Sascha Stronach

TechGnosis Erik Davis, 2015-03-17 *TechGnosis* is a cult classic of media studies that straddles the line between academic discourse and popular culture; it appeals to both those secular and spiritual, to fans of cyberpunk and hacker literature and culture as much as new-thought adherents and spiritual seekers How does our fascination with technology intersect with the religious imagination? In *TechGnosis*—a cult classic now updated and reissued with a new afterword—Erik Davis argues that while the realms of the digital and the spiritual may seem worlds apart, esoteric and religious impulses have in fact always permeated (and sometimes inspired) technological communication. Davis uncovers startling connections between such seemingly disparate topics as electricity and alchemy; online roleplaying games and religious and occult practices; virtual reality and gnostic mythology; programming languages and Kabbalah. The final chapters address the apocalyptic dreams that haunt technology, providing vital historical context as well as new ways to think about a future defined by the mutant intermingling of mind and machine, nightmare and fantasy.

The Lives of Dax Marco Palmieri, 2002-12-31 This enthralling collection centers around the unique alien Trill called Dax, who has lived many lives and experienced untold adventures through the many hosts it has inhabited. Features the work of such popular Star Trek authors as S.D. Perry, Kristine Kathryn Rusch, L.A. Graf, and Michael Jan Friedman.

Star Trek, where No One Has Gone Before Jeanne M. Dillard, 1996 The ultimate Star Trek visual history, complete with personal accounts, anecdotes, and full-color photos, this entertaining, informative book provides a behind-the-scenes glimpse of the world of Star Trek, and includes essays by the late master of science fiction, Isaac Asimov.

When the Sparrow Falls Neil Sharpson, 2021-06-29 Life in the Caspian Republic has taught Agent Nikolai South two rules.

Trust No One. And work just hard enough not to make enemies. Here, in the last sanctuary for the dying embers of the human race in a world run by artificial intelligence, if you stray from the path—your life is forfeit. But when a Party propagandist is killed—and is discovered as a “machine”—he’s given a new mission: chaperone the widow, Lily, who has arrived to claim her husband’s remains. But when South sees that she, the first “machine” ever allowed into the country, bears an uncanny resemblance to his late wife, he’s thrown into a maelstrom of betrayal, murder, and conspiracy that may bring down the Republic for good. **WHEN THE SPARROW FALLS** illuminates authoritarianism, complicity, and identity in the digital age, in a page turning, darkly-funny, frightening and touching story that recalls Philip K. Dick, John le Carré and Kurt Vonnegut in equal measure. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Billboard ,1996-06-15 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Macworld ,1996

Popular Science ,2004-12 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Quit Like a Woman Holly Whitaker,2019-12-31 NEW YORK TIMES BESTSELLER • “An unflinching examination of how our drinking culture hurts women and a gorgeous memoir of how one woman healed herself.”—Glennon Doyle, #1 New York Times bestselling author of Untamed “You don’t know how much you need this book, or maybe you do. Either way, it will save your

life.”—Melissa Hartwig Urban, Whole30 co-founder and CEO The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. We live in a world obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol’s ubiquity—in fact, the only thing ever questioned is why someone doesn’t drink. It is a qualifier for belonging and if you don’t imbibe, you are considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What’s more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don’t need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, *Quit Like a Woman* is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in

order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

MacUser, 1993

Ethnic American Literature Emmanuel S. Nelson, 2015-02-17

Unlike any other book of its kind, this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature. This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American, Asian American, Latino/a, and Native American literary traditions, among others. The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non-European descent and highlighting the ethnic diversity of works from the colonial era to the present. The work features engaging topics like the civil rights movement, bilingualism, assimilation, and border narratives. Entries provide historical overviews of literary periods along with profiles of major authors and great works, including Toni Morrison, Maxine Hong Kingston, Maya Angelou, Sherman Alexie, *A Raisin in the Sun*, *American Born Chinese*, and *The House on Mango Street*. The book also provides concise overviews of genres not often featured in textbooks, like the Chinese American novel, African American young adult literature, Mexican American autobiography, and Cuban American poetry.

Phasers on Stun! Ryan Britt, 2022-05-31 An Esquire Best Book of 2022! Written with inside access, comprehensive research, and a down-to-earth perspective, *Phasers on Stun!* chronicles the entire history of Star Trek, revealing that its enduring place in pop culture is all thanks to innovative pivots and radical change. For over five decades, the heart of Star Trek's pro-science, anti-racist, and inclusive messaging has been its willingness to take big risks. Across thirteen feature films, and twelve TV series—including five shows currently airing or in production—the brilliance of Star Trek is in its endless ability to be rethought, rebooted, and remade. Author and Star Trek expert Ryan Britt charts an approachable and

entertaining course through Star Trek history; from its groundbreaking origins amid the tumultuous 1960s, to its influence on diversifying the space program, to its contemporary history-making turns with LGBTQ+ representation, this book illuminates not just the behind-the-scenes stories that shaped the franchise but the larger meaning of the Final Frontier. Featuring over 100 exclusive interviews with actors and writers across all the generations, including Walter Koenig, LeVar Burton, Dorothy Fontana, Brent Spiner, Ronald D. Moore, Jeri Ryan, and many more, Britt gets the inside story on all things Trek, like Spock's evolution from red devil to the personification of logical empathy, the near failure to launch of The Next Generation in 1987, and how Trekkie outrage has threatened to destroy the franchise more than once. The book also dives deep with creators like Michael Chabon (co-creator of Star Trek: Picard) and Nicholas Meyer (director, The Wrath of Khan). These interviews extend to the bleeding edge of contemporary Star Trek, from Discovery to Picard to Lower Decks, and even the upcoming highly anticipated 2022 series, Strange New Worlds. For fans who know every detail of each Enterprise bridge, to a reader who has never seen a single minute of any Star Trek, this book aims to entertain, inform, and energize. Through humor, insight, archival research, and unique access, this journey through the Star Trek universe isn't just about its past but a definitive look at its future.

They Called Us Enemy - Expanded Edition George Takei, Justin Eisinger, Steven Scott, 2020-08-26 The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find

his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten relocation centers, hundreds or thousands of miles from home, where they would be held for years under armed guard. *THEY CALLED US ENEMY* is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

Congressional Record United States. Congress, 1958

The Star Trek Compendium Allan Asherman, 1993 Revised and updated to include material from *Star Trek VI - The undiscovered country*.

Moving Images John Fullerton, Astrid Söderbergh

Widding, 2000-06-22 In 1888, Thomas Edison announced that he was experimenting on an instrument which does for the eye what the phonograph does for the ear, which is the recording and reproduction of things in motion. Just as Edison's investigations were framed in terms of the known technologies of the phonograph and the microscope, the essays in this collection address the contexts of innovation and reception that have framed the development of moving images in the last 100 years. Three concerns are of particular interest: the contexts of innovation and reception for moving image technologies; the role of the observer, whose vision and cognitive processes define some of the limits of inquiry and epistemological insight; and the role of new media, which, engaging with the domestic sphere as cultural interface, are transforming our understanding of public and private spheres. The 17 previously unpublished essays in *Moving Images* represent

the best of current research in the history of this field. They make a timely and stimulating contribution to debates concerning the impact of new media on the history of cinema. Contributors include: William Boddy, Carlos Bustamante, Warren Buckland, Valeria Camporesi, Bent Fausing, Oliver Gaycken, Alison Griffiths, Christopher Hales, Jan Holmberg, Solveig Jülich, Frank Kessler, Jay Moman, Sheila C. Murphy, Pelle Snickars, Paul C. Spehr, Björn Thuresson, and Åke Walldius.

Sophie's World Jostein Gaarder, 2007-03-20 One day Sophie comes home from school to find two questions in her mail: Who are you? and Where does the world come from? Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

Humans, Bow Down James Patterson, Emily Raymond, 2017-02-20 In a world run by machines, humans are an endangered species -- and their only hope is a rebel warrior with nothing left to lose. The Great War is over. The robots have won. The humans who survived have two choices: they can submit and serve the vicious rulers they created, or be banished to the Reserve, a desolate, unforgiving landscape where it's a crime just to be human. Following the orders of their soulless leader, the robots are planning to conquer humanity's last refuge and make all humans bow down. The only thing more powerful than an enemy who feels nothing is a rebel warrior with a cause and nothing left to lose. Six is a feisty, determined woman whose parents were killed with the first shots of the war, and whose siblings lie rotting in prison. Her partner in crime is Dubs, the one person who respects authority even less than she does. On the run for their lives after an attempted massacre, Six and Dubs are determined to save humanity before the robots wipe humans off the face of the earth. Pushed to the brink of survival, they discover a powerful secret that may set humanity free, but to succeed

they'll have to trust the unlikeliest of allies . . . or be forced to bow down, once and for all. Full of twists and turns from the world's #1 writer, Humans, Bow Down is an epic, dystopian, genre-bending thrill ride you'll never forget.

Starship Troopers Robert Anson Heinlein,1987 In a futuristic military adventure a recruit goes through the roughest boot camp in the universe and into battle with the Terran Mobile Infantry in what historians would come to call the First Interstellar War

Research & Education Networking ,1995-07

The Dawnhounds Sascha Stronach,2022-06-14 Gideon the Ninth meets Black Sun in this queer, Māori-inspired debut fantasy about a police officer who is murdered, brought back to life with a mysterious new power, and tasked with protecting her city from an insidious evil threatening to destroy it. The port city of Hainak is alive: its buildings, its fashion, even its weapons. But, after a devastating war and a sweeping biotech revolution, all its inhabitants want is peace, no one more so than Yat Jyn-Hok a reformed-thief-turned-cop who patrols the streets at night. Yat has recently been demoted on the force due to “lifestyle choices” after being caught at a gay club. She’s barely holding it together, haunted by memories of a lover who vanished and voices that float in and out of her head like radio signals. When she stumbles across a dead body on her patrol, two fellow officers gruesomely murder her and dump her into the harbor. Unfortunately for them, she wakes up. Resurrected by an ancient power, she finds herself with the new ability to manipulate life force. Quickly falling in with the pirate crew who has found her, she must race against time to stop a plague from being unleashed by the evil that has taken root in Hainak.

New Star Trek Go Sms Pro Theme Introduction

In today's digital age, the availability of New Star Trek Go Sms Pro Theme books and manuals for download has

revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of New Star Trek Go Sms Pro Theme books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of New Star Trek Go Sms Pro Theme books and manuals for download is the cost-saving aspect. Traditional books

and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing New Star Trek Go Sms Pro Theme versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, New Star Trek Go Sms Pro Theme books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of

resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics.

Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing New Star Trek Go Sms Pro Theme books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an

excellent resource for literature enthusiasts. Another popular platform for New Star Trek Go Sms Pro Theme books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and

educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, New Star Trek Go Sms

Pro Theme books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning

and self-improvement. So why not take advantage of the vast world of New Star Trek Go Sms Pro Theme books and manuals for download and embark on your journey of knowledge?

FAQs About New Star Trek Go Sms Pro Theme Books

What is a New Star Trek Go Sms Pro Theme PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I**

create a New Star Trek Go Sms Pro Theme PDF?

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a New Star Trek Go Sms Pro Theme PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and

other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a New Star Trek Go Sms Pro Theme PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a New Star Trek Go Sms Pro Theme PDF?** Most

PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software

like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools,

which may or may not be legal depending on the circumstances and local laws.
