The Binge Watcher's Guide to The Twilight Zone: An Unofficial Journey Jacob Trussell,2021-05-10 “You unlock this door with the key of imagination. Beyond it is another dimension—a dimension of sound, a dimension of sight, a dimension of mind.” There are a lot of compendiums on The Twilight Zone out there, most offering a backstage peek at the ins and outs of producing this seminal genre series. The Binge Watcher’s Guide to The Twilight Zone will offer you something these other books do not: a microscopic look into the themes and ideas that Rod Serling weaved into his landmark show to give you a deeper understanding of why The Twilight Zone still resonates with audiences over 60 years later. This guide will examine how the socio-political turmoil of the early 1960s, the global anxiety over nuclear power, and the looming specter of trauma in post-war America influenced Serling to use The Twilight Zone as a bully pulpit, pushing back against social ills, from racism and censorship to McCarthyism and totalitarianism. Whether this is your first trip to the Zone or you’re an old fan returning for one more round, this retrospective is an opportunity to engage with the timeless classic in a way that can help you make sense of our here and now. “You're moving into a land of both shadow and substance, of things and ideas. You've just crossed over into the Twilight Zone.”

Unlocking the Love-Lock Ceri Houlbrook,2021-01-13 Explores the worldwide popularity of the love-lock as a ritual token of love and commitment by considering its history, symbolism, and heritage. “[T]his is an eminently enjoyable and thorough investigation of a popular phenomenon through the lens of heritage and folk tradition.”—Sara De Nardi, Western Sydney University A padlock is a mundane object, designed to fulfil a specific – and secular – purpose. A contemporary custom has given padlocks new significance. This custom is ‘love-locking’, where padlocks are engraved with names and attached to bridges in declaration of romantic commitment. This custom became popular in the 2000s, and its dissemination was rapid, geographically unbound, and highly divisive, with love-locks emerging in locations as diverse as Paris and Taiwan; New York and Seoul; Melbourne and Moscow. From the introduction: I was distractedly perusing the photo frame aisle, my eyes skimming the generically sentimental stock pictures of happy families smiling at the camera, pretty landscapes, cute pets and couples walking hand-in-hand, when I came across one that jumped out at me.... I recognised the image instantly as a photograph of love-locks: the padlocks that had been appearing en masse on bridges and other public structures on a global scale since the early 2000s. And, having been researching the custom known as lovelocking for about five years at that point, it was with a peculiar sense of pride that I realised love-locks had accomplished the status of a stock image.
