My First Book of Korean Words Kyubyong Park, Henry J. Amen, 2012-09-10 My First Book of Korean Words is a beautifully illustrated book that introduces young children to Korean language and culture through everyday words. The words profiled in this book are all commonly used in the Korean language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Korean Words are multiple: to familiarize children with the sounds and structure of Korean speech, to introduce core elements of Korean culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Hangeul, as well as in its Romanized form. With the help of this book, we hope more children (and adults) will soon be a part of the nearly 80 million people worldwide that speak Korean!

### HOW TO LEARN KOREAN IN 30 DAYS Stefania

Simonato, 2021-10-29 This book will make you learn KOREAN in just 30 days, starting from scratch. And this is more than a simple promise. Let me explain... The process is very simple: the book is divided into 30 chapters, one for each day, to allow you to learn the basis of this language in only one month. To get the most out of this course, you just have to follow one rule: read a chapter a day, nothing more, nothing less. If you abide by this rule and follow the instructions included in the book, the result is guaranteed. Forget the usual boring grammar lessons, anonymous and depersonalized. "HOW TO LEARN KOREAN IN 30 DAYS" was made with all the self-help chrisms, like a practical handbook, characterised by a personal, fun and stimulating style. It is filled with many curious anecdotes and advices useful not only to speak in KOREAN, but also to get by during a trip. If you are still not sure, keep on reading... From the preface of the Author... (...) When I started to learn Korean in Italy I could not find any textbook able to help me to fully understand the contemporary society and when I first set foot in Korea I felt really lost. I wish someone had taken my hand and shown me all the things that I came to know after years of direct experience. I also tried to be very objective in the exposition of the material: it happens often that the passion for Korea causes people (especially young girls) to have an idyllic image of this nation, without knowing and recognizing the problematic aspects too. "HOW TO LEARN KOREAN IN 30 DAYS" aims at being the fastest and most enjoyable method to learn Korean. The purpose is to study one chapter a day, for a total of 30 days. Every chapter starts from a cultural anecdote, slowly approaching a grammar rule, some words and many exercises to

test yourself. Every chapter therefore will help you to understand Korea thoroughly. It is suitable both for those working and for those travelling... as well as for those who are only curious to learn something about this culture full of surprises! The difficult thing for a foreigner lies not only in verbal communication but also in understanding the culture of those giving hospitality. With this "little book" you can dive into the real South Korean culture, becoming, with some patience, little experts.

*Basic Korean* Aron Huh,2020-02-03 Many Korean learners say that the Korean language is difficult to learn. It is because unlike English, there are many complex endings and particles in the Korean language. For this reason, the existing Korean textbooks for foreigners have mainly covered a large number of Grammars, which may not be used often in real conversation. The way you have been learning Korean : Lengthy & Boring, Impractical, Grammar & Text-based The way you will learn Korean with this book : Simple & Easy, Practical, Conversational-based Many students have often asked us if there is a book which specifically focuses on real conversational grammar because they put a lot of effort into learning Korean, but they still can't even speak a word. The problem was not them, but learning materials and methods because learning a language is not about memorizing a large number of grammars. It is about how to use them in real conversation. We genuinely hope that through this book, many Korean learners who have difficulty learning Korean can speak Korean with confidence.

Song Won's Korean Grammar for Speaking is the quintessential text for learning how to speak and write Korean. As a proven, passionate, and dedicated teacher, Song Won has perfected his language learning system in the classroom. Now, he's finally put those same methods into an informative, easy-to-understand textbook. Korean Grammar for

Speaking is methodically organized and broken down into separate units. In the beginning, students will build a foundation by learning how to read, write, and pronounce Hangul (the Korean alphabet). From there, students will learn everything from the counting systems and present tense verbs to more complex and complicated grammatical concepts. Within each unit, there will be vocabulary lists, a wide variety of practice problems, and end-of-unit quizzes. This comprehensive language-learning textbook will have you speaking, reading, and writing Korean in no time! Along with Korean grammar, this textbook will teach students important vocabulary words that are useful in many common, everyday situations. It will also highlight Korean slang and colloquialisms, as well. Song Won's language learning method is different from classic, traditional textbooks. This book will have students thinking and responding organically in Korean. The goal of Korean Grammar for Speaking is to make students fluent in Korean within six months. Although learning Korean will be a challenge, it's a challenge that will reward students many times over.

Korean Language for Beginners Andrea De Benedittis, 2017-06-07 This book is a complete guide for people who want to learn the Korean language, starting from the very beginning, and learn the alphabet and the correct sounds of vowels, consonants, and diphthongs. It was written for people who want an easy but systematic approach to the language. The writer is a non-native speaker who started learning the language from ZERO, just like you and spent years in Korea trying to reach a better level of proficiency in Korean. After a few weeks of study, you will study to recognize words, make sentences, and have simple (but miraculous) conversations with other Korean speakers!
