**Accepting and letting go** Primin Lötscher, 2022-01-04 Due to a long lasting illness the author involved himself at a young age with the fundamental questions of the purpose of life, where we come from and where we are going. With a deep understanding for the spiritual world and it's connections to life, he began to write his first moving book. Here, the author describes how to, with inner balance, lead a fullfilled life. In the moment of acceptance and letting go, we experience absolute and unconditional love. It is the foundation and expression of creation, being, and the harmonious self. With a variety of examples and exercises Pirmin Loetscher simply and effortlessly leads the reader to an examination of their own personality, the meaning of life, dealing with fear and doubt, and to find real answers for thier lives.

*Unlimited Power 02 - The Ranger's Domain* ExSoldierLv99, 2021-04-21 Please try my newest story, The Guardians' Throne - The First Magic Swordsman: [https://www.webnovel.com/book/the-guardians'-throne---the-first-magic-swordsm-an\\_20103431406680805](https://www.webnovel.com/book/the-guardians'-throne---the-first-magic-swordsm-an_20103431406680805) After losing his parents in a car accident, Ryan immediately caught his fiancée cheating on him with his best friend. In just a few days, he lost everything he loved, so Ryan decided to buy a house in the mountains to process all those events. However, something happened before he could even enter his new home: the end of the world. Monsters began to appear out of nowhere, and dragons began to dominate the skies. After losing everything, Ryan, who had lost his sense of reality, found new goals with the

world in that state: survive and get stronger. Dungeons, classes, monsters, skills, the chance to obtain the DNA of other monsters... Ryan was decided to use them all because he no longer would become a spectator in his own life. Maybe with power, he won't lose anything anymore. The image in the cover doesn't belong to me. **Unlimited Revisions** Lorelie Friesen, 2021-05-17 By age fifty, Lorelie Friesen considered herself an educated woman who should have been living the good life. Instead, she found herself with a serious problem: how to justify staying in an abusive marriage. She realized it was time to look inward. What was causing her to deny the seriousness of her circumstances? What was preventing her from taking the actions that would save her and her children? Her story is shocking at times and takes her in an unexpected direction: into the ring to rumble with her past and through the swamp of shame. To defeat the 'glitch' in her thinking, Friesen explores the role that her childhood circumstances and adolescent trauma played in its development. Lorelie's journey takes her across Canada from the Maritimes to 1980s Edmonton. Her pathway to healing leads her back to family roots on the prairies and includes reuniting with her biological son. Part memoir and part self-help book, *Unlimited Revisions* is for women who are pondering dissatisfying or abusive relationships and are interested in the elements of an escape plan. UR is for those who find themselves repeating history and seeking to change themselves and, in turn, their circumstances. UR can be a resource for

friends and family supporting those who are striving to recognize and recover from flawed thinking patterns and choose 'better' for themselves. Fans of Brene Brown (Dare to Lead) or Gabor Mate (When the Body Says No) will identify Lorelie's concrete examples of attachment, shame, vulnerability, and worthiness. Those interested in stories of human suffering and triumph will be inspired by the potential of the UR Pathway to healing and the 4E's of recovery. The UR Pathway begins with questions that drive seeking, then recognition of the glitch that results in maladaptive thinking, and finally to the most important decision ever: whether to remain in denial or enter the swamp to excavate the source of the glitch. Important themes include hegemonic masculinity and female complicity, which may be generational in nature, and require close and careful examination. With self-compassion and forgiveness, readers are encouraged to revise as often as necessary, find their wholehearted selves and exit the pathway, fulfilled, brave and confident.

Good Christian Girls Elizabeth Bradshaw, 2024-02-13 Lacey Heller is sure that nothing interesting could possibly happen at Camp Lavender, because it never does. Her parents have been running this Christian camp for girls ever since she can remember. Little does Lacey know that Jo Delgado is coming to camp this summer—and she's going to change everything. After the incident, Jo's aunt sends her to Camp Lavender instead of the science camp she desperately wants to attend. Her aunt hopes that Camp Lavender will put Jo on

the “right path,” influenced by nice girls like Lacey. The best Jo can hope for is to run a successful experiment so that she doesn’t waste her whole summer. Lacey is a good Christian girl...or at least she thought she was. But Jo changes all that. There’s something different about Jo—and that something could get Lacey into big trouble. Lacey and Jo must help each other untangle who they are from who everyone says they’re supposed to be.

**Mixed Bathing in Another Dimension: Volume 3** Nagaharu Hibihana, 2017-05-26  
Touhou Houjou continues his journey in a fantasy world while somehow finding more uses for his power to freely summon a piping hot bath. After their ordeal in Hadesopolis, they meet a young girl named Rakti, who reveals herself as the Goddess of Darkness. Together they travel to the country of fire and blacksmiths, Hephaestusopolis. Touya sets off to collect more blessings from the goddesses and strengthen his power... but not without stopping to take a bath with some cute girls along the way!

My World MICHAEL JEAN NYSTROM-SCHUT, 2004-05-19 Let me tell you how much fun it is to be a book writer! One of my friends recently said to me, I don't even know anyone who's ever READ a book, let alone WRITE one! I was amused. Well you know it's really not so hard to write a book. You just talk about what you feel, and organize your thoughts along the way. At some point, as you stay determined to make it happen, the book comes into the world. For me, now having compiled over 30 book-length manuscripts of various topics and subject matter, I have become more and more inclined to share the way I see the world

with others along the way. You might call what I like to write about as having to do with personal philosophy, or individual world view. Everyone has a way they see their world; this book is part of how I see mine. It seems that all kinds of people have something to say about what life is and is not. I am like most people, so am no exception. I have come to enjoy giving such opinions and points of view with just about anyone who will listen. I wrote this book, MY WORLD: The First 50 Years, because I wanted to be sure and document the way life appeared to be to me at the half-century mark in my personal growth and evolution. I did it in a way that enables you to read right through it, or, if you prefer, you can take it slowly, over a one-year span of time, and think about the ideas and thoughts carefully. How you read the book is entirely up to you. Ten years earlier I had written a similar book (Earth Dwelling: An Owners Manual for Life) in order to share thoughts about the meaning and purpose of life. It is amazing the difference that ten years can make! I like to think that I am growing! Gee. Could that be? I sure hope so! People from the worlds of philosophy, religion and the popular culture are anxious to share the way they see the world with others. I have a passion to do that also, and so I wrote this book in order to summarize how things in life appeared to me. I could be way off - you decide for yourself. At any rate, my world is MY way of seeing life...in YOUR world, you will see it your special way and that is part of the beauty of this life. Each person is free to see it differently, and that is our basic right to do so. I like

that. I actually feel so strongly about what I am saying here that I created a web site (which is called [HowIseetheworld.com](http://HowIseetheworld.com)) to talk about and share ideas with others. Take a look at it some time. Thoughts are powerful, and have a tendency to either make you great, or even destroy you before your time. So, think good thoughts! And enjoy the book as well!

A Sinner in Mecca Parvez Sharma, 2017-08-15 From the recipient of a 2018 Guggenheim Fellow Based on the New York Times' Critic Pick documentary The first book about the Hajj from a gay perspective, written by a man with a deep knowledge of Islamic history. This pilgrimage is the centerpiece of his book, and he recounts it with courage and fierce emotion. –The Guardian This is the Islam you've never been allowed to see. Daringly reported from its frontlines and forbidden to most of humanity for centuries. The Hajj pilgrimage is a journey every Muslim is commanded by God to go on at least once in a lifetime if they are able and, like millions, Parvez Sharma believes his spiritual salvation lies at Islam's ground zero, Mecca. But unlike the journeys of his fellow Muslims, the consequences of his own could be deadly. In A Sinner in Mecca, author, filmmaker, and 2018 Guggenheim Fellow Parvez chronicles his pilgrimage as a very openly gay Muslim to Saudi Arabia, where Islam's heart beats . . . and where being true to himself is punishable by death. Risking his life, Parvez embarks on a Jihad of the self—filming his experience along the way. Already under fire for his documentary A Jihad for Love, which looks at the coexistence of Islam and

homosexuality, he would undoubtedly face savage punishment if exposed—from being thrown off a cliff to public beheading. Parvez's odyssey is at once audacious, global, and remarkable. He meets everyone from extremists to explorers of the spiritual kind and the world they open up is frightening . . . yet breathtaking. In Mecca, Parvez comes out to a pilgrim, who then asks him why he would want to be part of something that wants no part of him. This book is his answer to this question and many more. Parvez provides an unflinching look at our troubling unfolding history, including Hizbullah, ISIS, Trump, the race-wars, an embattled Europe, and more. He offers real solutions, borne of his efforts to get his hands dirty to find them. This is a lived history—and its author is no armchair theorist. Following the New York Times Critics' Pick hit documentary of the same title, *A Sinner in Mecca* unflinchingly showcases parts of the dangerous ideology that governs today's ISIS and how much it has in common with Saudi Arabia's sacred, yet treacherous dogma, Wahhabi Islam. *A Sinner in Mecca* is simultaneously one man's personal odyssey as well as a groundbreaking, provocative revelation of a clandestine world and its fastest growing and most contested religion.

*Farborn (Maxim Colonies 2)* Lesli Richardson, 2019-07-30 He's not from around here... Davies McKellan is a man without a true home. The cocky mining contractor navigator has spent his entire adult life roaming the stars and refusing to be tied down by anyone. But that doesn't come without cost. Like loneliness. When Davies makes his first run to the planet Pfahrn, he meets

Olarte, a Pfahrn who intrigues him in ways he never dreamed possible. Except duplicity and deadly secrets are a killer combo that'll make any man rethink his past. And if the eight-foot-tall green alien is Davies' future, he might be down for that. He's got priorities, though. Like making sure they uncover the truth first, and don't die in the process. Book 2 in the Maxim Colonies series. This sci-fi/space opera romance features a male human and a non-binary alien paring, a life-or-death interstellar showdown, m-preg, aliens who look like aliens, smol and tall pairing, and a guaranteed HEA!

*Serendipity in Anthropological Research* Haim Hazan, 2016-04-15 Challenging the idea that fieldwork is the only way to gather data, and that standard methods are the sole route to fruitful analysis, *Serendipity in Anthropological Research* explores the role of fortune and happenstance in anthropology. It conceives of anthropological research as a lifelong nomadic journey of discovery in which the world yields an infinite number of unexplored issues and innumerable ways of studying them, each study producing its own questions and demanding its own methodologies. Drawing together the latest research from a team of senior scholars from around the world to reflect on the experience of research, *Serendipity in Anthropological Research* presents rich new case studies from Europe and the Middle East to examine both new and old questions in novel and enriching ways. An engaging examination of methodology and anthropological fieldwork, this book will appeal to all those concerned with writing ethnography.

*Maxim Colonies Box Set 1: Jailmates, Farborn, & Saudade* Lesli

Richardson, 2021-04-12 Contains the first three books of the Maxim Colonies Series: Book 1: Jailmates This wasn't in the contract. Simon Quigley had no idea what to expect when he agreed to do this for the money, but the eight-foot-tall pink alien isn't what he was expecting. For starters, Simon's straight. And Mohrn isn't a girl. The contract? It's unbreakable. It's going to be a long five years... Book 1 in the Maxim Colonies series. This sci-fi/space opera romance features a male human and a non-binary alien paring, a mail-order bride for hire trope, m-preg, aliens who look like aliens, smol and tall pairing, and a guaranteed HEA! Book 2: Farborn He's not from around here... Davies McKellan is a man without a true home. The cocky mining contractor navigator has spent his entire adult life roaming the stars and refusing to be tied down by anyone. But that doesn't come without cost. Like loneliness. When Davies makes his first run to the planet Pfahrn, he meets Olarte, a Pfahrn who intrigues him in ways he never dreamed possible. Except duplicity and deadly secrets are a killer combo that'll make any man rethink his past. And if the eight-foot-tall green alien is Davies' future, he might be down for that. He's got priorities, though. Like making sure they uncover the truth first, and don't die in the process. Book 2 in the Maxim Colonies series. This sci-fi/space opera romance features a male human and a non-binary alien paring, a life-or-death interstellar showdown, m-preg, aliens who look like aliens, smol and tall pairing, and a guaranteed HEA! Book 3:

Saudade The love that remains... Kivia Quigley never expected to be the mother-in-law to an eight-foot-tall pink alien, but she's not complaining. The widow is more than happy to have some joy in her family's life, for a change. And when she meets Dr. Mafer H'llooder, a brilliant Veraci scientist, she realizes that, despite their drastic physiological differences, they have a lot more in common than just being able to speak each other's languages. Like grief, longing, and loneliness. And a greedy, megalomaniacal psychopath determined to get what he wants out of both of them. Book 3 in the Maxim Colonies series. This second-chance sci-fi/space opera romance features a female human and a male four-armed alien paring, a somewhat kinky alien scientist, a seriously angry adversary, aliens who look like aliens, and a guaranteed HEA!

**My Philanthropy** George Soros, 2012-08-14 George Soros is one of the world's leading philanthropists. Over the past 30 years, he has provided more than 7 billion to his network of foundations, known collectively as the Open Society Institute, for projects around the world and in the United States. In this e-book, Soros writes in detail for the first time about his vision for philanthropy. "I have always been leery of philanthropy," he writes, "Philanthropy is supposed to be devoted to the benefit of others, but many philanthropists are primarily concerned with their own benefit." Soros engages in philanthropy not out of a desire for praise or to impose his vision upon the world but out of a strong sense of moral duty: "My success in the financial markets has given me a greater degree of independence than most

other people enjoy. This allows me to take a stand on controversial issues. In fact, my exceptional position obliges me to do so." Soros is celebrated for his brilliant financial and economic insights and his investment strategies. But his contribution to philanthropy and the impact of his generosity is equally impressive. This text reveals the thinking and practice that drives a lesser known aspect of this remarkable man's life, his goals for society and his philosophy.

Away All Boats John N. Cole, 2014-01-07 High-spirited and passionate--at once a useful guide and a record of an extended love affair with small boats--Away All Boats is a blending of sparkling waterlands and vivid memories. Author of Striper and Fishing Came First, John N. Cole takes readers from the dangers of haul-seining for striped bass that challenge a wooden dory's limits in the surf to the excitement of searching the flats of the Florida Keys for tarpon and other game fish aboard a shall-draft, high-tech craft perfectly matched to the task. Evocative of nature's miracles and realities (and the foibles of men who go down to the sea in ships), the writing is dry and witty, tender and perceptive. Alongside the hard facts and opinions about the selection, refitting, maintenance, and use of small boats is a series of wonderful stories about the author's explorations as a bayman and fisherman in the waters of eastern Long Island, Maine, and the Florida Keys. Each boat described serves to introduce a key chapter in the author's life and his taste for adventure. John Cole's first love is the skiff, rowboat, dory, or

sharpie--any relatively stable wooden boat that can be easily and efficiently rowed--but the author also takes on larger craft powered by the internal combustion engine to indicate that every boat is designed to perform a limited family of functions. The trick, as we learn in these robust pages, is to find the boat you need (not always the boat you want), and Cole offers practical advice on how to go about it. The surprise is that a good boat doesn't have to be expensive; some are even gifts from the sea. As to basic equipment, the author keeps the advice simple: a compass, charts, a tachometer, an ammeter, an understanding of local winds and tides, and, with luck, an informed weather eye to minimize risks in open water.

Beyond My Dreams Peter Marmureanu, 2014 When Peter Marmureanu started learning tennis in communist-held Romania, he was ten years old, playing barefoot on clay courts, swinging a wooden paddle that served as a racket. Eight years later, as a member of Romania's Davis Cup team, Marmureanu was traveling side by side with Ilie Nastase and Ion Tiriuc to the world's capitals playing tournaments in Cairo, Monte Carlo, Paris, London, Moscow, and scores of other cities. In Beyond My Dreams, Marmureanu recounts his life story and how he was forced to become a designated courier for the Securitate, traveling with packets of top-secret documents concealed in his racket cover for delivery to Romanian embassies. In a last-minute flight to freedom that sounds like an espionage thriller, Marmureanu narrates how he made his escape. But even in America, where Donald Rumsfeld and President

Gerald Ford helped secure his citizenship, he lived for many years under FBI protection, carrying a handgun for his own safety, knowing the danger that loomed over Romania's defectors and what might happen if he ever went back. And yet, for the sake of his family, Marmureanu risked a return-witnessing, firsthand, the initial moments of insurrection preceding the fall of an evil regime. In this memoir-filled with intrigue, courage, and defiance-Marmureanu tells how he escaped one of the most repressive regimes on earth-the incredible but true adventure of one man's flight to freedom.

*Militant Poems* Ahmed Sékou Touré, 1976

Möbian Nights Sandor Goodhart, 2017-08-24 I died at Auschwitz,†? French writer Charlotte Delbo asserts, and nobody knows it.†? Möbian Nights: Reading Literature and Darkness develops a new understanding of literary reading: that in the wake of disasters like the Holocaust, death remains a premise of our experience rather than a future. Challenging customary aesthetic†? assumptions that we write in order not to die, Sandor Goodhart suggests (with Kafka) we write to die. Drawing upon analyses developed by Girard, Foucault, Blanchot, and Levinas (along with examples from Homer to Beckett), Möbian Nights proposes that all literature works autobiographically†?, which is to say, in the wake of disaster; with the credo I died; therefore, I am†?; and for which the language of topology (for example, the Möbius strip†?) offers a vocabulary for naming the deep structure†? of such literary, critical, and scriptural sacrificial and anti-sacrificial dynamics.

*Childhood Unlimited* Virginia Mendez, 2022-04-14 - In 2013, Disney released its most egalitarian film to date - but 59% of all the lines in Frozen are spoken by male characters. - 57% of children's books published annually have central male characters; just 31% have central female characters. Raising your child beyond the limitations placed on them by gender is, let's face it, an uphill battle. If you don't know where to start, or how to start, you will find inspiration, insight and plenty of practical strategies in *Childhood Unlimited*. From navigating the gendered constructs that dominate children's films, television and media generally, to choosing appropriate and stimulating toys beyond the binary divide, this accessible and relatable book will make the whole process much less daunting. Based on interviews with, and research by, some of the best thought-leaders from the fields of psychology, neuroscience and education, the insights in this book will not only open the eyes of any parent or caregiver, they will inspire you to help your child to look at the world in a critical, creative and empowered way. Free from the restraints of the stereotypes that surround gender, your child has the opportunity to reach their true potential - and this is the book that you need to launch them on that journey.

*White War, Black Soldiers* Bakary Diallo, Lamine Senghor, 2021-02-24 *Strength and Goodness (Force-Bonté)* by Bakary Diallo is one of the only memoirs of World War I ever written or published by an African. It remains a pioneering work of African literature as well as a unique and invaluable historical

document about colonialism and Africa's role in the Great War. Lamine Senghor's *The Rape of a Country* (La Violation d'un pays) is another pioneering French work by a Senegalese veteran of World War I, but one that offers a stark contrast to *Strength and Goodness*. Both are made available for the first time in English in this edition, complete with a glossary of terms and a general historical introduction. The centennial of World War I is an ideal moment to present *Strength and Goodness* and *The Rape of a Country* to a wider, English-reading public. Until recently, Africa's role in the war has been neglected by historians and largely forgotten by the general public. Euro-centric versions of the war still predominate in popular culture. Many historians, however, now insist that African participation in the 1914-18 War is a large part of what made that conflict a world war.

**True Spirituality** Francis Schaeffer, 2012-01-27 Francis Schaeffer had been serving as a pastor for over a decade when he began to wonder if Christianity really made a difference in people's lives. *True Spirituality*, a twentieth-century spiritual classic, outlines the result of his effort to "start at the beginning" and re-examine his faith. The book is a treasure trove of wisdom for Christians trying to discover what true spirituality looks like in everyday life. Includes a foreword by Chuck Colson and an introduction by Dr. Jerram Barrs, director of the Schaeffer Institute.

*Climate Change as Popular Science* Harun Rashid, Alan Bauld, 2016-11-18 We define popular science as interpretations of scientific concepts in plain language (i.e., in nontechnical language) for the general audience, who may or may not have a background in science. *Climate Change As popular Science (CCAPS)* is a nontechnical interpretation of climate change science, intended for the general audience. We have a blog on this topic under the following web address: <https://climatechangepopulardiscourse.wordpress.com/> retrieved on October 23, 2016. We have posted most of the chapters in this book as CCAPS blog posts.
