Singled Out Andrew Maraniss,2021-03-02 *[An] excellent exercise in narrative nonfiction. --Booklist (starred review) From New York Times bestselling author Andrew Maraniss comes the remarkable true story of Glenn Burke, a hidden figure in the history of sports: the inventor of the high five and the first openly gay MLB player. Perfect for fans of Steve Sheinkin and Daniel James Brown. On October 2nd, 1977, Glenn Burke, outfielder for the Los Angeles Dodgers, made history without even swinging a bat. When his teammate Dusty Baker hit a historic home run, Glenn enthusiastically congratulated him with the first ever high five. But Glenn also made history in another way--he was the first openly gay MLB player. While he did not come out publicly until after his playing days were over, Glenn's sexuality was known to his teammates, family, and friends. His MLB career would be cut short after only three years, but his legacy and impact on the athletic and LGBTQIA+ community would resonate for years to come. New York Times bestselling author Andrew Maraniss tells the story of Glenn Burke: from his childhood growing up in Oakland, his journey to the MLB and the World Series, the joy in discovering who he really was, to more difficult times: facing injury, addiction, and the AIDS epidemic. Packed with black-and-white photographs and thoroughly researched, never-before-seen details about Glenn's life, *Singled Out* is the fascinating story of a trailblazer in sports--and the history and culture that shaped the world around him. Praise for *Singled Out*: A compelling narrative . . . This is a meticulously researched history of the ways queer culture in the '70s intersected with baseball, Blackness, and larger culture wars, with one man at their center. --Kirkus Reviews

The Forgotten First Keyshawn Johnson,Bob Glauber,2021-09-21 The unknown story of the Black pioneers who collectively changed the face of the NFL in 1946. THE FORGOTTEN FIRST chronicles the lives of four incredible men, the racism they experienced as Black players entering a segregated sport, the burden of expectation they carried, and their many achievements, which would go on to affect football for generations to come. More than a year before Jackie Robinson broke the color barrier in Major League Baseball, there was another seismic moment in pro sports history. On March 21,1946, former UCLA star running back Kenny Washington--a teammate of Robinson's in college--signed a contract with the Los Angeles Rams. This ended one of the most shameful periods in NFL history, when African-American players were banned from league play. Washington would not be alone in serving as a pioneer for NFL integration. Just months after he joined the Rams, thanks to a concerted effort by influential Los Angeles political and civic leaders, the team signed Woody Strode, who played with both Washington and Robinson at UCLA in one of the most celebrated backfields in college sports history. And that same year, a little-known coach named Paul Brown of the fledgling Cleveland Browns signed running back Marion Motley and defensive lineman Bill Willis, thereby integrating a startup league that would eventually merge with the NFL. THE FORGOTTEN FIRST tells the story of one of the most significant cultural shifts in pro football history, as four men opened the door to opportunity and changed the sport forever.

The Rise of Wolf 8 Rick McIntyre, 2019-10-15 "The powerful origin story of one of Yellowstone's greatest and most famous wolves." –Washington Post "[The Rise of Wolf 8] is a goldmine for information on all aspects of wolf behavior and clearly shows they are clever, smart, and emotional beings." –Marc Bekoff, Psychology Today
Yellowstone National Park was once home to an abundance of wild wolves—but park rangers killed the last of their kind in the 1920s. Decades later, the rangers brought them back, with the first wolves arriving from Canada in 1995. This is the incredible true story of one of those wolves. Wolf 8 struggles at first—he is smaller than the other pups, and often bullied—but soon he bonds with an alpha female whose mate was shot. An unusually young alpha male, barely a teenager in human years, Wolf 8 rises to the occasion, hunting skillfully, and even defending his family from the wolf who killed his father. But soon he faces a new opponent: his adopted son, who mates with a violent alpha female. Can Wolf 8 protect his valley without harming his protégé? Authored by a renowned wolf researcher and gifted storyteller, *The Rise of Wolf 8* marks the beginning of *The Alpha Wolves of Yellowstone* series, which will transform our view of wolves forever.

A Game of Birds and Wolves Simon Parkin, 2020-01-28 As heard on the New Yorker Radio Hour: The triumphant and engaging history (The New Yorker) of the young women who devised a winning strategy that defeated Nazi U-boats and delivered a decisive victory in the Battle of the Atlantic. By 1941, Winston Churchill had come to believe that the outcome of World War II rested on the battle for the Atlantic. A grand strategy game was devised by Captain Gilbert Roberts and a group of ten Wrens (members of the Women's Royal Naval Service) assigned to his team in an attempt to reveal the tactics behind the vicious success of the German U-boats. Played on a linoleum floor divided into painted squares, it required model ships to be moved across a make-believe ocean in a manner reminiscent of the childhood game, Battleship. Through play, the designers developed Operation Raspberry, a counter-maneuver that helped turn the tide of World War II. Combining vibrant novelistic storytelling with extensive research, interviews, and previously unpublished accounts, Simon Parkin describes for the first time the role that women played in developing the Allied strategy that, in the words of one admiral, contributed in no small measure to the final defeat of Germany. Rich with unforgettable cinematic detail and larger-than-life characters, *A Game of Birds and Wolves* is a heart-wrenching tale of ingenuity, dedication, perseverance, and love, bringing to life the imagination and sacrifice required to defeat the Nazis at sea.
