Running Naked Through the Streets Caramine White,2008-12-24 *Running Naked Through the Streets* is an account of the year Dr. Caramine White lived in the former Communist country Slovakia, from August 2004 - May 2005. When Dr. White received a Fulbright Scholarship, she and an American literature professor from a Slovak university 'exchanged' jobs. Dr. White lived in Banska Bystrica, a city of about 84,000 in central Slovakia. Although her students spoke English, very few of the townspeople did, and the living conditions were much different from those enjoyed in America. *Running Naked Through the Streets*, which refers to the utter helplessness and vulnerability she often felt, is neither an autobiography nor a travel book. Although Dr. White does include some interesting information for tourists, the crux of the book is how being so alone and dependent can encourage and even accelerate personal growth. It is told with a great deal of humor and honesty. Interwoven throughout the text are humorous essays recounting some of her bizarre adventures during the year, which range from belly dancing to marathon running, from inadvertently taking part in a Polish Confirmation ceremony to becoming the object of affection for a mentally challenged homeless man.

Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton,2018-01-31 Looking-Glass Wars: Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and television in the important period since 1960. From that date, the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema (the spy thriller), and of the new-style spy writing of John le Carré and Len Deighton (the espionage story). In the 1960s, there developed a popular cycle of spy thrillers in the cinema and on television. The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films. The study also brings new attention to espionage on British television and popular secret agent series such as Spy Trap, Quiller and The Sandbaggers. It also gives attention to the more 'realistic' representation of spying in the film and television adaptations of le Carré and Deighton, and other dramas with a more serious intent. In addition, there is wholly original attention given to 'nostalgic' spy fictions on screen, adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s, and to 'historical' spy fiction, dramas which treated 'real' cases of espionage and their characters, most notably the notorious Cambridge Spies. Detailed attention is also given to the 'secret state' thriller, a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light, best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service. The study is brought up-to-date with an examination of screen espionage in Britain since the end of the Cold War. The approach is empirical and historical. The study examines the production and reception, literary and historical contexts of the films and dramas. It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films, series and serials never previously considered.

PsychWard Maxwell Ruel,

Chasing the Runner's High Ray Charbonneau,2010-10-12 In Chasing the Runner's High, Ray Charbonneau tells the story how he pushed his addiction to running up to, and then past, his limits.

There are plenty of hard miles, but there's lots of fun along the way too as Ray shares what he learned, what he should have learned, and what he still has to learn from running. Marshall Ulrich, 4-time winner of the Badwater Ultramarathon and author of *Running on Empty*, calls *Chasing the Runner's High* a look at one man's life and obsession with running and addictive behaviors. Humorous at times, but always looking toward the greater good, Ray shares life's ups and downs and provides a hard look into the mind of a runner, offering advice that can only be had with experience and hard fought miles underfoot. Adena Schulzberg, winner of the 2006 Arkansas Marathon, writes, these are brutally honest tales, told with candor and frankness about strength, courage, obsession, desire and hard won understanding of self and sport. It's a great read for runners or for non-runners who want to understand their running friends. www.y42k.com/books/chasingtherunnershigh.html

The Naked Olympics Tony Perrottet, 2004-06-08 What was it like to attend the ancient Olympic Games? With the summer Olympics' return to Athens, Tony Perrottet delves into the ancient world and lets the Greek Games begin again. The acclaimed author of *Pagan Holiday* brings attitude, erudition, and humor to the fascinating story of the original Olympic festival, tracking the event day by day to re-create the experience in all its compelling spectacle. Using firsthand reports and little-known sources—including an actual Handbook for a Sports Coach used by the Greeks—*The Naked Olympics* creates a vivid picture of an extravaganza performed before as many as forty thousand people, featuring contests as timeless as the javelin throw and as exotic as the chariot race. Peeling away the layers of myth, Perrottet lays bare the ancient sporting experience—including the round-the-clock bacchanal inside the tents of the Olympic Village, the all-male nude workouts under the statue of Eros, and history's first corruption scandals involving athletes. Featuring sometimes scandalous cameos by sports enthusiasts Plato, Socrates, and Herodotus, *The Naked Olympics* offers essential insight into today's Games and an unforgettable guide to the world's first and most influential athletic festival. Just in time for the modern Olympic games to return to Greece this summer for the first time in more than a century, Tony Perrottet offers up a diverting primer on the Olympics of the ancient kind....Well researched; his sources are as solid as sources come. It's also well written....Perhaps no book of the season will show us so briefly and entertainingly just how complete is our inheritance from the Greeks, vulgarity and all. --The Washington Post

Sinatra in Hollywood Tom Santopietro, 2009-11-10 Hollywood legend, Academy Award-winning actor, and recipient of the Golden Globe Award for lifetime achievement in film, Frank Sinatra carved out one of the biggest careers in the history of Hollywood, yet paradoxically his screen legacy has been overshadowed by his extraordinary achievements as a singer and recording artist. Until now. With the publication of *Sinatra in Hollywood*, an analytical yet deeply personal look at the screen legend of Frank Sinatra, Sinatra's standing as a significant, indeed legendary, screen actor has now been placed in full perspective. Examining each of Sinatra's seventy film appearances in depth, Tom Santopietro traces the arc of his astonishing six-decade run as a film actor, from his rise to stardom in boy next door musical films like *Anchors Aweigh* and *On the Town*, through his fall from grace with legendary flops like *The Kissing Bandit*, to the near-mythic comeback with his Oscar-winning performance in *From Here to Eternity*. Laced throughout with Sinatra's own observations on his film work, *Sinatra in Hollywood* deals head-on with his tumultuous marriages to Ava Gardner and Mia Farrow and directly addresses the rumors of Mob involvement in Sinatra's Hollywood career. Ranging from the specifics of his controversial acting nickname of One Take Charlie to the iconic Rat Pack film *Ocean's Eleven*, from the groundbreaking performance in *The Manchurian Candidate* to the moving

and elegiac late-career roles as tough yet vulnerable detectives, the myths and personal foibles are stripped away, placing the focus squarely on the work. Oftentimes brilliant, occasionally off-kilter, but always compelling, Frank Sinatra, the film icon who registered as nothing less than emblematic of The American Century, here receives his full due as the serious artist he was, the actor about whom director Billy Wilder emphatically stated, Frank Sinatra is beyond talent.

Running Cultures John Bale, 2004 Bale brings running into the realm of the humanities by drawing on sources from literature, poetry, film and art as well as statistics and training manuals to highlight tensions, ambiguities and complexities lying beneath common notions of the sport.
