Nacogdoches Archie P. McDonald, Hardy Meredith, 2009-11-09 Nacogdoches derives its name from the Caddo tribe that once lived in central East Texas along Banita and LaNana Creeks. Franciscan father Antonio Jesus de Margil established a mission for the Caddo people there in 1716. In 1779, Antonio Gil Y'Barbo founded the pueblo of Nacogdoches and built the Stone House, or Stone Fort, the town's most enduring symbol of European influence. Nacogdoches served as headquarters for one of three administrative districts in Texas under Mexican authority and played a significant role in the Texas Revolution before stabilizing into a predominately rural and agricultural society. Two notable 20th-century developments—the selection of Nacogdoches as the home of Stephen F. Austin State University and the founding of Texas Farm Products, the city's first major industry—changed the community into a regional education, medical, and commercial center.

Nursing Jobs in the United States Mgi, 2013-01-31 This manual was compiled to help international nurses with information on how to start the process of finding a job as nurse in the U.S. This guide is merely information and it does not in any way guarantee a job in the U.S. It provides information regarding testing, credentialing, education and immigration. It also provides online information about hospitals and the board of nursing for each state. asks and explores the answer to the question that haunts ordinary thinkers. Kirkus A thoroughly researched, pop-culture-laden exploration of how people make choices. A surprisingly poignant, intellectually rigorous study of how our thought processes shape our lives.

Baystate Franklin Medical Center Thomas L. Higgins MD,Sandra W. Campbell,Gina O. Campbell RN,2016-08-15 In 1895, Franklin County Public Hospital (FCPH) was founded by 36 citizens led by Dr. Adams Calhoun Deane. The newly incorporated hospital rented the former home of Rev. Dr. Francis Robbins and served 55 patients in its first year of operation. By 1898, FCPH moved to the larger Converse House and then to purpose-built facilities at 164 High Street in 1910. The hospital trained nurses, including Susie Walking Bear Yellowtail, class of 1927, the first Native American graduate in the United States. In 1968, FCPH opened the architecturally unique Spokes wards. Throughout its history, the Board of Organized Work (now the Baystate Franklin Auxiliary) has supported the hospital with fundraising activities. FCPH became Baystate Franklin Medical Center (BFMC) after joining with Baystate Medical Center in Springfield, Massachusetts, to form Baystate Health in 1986. This book celebrates 120 years of service to Franklin County.

University Health System at 100 George B. Hernández Jr.,Karen F. Glenney,2019-11-01 At the start of the twentieth century, South Texas was a melting of troops training for deployment in World War I and thousands of

refugees fleeing the Mexican Revolution. With the influx of immigrants and injured veterans returning from the war, the area was in desperate need of a charity hospital to serve the burgeoning community. The city of San Antonio and Bexar County each contributed half the funding to build the Robert B. Green Memorial Hospital, named for a socially conscious county judge and Texas state senator. The Green hospital filled a critical need and was completed just in time to care for victims of the 1918 flu epidemic. One hundred years later, the hospital is one of many in the University Health System, which continues to fulfill the diverse health care needs of South Texas. University Health System at 100 chronicles the compelling history of a nationally recognized teaching hospital and its network of outpatient healthcare centers with archival photographs and extended captions. Highlights include the 1955 creation of the property tax funded Bexar County Hospital District; the 1968 founding of the University of Texas Medical School at San Antonio; now called UT Health San Antonio; and the 1999 opening of the Texas Diabetes Institute. The book also looks ahead to the next one hundred years as medical advancements and concerns and the needs of the South Texas region continue to evolve. Whatever the future of health care holds, the University Health System aims to continue the mission that has guided it from the beginning—to treat all those in need in the community with compassion, respect and skill.

Baystate Medical Center Thomas L. Higgins MD,Linda S.

Baillargeon,2014-12-08 Baystate Medical Center was established in 1976 with the merger of the Medical Center of Western Massachusetts and Wesson Memorial Hospital. Baystate's roots extend to 1870, when Springfield City Hospital was one of just 178 acute-care hospitals in the United States. It was renamed Springfield Hospital in 1883 and moved to its current location at 759 Chestnut Street in 1889. The Hampden Homeopathic Hospital was founded in 1900, followed by the Wesson Maternity Hospital eight years later. All three hospitals have a long tradition of training physicians and nurses, and today, Baystate is the Western Campus of Tufts University School of Medicine. Many patient-care innovations have emerged, including one of the country's first chronic-care wards, the first kidney transplant, and fast-track cardiac surgery. Today, Baystate Medical Center is the flagship hospital of Baystate Health, whose 10,000 employees carry out the mission to improve the health of the people in our communities every day, with quality and compassion.

Redneck Country...Black Letter Law John Russell Smith,2010-07-13 Criminal defense attorney J.R. Cuttler begins his Sunday with thoughts of flying his airplane around the East Texas area and later watching his Dallas Cowboys play the hated Washington Redskins. That thought is shattered in an instant when the local radio station reports the abduction and rapes of a twenty-nine-year-old woman and her twelve-year-old cousin from the local Walmart parking lot. The identity of the victims and the initial allegations as to their assailant would draw Cuttler into a capital murder case that would forever change his life and his practice of law. This small, deep East Texas town located on the Texas-Louisiana border still lives in times we would all like to forget...times most of us have fought to forget. Therefore, when two White women are allegedly abducted, beaten, raped and sodomized by an uppity young Black man, the county digresses into the mindset of Coloreds use back door. After his arrest in another jurisdiction, Lincoln Johnson is beaten beyond recognition by two deputies returning him to the local jail. It is this senseless barbarity that raises Cuttlers ire to the degree that he agrees to represent the accused. The development of pre-trial tactics, the trial, and hypnotic conclusion pits modern scientific methodology and old time trial theatrics.

Report of the Jefferson Hospital for the Year Ending... Jefferson Medical College Hospital and Medical Center,1919

Suny Downstate Medical Center Jack E. Termine,2000 In 1860, the nation's first college-hospital was founded in Brooklyn. Initially called the Long Island College Hospital, Collegiate Division, this innovative institution was the first to bring controversial, cuttingedge methods of teaching to the study of medicine in the United States. Until this time, medical students had been taught exclusively in schools, rarely leaving the lecture hall for first-hand experience. With the belief that medical instruction should be brought to the hospital bedside, the renowned institution that became SUNY Downstate Medical Center was founded, changing the course of medical instruction forever. In 2000, on its 140th anniversary, SUNY Downstate is celebrated for its innovative teaching practices and superior instructors and equipment. Now the largest medical school in New York State, SUNY Downstate prepares about 1,500 students per year for careers in medicine, nursing, and the allied health professions. SUNY Downstate Medical Center is an incredible new volume that includes not only photographs but also announcements, bulletins, degrees, theses, and countless other memories from the last 140 years.
