinking Cultural Resource Management' in Southeast Asia explores the challenges facing

efforts to protect Southeast Asia's indigenous cultures and archaeological sites from the ravages of tourism and economic development. Recognising the inapplicability of Euro-American solutions to this part of the world, the essays of this volume investigate their own set of region-specific CRM strategies, and acknowledge both the necessity and possibility of mediating between the conflicting interests of short-term profitability and long-term sustainability.

Reflections on Myanmar Reshmi

Banerjee, 2023-02-17 Myanmar is known for its engaging history, rich cultural heritage, and diverse ethnic communities. Its tumultuous political past has been discussed by academics and policy makers for decades; however, the land of the Shwedagon cannot only be defined by conflict and contestation. Myanmar is complex and multi-layered with innumerable issues shaping its identity and manifold interpretations creating its distinctiveness. A deeper comprehension of its past glory with thoughtful deliberation on its socio-economic challenges helps to understand the country better. This book fills this gap by focusing on four broad themes—reminiscence, restoration, re-evaluation, and resurrection. It studies interconnected issues ranging from nostalgia and belonging to Myanmar's contribution to art and heritage (through its museums, cinema, folk traditions); from the problems of landlessness, resource dispossession, and climate change to the experience of marginalized groups. The author weaves these themes into a common narrative of discovering Myanmar through a

holistic lens. The book aims to explore the country through its history, culture, communities, and challenges. A unique contribution, the book highlights the myriad facets of Myanmar by contemplating on its inherent strengths and visible weaknesses. It would be indispensable for scholars and researchers of Southeast Asian studies, Asian studies, area studies, Myanmar studies, political studies, cultural studies, and sociology.

India, Sri Lanka and the SAARC Region Lopamudra Maitra Bajpai, 2020-10-28 This book examines the historical and socio-cultural connections across the SAARC region, with a special focus on the relationship between India and Sri Lanka. It investigates hitherto unexplored narratives of history, popular culture and intangible heritage in the region to identify the cultural parallels and intersections that link them together. In doing so, the volume moves away from an organised and authorised heritage discourse and encourages possibilities of new understandings and re-interpretations of cross-cultural communication and its sub-texts. Based on original ethnographic work, the book discusses themes such as cultural ties between India and Sri Lanka, exchanges between Arthur C. Clarke in Sri Lanka and Satyajit Ray in India, cultural connectivity reflected through mythology and folklore, the influence of Rabindranath Tagore on modern dance in Sri Lanka, the introduction of railways in Sri Lanka, narrative scrolls and masked dance forms across SAARC countries, Hindi cinema as the pioneer of cultural connectivity, and women's writing across

South Asia. Lucid and compelling, this book will be useful for scholars and researchers of cultural studies, South Asian studies, cultural anthropology, sociology, popular culture, cross-cultural communication, gender studies, political sociology, cultural history, diplomacy, international relations and heritage studies. It will also appeal to general readers interested in the linkages between India and Sri Lanka.

Politics of Autonomy and Sustainability in Myanmar Walaiporn Tantikanangkul, Ashley Pritchard, 2016-02-26 This book focuses on the tensions between and conflict resolution processes concerning minority ethnic groups in Myanmar's rural areas and the State. It covers topics such as relations and communication between the central government, the Kokang Chinese community and the Kachin State; the impact of cyclone Nargis on remote settlements in the Ayeyarwady Delta; the impact of depletion of mangrove forests and Yangon's fuel needs on a Karen minority group; and the collapse of a community forestry project in a Pa-O village in Shan State. Written by young scholars from Myanmar, some of whom belong to minority groups, the book provides firsthand reporting and scholarship that, for the past sixty years, have not been available. Offering in-depth, unique insights into minority change issues in the interior and at the periphery of Myanmar, as seen from local perspectives, it offers a valuable resource for academics, students and researchers in the fields of sustainable development, social and political studies, and development communication in Asia.

Buddhist Art of Myanmar Sylvia Fraser-Lu, Donald Martin Stadtnr, 2015-01-01 A stunning showcase of exceptional and rare works of Buddhist art, presented to the international community for the first time The practice of Buddhism in Myanmar (Burma) has resulted in the production of dazzling objects since the 5th century. This landmark publication presents the first overview of these magnificent works of art from major museums in Myanmar and collections in the United States, including sculptures, paintings, textiles, and religious implements created for temples and monasteries, or for personal devotion. Many of these pieces have never before been seen outside of Myanmar. Accompanied by brilliant color photography, essays by Sylvia Fraser-Lu, Donald M. Stadtnr, and scholars from around the world synthesize the history of Myanmar from the ancient through colonial periods and discuss the critical links between religion, geography, governance, historiography, and artistic production. The authors examine the multiplicity of styles and techniques throughout the country, the ways Buddhist narratives have been conveyed through works of art, and the context in which the diverse objects were used. Certain to be the essential resource on the subject, *Buddhist Art of Myanmar* illuminates two millennia of rarely seen masterpieces.
