Mom's List St. John Greene,2013-04-02 As inspiring as *The Last Lecture*, an unforgettable memoir that reminds us all to live each day with adventure and joy For Kate Greene, nothing was as important as her two little boys, Reef and Finn, and her loving husband, St. John, known as “Singe.” Together, they shared a wonderfully happy family life—until Kate was diagnosed with incurable breast cancer. During her final days, Kate created what she called Mum’s List. She included simple things like “look for four-leaf clovers” and “take them for walks along mummy’s favorite beach.” The list became Singe’s rock. *Mom’s List* is the book that Singe never wanted to write, but—in sharing the wisdom and inspiration that buoyed him during his darkest hours—he pays tribute to his beloved wife and the life she dreamed of for their sons after she was gone.

Good News, Bad News: A Scout Davis Investigation 2 Maggie Groff,2013-03-01 Intrepid investigative journalist Scout Davis has given herself a holiday, but when Hermione Longfellow accosts her in the supermarket, she stops to listen. Most people in Byron Bay are aware of the eccentric Anemone sisters. Always dressed in black, they rarely leave their home nestled in the hills. When Hermione asks Scout to track down her sister Nemony’s AWOL husband, believed to have died at sea thirty years ago but recently popped up again on the Great Barrier Reef, Scout jumps at the opportunity. Another source of intrigue falls close to home when Scout’s sister Harper despairs over her husband’s odd behaviour. And if that wasn’t enough, Scout’s journalist boyfriend is finally coming home from Afghanistan. Trouble is, Scout thinks she may be falling in love with irresistible local cop Rafe - who coincidentally is also Toby’s best friend... **PRAISE FOR MAGGIE GROFF** With only two novels under her belt, Maggie Groff has demonstrated she is the next new big name in Australian crime fiction ... More please. *Sun-Herald* Serve in the bath, on the beach or anywhere entertaining reading matter is required. *Sydney Morning Herald*

People I Want to Punch in the Throat Jen Mann,2014-09-09 **NATIONAL BESTSELLER** • A debut collection of witty, biting essays laced with a surprising warmth, from Jen Mann, the writer behind the popular blog *People I Want to Punch in the Throat* *People I want to punch in the throat:* • anyone who feels the need to bling her washer and dryer • humblebraggers • people who treat their pets like children Jen Mann doesn’t have a filter, which sometimes gets her in trouble with her neighbors, her fellow PTA moms, and that one woman who tried to sell her sex toys at a home shopping

party. Known for her hilariously acerbic observations on her blog, *People I Want to Punch in the Throat*, Mann now brings her sharp wit to bear on suburban life, marriage, and motherhood in this laugh-out-loud collection of essays. From the politics of joining a play group, to the thrill of mothers' night out at the gun range, to the rewards of your most meaningful relationship (the one you have with your cleaning lady), nothing is sacred or off-limits. So the next time you find yourself wearing fuzzy bunny pajamas in the school carpool line or accidentally stuck at a co-worker's swingers party, just think, What would Jen Mann do? Or better yet, buy her book. Praise for *People I Want to Punch in the Throat* "People I Want to Punch in the Throat is so good that it'll make you want to adopt all the cats in the world. I'm not sure about the correlation, but it's that good. It should come with a warning."—Jenny Lawson, author of *Let's Pretend This Never Happened* "Jen Mann has an amazing way of telling stories that will make you cringe and burst out laughing at the same time. From swinger parties to racist toddlers, she makes the suburbs unbelievably funny."—Karen Alpert, author of *I Heart My Little A-Holes* "Jen Mann says the things we're all too afraid to say. Her honest and hilarious writing style reminds me of David Sedaris and Tina Fey."—Robin O'Bryant, author of *Ketchup Is a Vegetable: And Other Lies Moms Tell Themselves* "Jen Mann's shrewd and unrelenting assault on the absurdity of suburban life is an honest peek into the occasional nightmare that is part of living the American dream. I love Jen. I wish she was my neighbor. It's so refreshing to know that I'm not the only one who wants to punch almost everyone in the f***ing throat."—Nicole Knepper, author of *Moms Who Drink And Swear*

Improvising Theory Allaine Cerwonka, Liisa H. Malkki, 2008-11-15 Scholars have long recognized that ethnographic method is bound up with the construction of theory in ways that are difficult to teach. The reason, Allaine Cerwonka and Liisa H. Malkki argue, is that ethnographic theorization is essentially improvisatory in nature, conducted in real time and in necessarily unpredictable social situations. In a unique account of, and critical reflection on, the process of theoretical improvisation in ethnographic research, they demonstrate how both objects of analysis, and our ways of knowing and explaining them, are created and discovered in the give and take of real life, in all its unpredictability and immediacy. *Improvising Theory* centers on the year-long correspondence between Cerwonka, then a graduate student in political science conducting research in Australia, and her anthropologist

mentor, Malkki. Through regular e-mail exchanges, Malkki attempted to teach Cerwonka, then new to the discipline, the basic tools and subtle intuition needed for anthropological fieldwork. The result is a strikingly original dissection of the processual ethics and politics of method in ethnography.

Fabulous Finn Dave Wardell, 2018-02-08 THE TOP TEN BESTSELLER: The Inspirational Life of Finn, Britain's Bravest Dog, Winner of the 2017 Daily Mirror Animal Hero of the Year Award Hertfordshire, October 5th 2016. At around 2 a.m., PC Dave Wardell and his dog, PD Finn, were trying to apprehend a robbery suspect when he turned around and attacked them. Finn was stabbed with a ten-inch-bladed knife, both through his chest, via his armpit and then - the knife bound for Dave - through the top of his head. Finn no doubt saved Dave's life, but the race was on to try and save Finn's. Dave Wardell's heartfelt memoir charts an incredible journey of friendship and loyalty. It is a celebration of the bond between one man and his dog, from when Dave collected Finn from his kennels at just nine months old, all the way through to Finn's recent and hard-earned retirement. The book charts the career of a highly trained, highly decorated dog. In his time on the job Finn tracked offenders of all kinds; found missing children; tackled armed offenders; saved lives. But Finn isn't just a police dog - he's also a cherished family pet and this is his remarkable, life-affirming story.

Chlorophyll a Fluorescence in Aquatic Sciences: Methods and Applications David J. Suggett, Michael A. Borowitzka, Ondrej Prášil, 2010-08-23 Measurements of variable chlorophyll fluorescence have revolutionised global research of photosynthetic bacteria, algae and plants and in turn assessment of the status of aquatic ecosystems, a success that has partly been facilitated by the widespread commercialisation of a suite of chlorophyll fluorometers designed for almost every application in lakes, rivers and oceans. Numerous publications have been produced as researchers and assessors have simultaneously sought to optimise protocols and practices for key organisms or water bodies; however, such parallel efforts have led to difficulties in reconciling processes and patterns across the aquatic sciences. This book follows on from the first international conference on “chlorophyll fluorescence in the aquatic sciences” (AQUAFLUO 2007): to bridge the gaps between the concept, measurement and application of chlorophyll fluorescence through the synthesis and integration of current knowledge from leading researchers and assessors as well as instrument manufacturers.

Deception Point Dan Brown, 2019-07-30 From the #1 New York Times bestselling author of *The Da Vinci Code*, *Angels & Demons*, and *Inferno* and the “master of smart thrills” (People) comes a “rocket-fast thriller” (Vince Flynn) about an astonishing NASA discovery that unravels a deadly

conspiracy that leads all the way to the White House. When a NASA satellite spots evidence of an astoundingly rare object buried deep in the Arctic ice, the floundering space agency proclaims a much-needed victory—one that could have profound implications for US space policy and the impending presidential election. With his re-election hanging in the balance, the President sends White House Intelligence analyst Rachel Sexton to the Milne Ice Shelf to verify the authenticity of the find. Accompanied by a team of experts, including the charismatic academic Michael Tolland, Rachel uncovers the unthinkable: evidence of scientific trickery. Before she can contact the President, she and Michael are attacked by a deadly team of assassins controlled by a mysterious power broker who will stop at nothing to hide the truth. Fleeing for their lives in an environment as desolate as it is lethal, their only hope for survival is to find out who is behind this masterful ploy. The truth, they will learn, is the most shocking deception of all in this “taut, fast-paced, barn-burner of a book” (St. Petersburg Times).

Hear & Beyond Shari Eberts, Gael Hannan, 2022-05-03 Hearing loss doesn't come with an operating manual—until now. If you have hearing loss, you already know that the conventional approach to treatment is focused on hearing-aid technology. Without a handbook to help you figure out how to actually live with it, you've likely been getting by on information pieced together from various sources—and yet, communication often seems incomplete and unsatisfying. What's missing from this hearing care model is the big picture—a real-life illustration of how hearing loss, its emotions, and its barriers affect every corner of your life. Now, hearing-health advocates, consultants, and speakers Shari Eberts and Gael Hannan offer a new skills-based approach to hearing loss that is centered not on hearing better, but on communicating better. With honesty and humor, they share their own hearing loss journeys, and outline invaluable insights, strategies, and workarounds to help you engage with the world and be heard. You'll gain tips for navigating all areas impacted by hearing loss, including relationships, work, technology; strategies for adopting a new, empowering mindset towards your hearing loss; and communication behaviors that can make almost any listening situation manageable. Informed by the lived experiences of thousands of people living with hearing loss, and corroborated by hearing science, technological advances, and modern hearing-care principles, *Hear & Beyond* offers a new way forward to greater connection and engagement—whether you're new to hearing loss or have been living with it for a long time. Hearing loss is just one aspect of who you are, among many others. You may have hearing loss, but it doesn't have to have you.

The History of America in My Lifetime Brooks Sterritt,2020-06 What follows is an account of events experienced by the above man. As a film subject, he was one of the best I've ever seen, despite a complete lack of dramatic ability. The sources I've used for the creation of this report are, in the main, video footage-both consensual interviews with the subject and footage generated without his knowledge. At the time of this writing, he is employed at a facility called Shred Authority Neighborhood Storage. In terms of familial relationships, he has two sisters (no contact), a mother (no contact), and a father (yearly contact). His sexual interests are best described as disappointingly vanilla with longtime urges for mild deviancy. Hobbies include cycling, occasional woodworking, and researching arcane topics on the Internet and internalizing them. He lacks a formal education, yet is adept at finding information, albeit in an unsystematic way. I chose this subject not because of the events he experienced-though they are thrilling and profound-but because he stumbled across something that no one could turn away from. Though a select few of you may be familiar with my film work, I've recently retired to pursue other forms, hence the at times novelistic appearance of the following narrative--

Tempting Fate Pamela Clare,2017 A woman with no roots... Naomi fled the cult-like nightmare of her childhood and learned to rely on one person-herself. Her resourcefulness keeps her alive during a catastrophe in the mountains, but it's no help at all when it comes to Chaska Belcourt, the sexy EMT who saves her life. Raised to feel shame about her body and sex, she is putty in Chaska's hands as he strips away her armor, exposing the vulnerable woman beneath, awakening desires in her that she'd been taught to ignore. A kiss that changes everything... Chaska Belcourt grew up on the reservation, the son of a hereditary Sun Dance chief. He left all of that behind for a new life in Colorado as an engineer with an aerospace firm and a member of the elite Rocky Mountain Search & Rescue Team. He doesn't share his sister's belief that fate led him to find Naomi. But from the first

moment their lips touch, he can't get enough of her. A love that transforms... As the passion between them turns into something more, Chaska is forced to admit that his sister is right. There's no other way to explain the depth of his feelings for Naomi-or the fact that he and his people might hold the key to unraveling the mysteries of her past. But she will have to learn to trust again before the two of them can find the answers she needs-and claim this once-in-a-lifetime love.
