Parla L'Italiano Magicamente! Speak Italian Magically! Antonio Libertino,2010-12-23 What if you could Speak Italian Magically? If you are reading this, it means that YOU really want to speak Italian. Imagine YOU being already able to speak Italian and fluently, how would you feel? Excited, happy? Yes, of course! What if you could have fun and enjoy the learning process too? Wouldn't it be great? With Speak Italian Magically YOU will: * Travel to Italy and visit some of the most beautiful Italian cities! * Relax while learning new words and every day Italian Italian expressions! * Have fun with ten magic adventures into Italy and Italian, where the main character is YOU! * Begin to think in Italian! * Refresh Italian you might have learned previously! Speak Italian Magically features: * Accelerated learning methods to help you absorb the language faster * No memorization exercises * You can download 20 audio files for free to listen to each Italian adventure twice, bilingual and solo italiano version I begin from the book cover. It really grabs you as a book is, winning, merry and also it has a flair graphic.You can really learn Italian magically and the secret is with the advice of the author when he says: 'Please remember to avoid listening to the audio-files while driving as they lead you in a state of relaxed alertness that speeds up the learning process'. At the beginning of every lesson infact the key word is 'relax' and there is a ritual for which one prepares himself to learn positively, without haste, without stress but naturally. Every lesson is a real situation. In my opinion we can use this method, which is the result of a thorough study by the author, with other languages too. Perhaps I will use it with my pupils. Congratulation Antonio, you made your best to implement your plans and carry them through out, good luck. Stay always like you are now.I loved it. Anna Romano Language Teacher in Italy A Q & A with the author Tell us about Speak Italian Magically in your own words. What is it about? The title says it all, doesn't it? It's a book for you to Speak Italian Magically! I know you may think that this is far fetched, but let me ask you something. Do you know that athletes practice mental training before a performance? Do you know that they get better results when they imagine themselves performing at their peak? Well, with Speak Italian Magically I wanted to give you a mental training where you will first imagine yourself both in the situation and the place speaking Italian very well...Then if you follow the guidelines, you will be actually speaking very well! Is there actually a science behind this approach? Yes, as I explain it thoroughly in the paragraph that you will find in the book. Do you know what the title of this paragraph is? The science behind Speak Italian Magically. Here you will find more about Lozanov and his suggestopedia, accelerated learning, Vera F. Birkenbihl, Stephen Krashen, James Asher and Tony Buzan's mind maps. What inspired you to write this book? 8 years ago when I started teaching Italian to foreigners I had a question. It was this: Is there a faster way to learn a language? Speak Italian Magically is my answer to that question. What's the best thing in this book? Speak Italian Magically will bring you in the wonderful places that we have here in Italy. So, At the same time you will experience Italian and living in a different country, all within your mind because I will guide you in a relaxed state where the learning is much improved. And I also recorded the audio in two versions, bilingual and only Italian version. Because I really think that once you understand the text you should practice with the only Italian version. Where can an Italian enthusiast learn more about you and the book? Of course on the book website (www.speakitalianmagically.com) where you will find news, bonuses and tips to Speak Italian Magically!

3 Minute Italian: Lessons 1-3 Kieran Ball,2016-12-17 The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute Italian.With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn.I wrote the 3 Minute Italian methodology after trying lots of different courses, books and CDs. I noticed that most Italian courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of Italian courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up.With 3 Minute Italian, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently.Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying.The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them!People who have spent years unsuccessfully studying Italian have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson.Here are some of

their reviews:Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages.NIALL COLLINSThis is fantastic. Everything you learn just stays in your head. YUVRAJ VASWANIThe course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language.LOU CHARONThe teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast.SAM DOYLEI love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever!HAPPY DEEEExcellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!!MOLLIE DISHALThis method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!SCOTT WRENIf you would like to see more reviews from over 9000 students, check out my website www.3minute.club

Italian Vocabulary Builder - Italian Phrasebook to Learn Italian Language Smartly Manuel Maria Di Gioia,2022-10 Do you want to learn Italian? My name is Manuel di Gioia, I am Italian, and I introduce you to the Resilient Learning Method. In psychology, resilience is man's ability to face life's adversities, to overcome them and to emerge from them strengthened and even positively transformed. In Resilient Learning Method, resilience is the ability of a child to learn new words and to be able to compose new sentences. When a child is born, he or she does not know the language or the laws that govern it. No grammatical basis. A vocabulary composed of blank and empty pages. Yet, in a short time, a child begins to learn a language unknown to him. Word after word. Phrase after phrase. A child, with knowledge of the basic phrases and an adequate number of words, is able to modify and combine them. What are the two things that happen at the beginning when the child starts experimenting? The child starts to understand any sentence very well, even those that have a new logical construct. The child begins to express himself and, despite many understandable mistakes, still manages to make himself understood. These are the two results I want you to achieve with this book. Do you want to learn Italian? Learning to speak Italian in a perfect and fluent way cannot be done in a few days or even in a few years. Too difficult. I'll tell you, as an Italian. But it is possible in a short time to understand this beautiful language and also to be understood. You just need to approach Italian as a child. Here are the three steps I propose in this book: basic rules more than 1000 sentences divided by topic with more than 5000 words, more than enough to communicate in a simple way finally 10 short stories composed only of words present in the book Do you want to learn Italian or improve your vocabulary? Buy your book today!

The Phonetic Guide to Italian Matthew Lawry,2012-07-27 This book is about learning the phrases and sentences and getting to grips with saying the language without going into the grammar first. In that way, you can have fun learning how to say certain things and also you do not come up against stumbling blocks and frustrations. The idea behind this thinking was because when I was a child, my parents used to tell me words before they taught me how to learn the alphabet, so I thought that was a better way round: get used to the language first. I wrote this book to how I thought the student of the language could assimilate and understand it and get a basic grounding of the language. I thought to myself, what was the best thing to learn first, for instance; what the differences between masculine and feminine are; what does the accent mean, so I put this information in the chapter header pages so then I could use more space to actually learn the language. I have also put in a conceptual stage, so then you can think about the language for instance. English has quite a few routes to it, like Latin, so quite a few words are very similar, even though the accent can throw us off. It sounds like proper English for instance: disgraceful, which means scandaloso in Italian, which is nearly the same in English. I believe there is no right or wrong way to learn; it depends on what you want it for. You may want to practise it on holidays, or you may want to read the Italian newspapers, so sometimes you do not necessarily have to learn the alphabet or the grammar. I like to read newspapers on holidays and watch films in Italian; that is why I wanted to learn it. It can also be useful in attaining knowledge for quizzes. The only good criticism is a constructive one, not a destructive one. Matthew Lawry. I hope you enjoy this book as much as I have in writing it.
