How Do I Un-Remember This? Danny Pellegrino, 2022-03-08 Instant New York Times Bestseller From the host of Everything Iconic with Danny Pellegrino comes a collection of stories you'll be glad didn't happen to you. Think of the most embarrassing thing that's ever happened to you. Was it the time your high school cheer squad taunted you in front of the entire town? Was it the time your best friend's mom caught you streaking in all your naked, self-conscious glory? What about the time you accidentally threw a tooth at your dry cleaner or took an urn into Kohl's for some holiday shopping? For Danny Pellegrino, the answer is all of the above. Growing up as a closeted gay kid in small-town Ohio wasn't easy, and Danny has the stories to prove it. But coming of age in the 90s still meant something magical to Danny. The music, film, and celebrity moments of his youth were truly iconic, and his love for all things pop culture connected him to a world larger than the one he knew in the suburban Midwest. And through all the pains of growing up, Danny could always look to that world for hope—whether that meant bingeing *The Nanny* until he had the confidence of Fran Fine, belting out Brandy songs until his heartaches were healed, or watching semi-clothed Ryan Phillippe scenes until his cheeks burned from blushing. With refreshing honesty and jaw-dropping absurdity, Danny invites readers to experience his most formative moments in life—from his hometown in Ohio to his hit podcast and career in entertainment today. *How Do I Un-Remember This?* is an unfiltered and all-too-relatable glimpse into Danny's life and the heartfelt and hilarious moments that shaped it. Although he wouldn't change them for the world, these stories are—unfortunately—true.

American Crisis Andrew Cuomo, 2020-10-13 NEW YORK TIMES BESTSELLER • Governor Andrew Cuomo tells the riveting story of how he took charge in the fight against COVID-19 as New York became the epicenter of the pandemic, offering hard-won lessons in leadership and his vision for the path forward. “An impressive road map to dealing with a crisis as serious as any we have faced.”—The Washington Post When COVID-19 besieged the United States, New York State emerged as the global “ground zero” for a deadly contagion that threatened the lives and livelihoods of millions. Quickly, Governor Andrew Cuomo provided the leadership to address the threat, becoming the standard-bearer of the organized response the country desperately needed. With infection rates spiking and more people dying every day, the systems and functions necessary to combat the pandemic in New York—and America—did not exist. So Cuomo undertook the impossible. He unified people to rise to the challenge and was relentless in his pursuit of scientific facts and data. He quelled fear while implementing an extraordinary plan for flattening the curve of infection. He and his team worked day and night to protect the people of New York, despite roadblocks presented by a president incapable of leadership and addicted to transactional politics. Taking readers beyond the candid daily briefings that became must-see TV across the globe, and providing a dramatic, day-by-day account of the catastrophe as it unfolded, *American Crisis* presents the intimate and inspiring thoughts of a leader at an unprecedented historical moment. In his own voice, Andrew Cuomo chronicles the ingenuity and sacrifice required of so many to fight the pandemic, sharing the decision-making that shaped his policy as well as his frank accounting and assessment of his interactions with the federal government, the White House, and other state and local political and health officials. Real leadership, he shows, requires clear communication, compassion for others, and a commitment to truth-telling—no matter how frightening the facts may be. Including a game plan for what we as individuals—and as a nation—need to do to protect ourselves against this disaster and those to come, *American Crisis* is a remarkable portrait of selfless leadership and a gritty story of difficult choices that points the way to a safer future for all of us.

Unbelievable Katy Tur, 2017-09-12 NEW YORK TIMES BESTSELLER “Compelling... this book couldn't be more timely.” - Jill Abramson, New York Times Book Review From the Recipient of the 2017 Walter Cronkite Award for Excellence in Journalism Called disgraceful, third-rate, and not nice by Donald Trump, NBC News correspondent Katy Tur reported on—and took flak from—the most captivating and volatile presidential candidate in

American history. Katy Tur lived out of a suitcase for a year and a half, following Trump around the country, powered by packets of peanut butter and kept clean with dry shampoo. She visited forty states with the candidate, made more than 3,800 live television reports, and tried to endure a gazillion loops of Elton John's Tiny Dancer—a Trump rally playlist staple. From day 1 to day 500, Tur documented Trump's inconsistencies, fact-checked his falsities, and called him out on his lies. In return, Trump repeatedly singled Tur out. He tried to charm her, intimidate her, and shame her. At one point, he got a crowd so riled up against Tur, Secret Service agents had to walk her to her car. None of it worked. Facts are stubborn. So was Tur. She was part of the first women-led politics team in the history of network news. The Boys on the Bus became the Girls on the Plane. But the circus remained. Through all the long nights, wild scoops, naked chauvinism, dodgy staffers, and fevered debates, no one had a better view than Tur. Unbelievable is her darkly comic, fascinatingly bizarre, and often scary story of how America sent a former reality show host to the White House. It's also the story of what it was like for Tur to be there as it happened, inside a no-rules world where reporters were spat on, demeaned, and discredited. Tur was a foreign correspondent who came home to her most foreign story of all. Unbelievable is a must-read for anyone who still wakes up and wonders, Is this real life?

After Cooling Eric Dean Wilson, 2022-07-19 This "ambitious [and] delightful" (The New York Times) work of literary nonfiction interweaves the science and history of the powerful refrigerant (and dangerous greenhouse gas) Freon with a haunting meditation on how to live meaningfully and morally in a rapidly heating world. In *After Cooling*, Eric Dean Wilson braids together air-conditioning history, climate science, road trips, and philosophy to tell the story of the birth, life, and afterlife of Freon, the refrigerant that ripped a hole larger than the continental United States in the ozone layer. As he traces the refrigerant's life span from its invention in the 1920s—when it was hailed as a miracle of scientific progress—to efforts in the 1980s to ban the chemical (and the resulting political backlash), Wilson finds himself on a journey through the American heartland, trailing a man who buys up old tanks of Freon stockpiled in attics and basements to destroy what remains of the chemical before it can do further harm. Wilson is at heart an essayist, looking far and wide to tease out what particular forces in American culture—in capitalism, in systemic racism, in our values—combined to lead us into the Freon crisis and then out. "Meticulously researched and engagingly written" (Amitav Ghosh), this "knockout debut" (New York Journal of Books) offers a rare glimpse of environmental hope, suggesting that maybe the vast and terrifying problem of global warming is not beyond our grasp to face.

Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all

on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once again, I was wowed by Towles’s writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero’s journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” – Bill Gates

West of Kabul, East of New York Tamim Ansary, 2003-03-01 A passionate personal journey through two cultures in conflict Shortly after militant Islamic terrorists destroyed the World Trade Center, Tamim Ansary of San Francisco sent an e-mail to twenty friends, telling how the threatened U.S. reprisals against Afghanistan looked to him as an Afghan American. The message spread, and in a few days it had reached, and affected, millions of people-Afghans and Americans, soldiers and pacifists, conservative Christians and talk-show hosts; for the message, written in twenty minutes, was one Ansary had been writing all his life. *West of Kabul, East of New York* is an urgent communiqué by an American with an Afghan soul still inside me, who has lived in the very different worlds of Islam and the secular West. The son of an Afghan man and the first American woman to live as an Afghan, Ansary grew up in the intimate world of Afghan family life, one never seen by outsiders. No sooner had he emigrated to San Francisco than he was drawn into the community of Afghan expatriates sustained by the dream of returning to their country -and then drawn back to the Islamic world himself to discover the nascent phenomenon of militant religious fundamentalism. Tamim Ansary has emerged as one of the most eloquent voices on the conflict between Islam and the West. His book is a deeply personal account of the struggle to reconcile two great civilizations and to find some point in the imagination where they might meet.

Empty Mansions Bill Dedman, Paul Clark Newell, Jr., 2014-04-22 #1 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Janet Maslin, The New York Times • St. Louis Post-Dispatch When Pulitzer Prize-winning journalist Bill Dedman noticed in 2009 a grand home for sale, unoccupied for nearly sixty years, he stumbled through a surprising portal into American history. *Empty Mansions* is a rich mystery of wealth and loss, connecting the Gilded Age opulence of the nineteenth century with a twenty-first-century battle over a \$300 million inheritance. At its heart is a reclusive heiress named Huguette Clark, a woman so secretive that, at the time of her death at age 104, no new photograph of her had been seen in decades. Though she owned palatial homes in California, New York, and Connecticut, why had she lived for twenty years in a simple hospital room, despite being in excellent health? Why were her valuables being sold off? Was she in control of her fortune, or controlled by those managing her money? Dedman has collaborated with Huguette Clark's cousin, Paul Clark Newell, Jr., one of the few relatives to have frequent conversations with her. Dedman and Newell tell a fairy tale in reverse: the bright, talented daughter, born into a family of extreme wealth and privilege, who secrets herself away from the outside world. Huguette was the daughter of self-made copper industrialist W. A. Clark, nearly as rich as Rockefeller in his day, a controversial senator, railroad builder, and founder of Las Vegas. She grew up in the largest house in New York City, a remarkable dwelling with 121 rooms for a family of four. She owned paintings by Degas and Renoir, a world-renowned Stradivarius violin, a vast collection of antique dolls. But wanting more than treasures, she devoted her wealth to buying gifts for friends and strangers alike, to quietly pursuing her own work as an artist, and to guarding the privacy she valued above all else. The Clark family story spans nearly all of American history in three generations, from a log cabin in Pennsylvania to mining camps in the Montana gold rush, from backdoor politics in Washington to a distress call from an elegant Fifth Avenue apartment. The same Huguette who was touched by the terror attacks of 9/11 held a ticket nine decades earlier for a first-class stateroom on the second voyage of the Titanic. *Empty Mansions* reveals a complex portrait of the mysterious Huguette and her intimate circle. We meet her extravagant father, her publicity-shy mother, her star-crossed sister, her French boyfriend, her nurse who received more

than \$30 million in gifts, and the relatives fighting to inherit Huguette's copper fortune. Richly illustrated with more than seventy photographs, *Empty Mansions* is an enthralling story of an eccentric of the highest order, a last jewel of the Gilded Age who lived life on her own terms.

Women in Television News Revisited Judith Marlane, 1999 Women in television news have made great strides in the past twenty-five years. No longer limited to being the token pretty face on the nightly newscast, women have taken their places as working journalists in newsrooms, on the campaign trail, in war zones, and in the highest echelons of network news management. Barbara Walters and Connie Chung have even occupied the coveted network anchor's chair, if only briefly. In this book, 70 of the foremost women in television news reflect on their professional successes, the personal and professional sacrifices that often bought those successes, and the barriers that still confront women in the news business. Weaving their interviews into a compelling text, Judith Marlane covers a wide range of issues, including looks versus ability and experience, sexual harassment, the resistance to women news anchors, the difficulties of balancing work and family life, women's and men's salaries, and the willingness of women to help other women in the business. This book builds from Marlane's 1976 work, *Women in Television News*. Interviews with many of the same women highlight the gains that women have made in broadcast journalism. Simultaneously, Marlane has expanded her range of informants to include fifteen of America's most famous male anchors and correspondents to gather their assessments of the role of women in broadcasting today.

All Things Possible Andrew M. Cuomo, 2014-10-14 In this frank memoir—a story of duty, family, justice, politics, and resilience—Andrew Cuomo, New York State's fifty-sixth governor, reflects on his rise, fall, and rise again in politics, and the tough (but necessary) lessons he has learned along the way. Born to first-generation American parents in the working-class neighborhood of Queens, New York, Andrew M. Cuomo grew up in a family anchored by a shared belief in community, hard and honest work, and helping others. His father, Mario, led by example, as a tireless advocate for local residents, instilling in his son a passion for public service. From stapling up posters as a sixteen-year-old during his father's first political campaign to managing at twenty-five Mario's successful 1982 bid for New York State governor, Andrew Cuomo witnessed at a young age the power of politics to effect change for the common good. These experiences, reinforced by deeply held personal values, guided him, from novice campaign manager to visionary reform crusader to Clinton cabinet member—at thirty-nine—to groundbreaking governor of his home state. Laying out his unique approach to challenging the status quo, *All Things Possible* is not a traditional political memoir, but rather one man's revelatory reflection on a life defined by a commitment to public service, and the hard-won truths gleaned from both his struggles and his successes. In recounting his uphill battles to redefine the way America deals with homelessness, rehabilitate the legislative process in Albany, and bring marriage equality to New York, Cuomo presents an inspiring blueprint for greater political cooperation and efficacy. He also unflinchingly examines his failed 2002 gubernatorial bid, which heralded a dark period of political and personal turmoil, to illustrate why failure is inextricably bound up with success, why we should never forget where we come from, and the importance of balancing personal and professional commitments. And he proves, through all that he's achieved since his victory in the 2010 election, that our biggest triumphs lie not in never falling, but in rising every time we fall. With 16-pages of color and black and white photos
