*Forza Italia* Paddy Agnew,2012-02-29 When journalist Paddy Agnew and his girlfriend Dympna touched down in Rome in 1985 in search of adventure, sunshine and the soul of Italian football (well, Paddy was looking for that), they were travelling into the uncharted terrain of a country they did not know and a language they did not speak. It soon became clear that neither Italy nor Italian football would be boring. In that first week in Italy, Michel Platini and Juventus won the Intercontinental Cup, whilst just days later the PLO killed 13 people in a random shooting at Rome's Fiumicino airport. Paddy covered both stories. The coming years saw the rise of TV tycoon Silvio Berlusconi, as he became owner of AC Milan and then Prime Minister of Italy, naming his political party 'Forza Italia' after a football chant. In that same period, Argentine Diego Maradona became the uncrowned King of Naples, leading Napoli to a first ever Scudetto title in 1987, notwithstanding a hectic, Hollywood-esque lifestyle that mixed footballing genius with off-the-field excess. Forza Italia is a fascinating tale of inspired players, skilled coaches, rich tycoons, glitzy media coverage, Mafia corruption, allegations of drug taking and fan power - culminating in the 2006 World Cup victory that delighted a nation and a match-fixing scandal that shocked the world. It is also a personalised reflection on the consistent and continuing excellence of Italian football throughout a period of huge social, political and economic upheaval, offering a unique insight into a society where football has always been much more than just a game.

**Racial Criminalization of Migrants in the 21st Century** Salvatore Palidda,2016-05-23 Over the last two decades in the West, there has been a significant increase in the arrest, imprisonment and detention of migrants. The racial criminalization and victimization of migrants and Roma people has led judicial authorities, local governments, the police, mass media and the general population to perceive migrants and 'gypsies' as responsible for a wide range of offences. Taking into consideration the political and cultural conditions that affect and interconnect societies of emigration and immigration, the contributors examine and compare a range of cases in Europe and the United States. The contributions demonstrate how the persecution of the 'current enemy' is the 'total political fact' of the 21st century in that it ensures consensus and business, or what might be termed the 'crime deal' of today. This provocative book has international appeal and will be a valuable resource for academics, researchers and policymakers with an interest in migration and social and ethnic control.

Napoli: Scudetto 33 Year Later Fabio Carbone,2023-04-28 ‘Scusate il ritardo’ (Sorry for the delay) is one of the slogans used by Napoli football fans to ironise about a Scudetto (Title) that Naples has been missing for 33 years. And ‘Napoli: Scudetto 33 Year Later’ – with subtitle ‘Sorry for the Delay’ – is the title of this photostory, in more than 150 shots, made to celebrate the third Scudetto long awaited by Neapolitans living in Naples, and by those cheering from the rest of Italy and the rest of the world where they work, hope and love. The photo story is a true itinerary through the neighbourhoods of Naples. There is no shortage of photos of Spaccanapoli, Via San Gregorio Armeno and other places of Naples' identity. All of the photos, however, show the city's historical places in the third Scudetto. So an SSC Napoli flag or banner is always present in the photos. And there is no lack of photographs taken in lesser-known places in Naples, but which are able to show all the deep love of this city for its football team. For the tourist, as well as a guide when visiting the historic quarters of Naples, ‘Napoli: Scudetto 33 Year Later’ is a digital souvenir with which to live and relive the historic moment (the wait lasted 33 years!). A souvenir to participate, with the citizens of Naples and the team, in the excitement of having won such an important sports competition after having waited so long for it. For those of you from Naples and its province, you can consider this digital book made up of photographs as a souvenir of the celebration for the third Scudetto to keep in your smartphone. For those neapolitans who are hundreds or thousands of kilometres away from Naples, the photographic ebook is a way to strengthen the bond with their city, with their land, and to experience even more intensely this event that has been awaited for 33 years: celebrating Napoli's Scudetto. A photo ebook, a guide, a digital souvenir, ‘Napoli: Scudetto 33 Year Later - Sorry for the Delay’, to download to your smartphone, iPhone or other mobile device, from all online ebook stores. **News Media and Hate Speech Promotion in Mediterranean Countries** Said Hung, Elias,Diaz, Julio Montero,2023-07-05 Expressions of hate are words or actions that are discriminatory, hostile, or violent to a person or group for racial, sexual, ideological, ethnic, or identity reasons. Such expressions contribute to an environment of prejudice and intolerance towards those who are targeted. The spread of hate speech has been exacerbated by the growth of social media networks, and dissemination strategies (e.g., astroturfing) are becoming increasingly complex. Although there has been an exponential increase in the study of hate speech in recent years, most methods have focused on the English language, limiting research of the phenomenon in other languages such as Spanish, Italian, and Portuguese. It is crucial to understand the role played by digital media and journalism in the dissemination, detection, and control of hate speech from current digital scenarios. News Media and Hate Speech Promotion in Mediterranean Countries provides relevant theoretical frameworks and the latest empirical research findings about hate speech studies including into prejudice and intolerance. Covering topics such as detecting hate speech, linguistic challenges, and the taxonomy of hate speech, this book is ideal for political decision makers, third-sector representatives, journalists, digital media professionals, and researchers.

**London's Urban Landscape** Christopher Tilley,2019-05-07 London's Urban Landscape is the first major study of a global city to adopt a materialist perspective and stress the significance of place and the built environment to the urban landscape. Edited by Christopher Tilley, the volume is inspired by phenomenological thinking and presents fine-grained ethnographies of the practices of everyday life in London. In doing so, it charts a unique perspective on the city that integrates ethnographies of daily life with an analysis of material culture. The first part of the volume considers the residential sphere of urban life, discussing in detailed case studies ordinary residential streets, housing estates, suburbia and London's mobile 'linear village' of houseboats. The second part analyses the public sphere, including ethnographies of markets, a park, the social rhythms of a taxi rank, and graffiti and street art. London's Urban Landscape returns us to the everyday lives of people and the manner in which they understand their lives. The deeply sensuous character of the embodied experience of the city is invoked in the thick descriptions of entangled relationships between people and places, and the paths of movement between them. What stories do door bells and house facades tell us about contemporary life in a Victorian terrace? How do antiques acquire value and significance in a market? How does living in a concrete megastructure relate to the lives of the people who dwell there? These and a host of other questions are addressed in this fascinating book that will appeal widely to all readers interested in London or contemporary urban life.

**Re-Mapping Centre and Periphery** Tessa Hauswedell,Axel Körner,Ulrich Tiedau,2019-03-25 Historians often assume a one-directional transmission of knowledge and ideas, leading to the establishment of spatial hierarchies defined as centres and peripheries. In recent decades, transnational and global history have contributed to a more inclusive understanding of intellectual and cultural exchanges that profoundly challenged the ways in which we draw our mental maps. Covering the early modern and modern periods, Re-Mapping Centre and Periphery investigates the asymmetrical and multi-directional structure of such encounters within Europe as well as in a global context.

Exploring subjects from the shores of the Russian Empire to nation-making in Latin America, the international team of contributors demonstrates how, as products of human agency, centre and periphery are conditioned by mutual dependencies; rather than representing absolute categories of analysis, they are subjective constructions determined by a constantly changing discursive context. Through its analysis, the volume develops and implements a conceptual framework for remapping centres and peripheries, based on conceptual history and discourse history. As such, it will appeal to a wide variety of historians, including transnational, cultural and intellectual, and historians of early modern and modern periods.

*Diego Maradona: The Last Interview* Melville House, 2022-10-25 A series of provocative, moving and illuminating interviews with (arguably) the greatest soccer player ever... Diego Armando Maradona's death on November 25, 2020, at the age of 60, was a death that had been foretold many times. Even when he was alive accounts of his life had a tragic register, of the kid from the slums whose magical talent on the soccer field was squandered by drug addiction. But his death allowed millions of people to ponder both the tragedy and triumph of his life, of a man who was arguably the world's greatest soccer player, who was also a champion for the world's poor. Adorned in the talismanic number 10 shirt that Maradona made his own while playing Boca Juniors, Barcelona, Napoli and Argentina, hundreds of thousands flocked to the presidential palace in Buenos Aires to pay their last respects; millions around the world were similarly moved, creating makeshift altars and murals in his honor. Vatican News called him "soccer's poet." The interviews collected in *Diego Maradona: The Last Interview* span the breadth of his life and career as a player, coach, and public figure, providing a panoramic and extremely candid accounting of his rollercoaster life, many translated into English for the first time. Included in the book are encounters with Pele and Gary Lineker, who Maradona played against in the 1986 England-Argentina game that sent shockwaves around the world. The book also features his reflections on his struggles with drug addiction, the highs and low of his experience playing for Napoli, his strong views on Lionel Messi, the governance of world soccer, and his worries about the impact of Covid on the world's poor. *Maradona: The Last Interview* is a fitting tribute to a complicated and brilliant soccer player who moved the world and changed the game of soccer forever. Introduction by Roger Bennett, the co-host of *Peacock's Men in Blazers* show

*Football Italia* Mark Doidge, 2015-05-21 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com). Football has undergone a period of transformation over the last thirty years. Despite these global processes, different national leagues have adapted in different ways. After an initial period of success directly after Italia '90, Italian football has gone through a period of sustained crisis. It has been blighted by financial mismanagement, corruption scandals and fan violence. This has impacted Italy's ability to compete on a global stage. *Football Italia* accounts for the development of Italian football in relation to the wider global transformations impacting football and addresses the reasons for Serie A's initial success and current malaise. Theoretically, this book locates Italian football within the wider power network of the state and how this has impacted political engagement. After an historical overview of the Italian political economy, *Football Italia* highlights how football is part of the wider political network. Football clubs are owned by powerful businessmen (and they are all men) who are also politicians. This centralisation of power within a small hegemonic group inhibits change. Within this broader structure, wider corruption scandals continue; from regular match-fixing scandals to doping. Meanwhile, stadiums are crumbling and police over-aggressive. It is within this context that we must place the fans. Both the ultras and supporters who attend official supporters' clubs are disaffected and without the power to change the status quo. Consequently, Italian football has been in decline throughout the 21st century.

**News from the Front** Jade C. Jamison, Nicki's a little older and wiser—so why isn't she happier? Nicki's life continues going through upheaval but she's determined to make it work, just as she's vowed to report everything she discovers, whether the citizens of Winchester want to know the truth or not. And, like a dog with a bone, she can't help but continue to pursue realtor-turned-politician Gina McCafferty as the woman persists in making her play for Winchester's open City Council seat. But Nicki is learning over and over again that there is more than meets the eye when it comes to her fair city. As she delivers the news from the front in the battleground of the town of Winchester, she senses she might be uncovering the pawns in a deadly game. Alliances are tested. Lines are drawn. And events are set in motion that will play out in deadly ways... PLEASE NOTE: This book was previously published in 2016 as LIES. Trigger warning: This book contains subject matter that may be disturbing for some readers. Due to language and content, this book is recommended for readers 18 and older. The Nicki Sosebee Stories are an interconnected series and should be read in order for maximum spoiler-free enjoyment.

*Sport, Violence and Society* Kevin Young, 2019-03-28 In this fully updated and revised new edition of his landmark study of violence in and around contemporary sport, Kevin Young offers a comprehensive sociological analysis of an issue of central importance within sport studies. The book explores organised and spontaneous violence, both on the field and off, and calls for a much broader definition of 'sports-related violence', to include issues as diverse as criminal behaviour by players, abuse within sport and exploitative labour practices. Offering a sophisticated theoretical framework for understanding violence in a sporting context and including new case studies and updated empirical data – from professional soccer in Europe to ice hockey in North America – the book establishes a benchmark for the study of violence within sport and wider society. Through close examination of often contradictory trends, from anti-violence initiatives in professional sports leagues to the role of the media in encouraging hyper-aggression, the book throws new light on our understanding of the socially-embedded character of sport and its fundamental ties to history, culture, politics, social class, gender and the law. This new edition also recognises burgeoning new literatures, such as research examining concussion and the link between sport and mental illness and includes student-friendly pedagogical aids, such as critical thinking questions at the end of each chapter. *Sport, Violence and Society* is a vital read for anyone studying or working in the areas of the Sociology of Sport, Sport Psychology, Ethics and Philosophy of Sport, Sport and Politics, Sports History, and Sport and the Media.

Susan, Linda, Nina & Cokie Lisa Napoli,2021-04-13 A group biography of four beloved women who fought sexism, covered decades of American news, and whose voices defined NPR In the years after the Civil Rights Act of 1964, women in the workplace still found themselves relegated to secretarial positions or locked out of jobs entirely. This was especially true in the news business, a backwater of male chauvinism where a woman might be lucky to get a foothold on the “women’s pages.” But when a pioneering nonprofit called National Public Radio came along in the 1970s, and the door to serious journalism opened a crack, four remarkable women came along and blew it off the hinges. Susan, Linda, Nina, and Cokie is journalist Lisa Napoli’s captivating account of these four women, their deep and enduring friendships, and the trail they blazed to becoming icons. They had radically different stories. Cokie Roberts was born into a political dynasty, roamed the halls of Congress as a child, and felt a tug toward public service. Susan Stamberg, who had lived in India with her husband who worked for the State Department, was the first woman to anchor a nightly news program and pressed for accommodations to balance work and home life. Linda Wertheimer, the daughter of shopkeepers in New Mexico, fought her way to a scholarship and a spot on-air. And Nina Totenberg, the network’s legal affairs correspondent, invented a new way to cover the Supreme Court. Based on extensive interviews and calling on the author’s deep connections in news and public radio, Susan, Linda, Nina, and Cokie will be as beguiling and sharp as its formidable subjects.

**Hacked Transmissions** Alessandra Renzi,2020-03-24 Mapping the transformation of media activism from the seventies to the present day Hacked Transmissions is a pioneering exploration of how social movements change across cycles of struggle and alongside technology. Weaving a rich fabric of local and international social movements and media practices, politicized hacking, and independent cultural production, it takes as its entry point a multiyear ethnography of Telestreet, a network of pirate television channels in Italy that combined emerging technologies with the medium of television to challenge the media monopoly of tycoon-turned-prime minister Silvio Berlusconi. Street televisions in Italy represented a unique experiment in combining old and new media to forge grassroots alliances, fight social isolation, and build more resilient communities. Alessandra Renzi digs for the roots of Telestreet in movements of the 1970s and the global activism of the 1990s to trace its transformations in the present work of one of the network’s more active nodes, insu^tv, in Naples. In so doing, she offers a comprehensive account of

transnational media activism, with particular attention to the relations among groups and projects, their modes of social reproduction, the contexts giving rise to them, and the technology they adopt—from zines and radios to social media. Hacked Transmissions is also a study in method, providing examples of co-research between activist researchers and social movements, and a theoretical framework that captures the complexities of grassroots politics and the agency of technology. Providing a rare and timely glimpse into a key activist/media project of the twenty-first century, Hacked Transmissions marks a vital contribution to debates in a range of fields, including media and communication studies, anthropology, science and technology studies, social movements studies, sociology, and cultural theory.
