Grafica Della Strada Louise Fili,2014-09-02 For more than three decades, renowned graphic designer and self-described Italophile Louise Fili has traveled the cities and countryside of Italy cataloging the work of sign craftsmen in whose hands type takes on new life with a tantalizing menu of styles. Classical, eclectic, or Futurist; in gold leaf, marble, brass, wood, wrought iron, enamel, ceramic, or neon; painted, carved, inlaid, etched, tiled, or stenciled— the creative possibilities are endless. *Grafica della Strada* is Fili's photographic diary of hundreds of Italy's most inventive restaurant, shop, hotel, street, and advertising signs. Last Seen Sara Shepard,2018-11-04 When you make a deal with the devil . . . Someone will get burned. Shy and musically gifted nine-year-old Damien Dover went missing from his home in the Catskills two months ago. The trail has gone cold, with no new leads. When the killer they know all too well tasks Seneca, Maddox, and Madison with solving the case and finding the boy, they can't imagine what his interest in the tragedy could be. But with Aerin kidnapped and at the twisted mastermind's mercy, her friends have no choice but to play his game and try to solve the puzzle. As the three amateur sleuths hit the Jersey Shore to gather clues, they begin to uncover the true background of the killer, and the horrors that shaped him into who he is. The scavenger hunt leads them to a serial criminal, a former victim, and dark secrets they could never have seen coming. Aerin struggles to play nice with the person who killed her sister while her friends work feverishly against the ticking clock to save her life. Every clue they uncover leads them closer to Aerin--and to the killer. But will he really let Aerin go... or does he have one more murderous surprise in store? With nail-biting suspense, twisted secrets, and nonstop action, this final installment in #1 New York Times best-selling author Sara Shepard's *The Amateurs* series will shock even the savviest of readers with its big reveal.

The Bloomsbury Handbook of the Anthropology of Sound Holger Schulze,2020-12-10 The Bloomsbury Handbook of the Anthropology of Sound presents the key subjects and approaches of anthropological research into sound cultures. What are the common characteristics as well as the inconsistencies of living with and around sound in everyday life? This question drives research in this interdisciplinary area of sound studies: it propels each main chapter of this handbook into a thoroughly different world of listening, experiencing, receiving, sensing, dreaming, naming, desiring, and crafting sound. This handbook is composed of six sections: sonic artifacts; sounds and the body;

habitat and sound; sonic desires; sounds and machines; and overarching sensologies. The individual chapters explore exemplary research objects and put them in the context of methodological approaches, historical predecessors, research practices, and contemporary research gaps. This volume offers therefore one of the broadest, most detailed, and instructive overviews on current research in this area of sensory anthropology.

I Need My Monster Amanda Noll,2017-09-13 This enhanced eBook features read-along narration. A unique monster-under-the-bed story with the perfect balance of giggles and shivers, this picture book relies on the power of humor over fear, appeals to a child's love for creatures both alarming and absurd, and glorifies the scope of a child's imagination. One night, when Ethan checks under his bed for his monster, Gabe, he finds a note from him instead: Gone fishing. Back in a week. Ethan knows that without Gabe's familiar nightly scares he doesn't stand a chance of getting to sleep, so Ethan interviews potential substitutes to see if they've got the right equipment for the job—pointy teeth, sharp claws, and a long tail—but none of them proves scary enough for Ethan. When Gabe returns sooner than expected from his fishing trip, Ethan is thrilled. It turns out that Gabe didn't enjoy fishing because the fish scared too easily.

Brown Richard Rodriguez,2003-03-25 In this dazzling memoir, Richard Rodriguez reflects on the color brown and the meaning of Hispanics to the life of America today. Rodriguez argues that America has been brown since its inception—since the moment the African and the European met within the Indian eye. But more than simply a book about race, Brown is about America in the broadest sense—a look at what our country is, full of surprising observations by a writer who is a marvelous stylist as well as a trenchant observer and thinker.

White Noise Don DeLillo,1999-06-01 A brilliant satire of mass culture and the numbing effects of technology, White Noise tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an airborne toxic event that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.
