Korea's Platform Empire Seongcheol Kim, Dal Yong Jin, 2024-06-07 *Korea's Platform Empire* explores the evolution of digital platforms in South Korea's media sphere, and their global political, economic, cultural, and technological influence. With a focus on Korea in the context of the global platform revolution, the book takes a methodical look at the broader social implications and the impact on cultural production. The authors explore various facets of the media and cultural industries—looking beyond social media to news broadcasting and the music industry—and look at the policy and regulations behind this shifting technological advancement. This book will appeal to students and scholars working on media industries, digital media, platform studies, information and technology studies, Korean and East Asian media studies, and the creative and cultural industries.

Understanding Korean Webtoon Culture Dal Yong Jin, 2023-11-20 Webtoons—a form of comic that are typically published digitally in chapter form—are the latest manifestation of the Korean Wave of popular culture that has increasingly caught on across the globe, especially among youth. Originally distributed via the Internet, they are now increasingly distributed through smartphones to ravenous readers in Korea and around the world. The rise of webtoons has fundamentally altered the Korean cultural market due to the growth of transmedia storytelling—the flow of a story from the original text to various other media platforms, such as films, television, and digital games—and the convergence of cultural content and digital technologies. Fans can enjoy this content anytime and anywhere, either purely as webtoons or as webtoon-based big-screen culture. *Understanding Korean Webtoon Culture* analyzes webtoons through the lens of emerging digital cultures and discusses relevant cultural perspectives by combining two different, yet connected approaches, political economy and cultural studies. The book demonstrates the dynamics between structural forces and textual engagement in global media flows, and it illuminates snack-culture and binge-reading as two new forms of digital culture that webtoon platforms capitalize on to capture people's shifting media consumption.

[Calendar of Select Pleas and Memoranda of the City of London](#) A. H. Thomas, 2015-01-29 Originally published in 1932, this book presents a selection of the pleas and memoranda preserved among the archives of the City of London, roughly covering the period between 1381 and 1412. Written during an important period of the City's development, they throw considerable light on municipal law and legal custom. Detailed notes are incorporated throughout, together with indexes of names, places and subjects. A comprehensive editorial introduction is also provided. This book will be of value to anyone with an interest in the history of London and the development of the English legal system.
