Greyboy Cole Brown, 2020-09-15 An honest and courageous examination of what it means to navigate the in-between Cole has heard it all before—token, bougie, oreo, Blackish—the things we call the kids like him. Black kids who grow up in white spaces, living at an intersection of race and class that many doubt exists. He needed to get far away from the preppy site of his upbringing before he could make sense of it all. Through a series of personal anecdotes and interviews with his peers, Cole transports us to his adolescence and explores what it's like to be young and in search of identity. He digs into the places where, in youth, a greyboy's difference is most acutely felt: parenting, police brutality, Trumpism, depression, and dating, to name a few. *Greyboy: Finding Blackness in a White World* asks an important question: What is Blackness? It also provides the answer: Much more than you thought, dammit.

The Miracle on Cooper Street Gloria Bonilla-Santiago, 2014-03-25 Author Dr. Gloria Bonilla-Santiago, a Puerto Rican child of migrant farm workers, defied family, tradition, and expectations to reach the highest ranks of academia and overcome monumental obstacles to create LEAP Academy, one of the nation's best charter schools. In *The Miracle on Cooper Street*, Bonilla-Santiago shares the challenges and obstacles, potential resources, and support of fellow professionals that moved LEAP Academy from a small charter school in 1997 to its top position today. She describes and analyzes the establishment and accomplishments of LEAP Academy in one of America's poorest and most violent cities, Camden, New Jersey. Bonilla-Santiago also shares the story of her personal and professional struggles as a Latina from an impoverished and working-class background, surviving and fighting for respect in an academic world that many times did not value racial or ethnic diversity. Those experiences forged a dream of transforming a poor urban community through education. *The Miracle on Cooper Street* narrates an inspiring account that shows how one determined individual can make a profound difference in the lives of at-risk children and their communities. It presents a working model for charter schools, while at the same time admitting that LEAP is a work in progress. Most of all, it describes an inspiring institution that has seen many young people break the cycle of poverty, graduate from high school, succeed in college, and go on to live productive lives.

Too Important to Fail Tavis Smiley, 2011-09-13 *Too Important to Fail: Saving America's Boys* is the companion volume to TAVIS SMILEY REPORTS PBS special which is funded by the Corporation for Public Broadcasting as part of its American Graduate: Let's Make It Happen initiative. It examines an undeclared crisis in America—the staggering dropout rate among young black males. In countless urban schools the graduation rate has plummeted to less than 20% and nationwide fewer than 50% of young black males will graduate from high school. Low graduation rates combined with disproportionate rates of suspensions, expulsion and young black males assigned to special education classes, fuel this state of emergency. Tavis Smiley's candid conversations in Los Angeles, Chicago, Philadelphia and Oakland with frontline experts and educators, detention center administrators and the boys themselves urges viewers to ponder the societal and economic cost of losing another generation of uneducated young black males to lifetimes of prison and poverty. This volume picks up where the special leaves off with expanded discussion, dot-connecting data and real life examples of the information and resources needed to harness our frustration and concern into collective and effective action. The e-book contains an extensive resource guide that lists 125 organizations who have a stake in solving this monumental challenge.

The Complete Enochian Dictionary Donald C. Laycock, Edward Kelley, John Dee, 2023-06-05 The complete reference for understanding the Enochian language ("the language of the angels"), the proper pronunciation of the letters of the Enochian alphabet, and the use of evocations to call forth celestial beings and perform Enochian magic. In 1581, Dr. John Dee, an advisor in the court of Queen Elizabeth I, began a series of scrying experiments intended to explore the ability to contact the spirit world. With Edward Kelley acting as the medium in these experiments, Dee was able to record these communications as they were transmitted in Enochian, the language of the angels. Dr. Dee's efforts furthered the development of the system of Enochian magic and his methods of invocation have been taken up and expounded upon by Aleister Crowley and many other magicians. Donald C. Laycock has thoroughly analyzed the work of Dee and Kelley. In this volume, he recounts the history of their experiments. He provides a pronunciation guide for the twenty-one letters, significant to untangling both the meaning and the derivation of the messages handed down from Dee and Kelley, and an essential Enochian/English and English/Enochian dictionary. The result is a fascinating linguistic and magical

mystery story integral to any study of the Enochian tradition. This new edition of Laycock's work includes a new preface by Stephen Skinner that sets the tone and historical context for today's readers. Lon Milo DuQuette's foreword gives a delightful and edifying description of how he and his students put The Complete Enochian Dictionary to the test with astonishing results. This book is a must-have for any serious magician's library.

Christmas Alfredo Michael D. Lieberman, 2015-05-15 When first year George Washington University law student Matthew Felder returns to Ristorante Alfredo to work the lucrative Christmas season, he unwittingly finds himself entangled with Alfredo's cocaine slinging brother, Saverio 'Sammy' Casartelli, who was released from prison the day that Matt returns to his undergrad gig. Among the new staff is Dulce, an ethereally beautiful busgirl, a local New Brunswick Dominicana. Matt trips over his heart at first sight. Dulce is mysteriously 'engaged' to Belamino, a dishwashing thug also employed the restaurant who, rumor has it, fled the Santo Domingo in fear of his life. No one at the restaurant understands how Dulce has been promised to Belamino. Enter Junior Diaz, Sammy's illegitimate hoodlum son who also goes for Dulce. Karen, Sammy's illegitimate alcoholic daughter with a violent, unseen, huge ex-boyfriend who is jealous of Matt's accidental liaison with Karen. While Matt is falling hard for Dulce he is caught in a complex romantic labyrinth with deadly consequences. When Matt accidentally overhears Sammy's next planned criminal venture, he finds himself cornered into a caper involving Sammy's two drug dealing partners, a fake marketing firm, a Colombian cocaine kingpin in Miami, a corrupt local mayor who wants to be the next governor of New Jersey, an illegal high stakes poker game, a federal corruption investigation, a murder, a fire, all while serving the delectable cuisine of Chef Alfredo to the dysfunctional business elites of Central New Jersey celebrating the Christmas season as the Reagan presidency nears its end. With its colorful cast of characters and surprising turns of plot, Christmas Alfredo is a wonderful feast of a novel.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

Ocular Toxicology Keith Green, O. Hockwin, Ramesh C. Tripathi, J. Weisse, 2012-12-06 On behalf of the editorial board and the organizing committee of the 4th congress of the International Society of Ocular Toxicology (I SOT), held in AnnecyNeyrier du Lac, France, October 9 -13, 1994, we are pleased to present to the ocular toxicology community this indexed volume of our congress proceedings. The 4th congress was designed primarily to facilitate and update the knowledge in ocular electrophysiology and ocular pharmacokinetics, in both the clinical and preclinical aspects. The outcome of this 4th congress, established in this volume, is a useful contribution to the methodology in both fields and will hopefully assist in the evaluation and interpretation of ocular findings recorded in animal studies on drugs and other chemicals, in order to protect human health. Undoubtedly, work on the mechanisms of ocular toxicology in the process of pharmaceutical development must continue and these proceedings, embodying the presented papers, will add to the data base. The editors, the congress organizing committee and the members of the International Society of Ocular Toxicology thank the speakers who gave their time, knowledge, and expertise to assist us in this project. The following manuscripts contain the main substance of each of the platform presentations and, in some cases, much more. Moreover, our thanks go to all the participants coming from a range of background- regulatory, academic and industrial - for their attention and excellent contributions during the discussion.
