Darren Henley

The Michigan University Song Book Franklin Allan Wagner,1904

The Story Of Naxos Nicolas Soames,2012-05-03 In 1987, a budget classical record label was started in Hong Kong by Klaus Heymann, a German businessman who loved classical music. Swiftly, it gained a world wide reputation for reliable new digital recordings of the classics at a remarkably low price. Despite opposition from the classical record establishment, it grew at a remarkable pace, and soon expanded into opera, early music, contemporary music and specialist repertoire so that it became appreciated by specialist collectors as well as the general music lover. It is now the leading provider of classical music and as an innovator in digital delivery. At the heart of Naxos is one man: Klaus Heymann. The combination of his broad knowledge of classical music and his acute business acumen has enabled him to build the most varied classical music label in the world, but also the most effective distribution network to ensure that his recordings are available everywhere. This fascinating story explains how it happened, how a one-time tennis coach in Frankfurt became a classical recording mogul in Hong Kong and how, at the age of 75, he still holds the reins as firmly as ever.

Discover Music of the Classical Era Stephen Johnson, 2007 In music, the period from the middle of the eighteenth century to the beginning of the nineteenth is usually referred to as the 'Classical' Era. This was a period in which the art, literature and architecture of Ancient Greece and Rome were being rediscovered and re-evaluated, which in turn strongly influenced the 'modern' art of the time. But this was also a period of immense social change and political unrest, with challenges to the old established order culminating in the French Revolution of 1789. *Discover Music of the Classical Era* shows how all this was reflected in the music written during those turbulent but also intensely creative years.

Joan Boytim, who has emerged as the nationally recognized expert in the field of teaching pre-collegiate voice, has done exhaustive research in preparing these volumes.
