How to Forget Kate Mulgrew,2019-05-21 "This is a masterfully crafted memoir, an elegant tour de force that firmly establishes Mulgrew as a writer of significant literary endowment. The soulmate to Frank McCourt's *Angela's Ashes*, *How to Forget*, despite the promise of its title, cannot be forgotten or ignored." —Augusten Burroughs, author of *Running with Scissors* and *Toil & Trouble* In this profoundly honest and examined memoir about returning to Iowa to care for her ailing parents, the star of *Orange Is the New Black* and bestselling author of *Born with Teeth* takes us on an unexpected journey of loss,

betrayal, and the transcendent nature of a daughter's love for her parents. They say you can't go home again. But when her father is diagnosed with aggressive lung cancer and her mother with atypical Alzheimer's, New York-based actress Kate Mulgrew returns to her hometown in Iowa to spend time with her parents and care for them in the time they have left. The months Kate spends with her parents in Dubuque—by turns turbulent, tragic, and joyful—lead her to reflect on each of their lives and how they shaped her own. Those ruminations are transformed when, in the wake of their deaths, Kate uncovers long-kept secrets that challenge her understanding of the unconventional Irish Catholic household in which she was raised. Breathtaking and powerful, laced with the author's irreverent wit, *How to Forget* is a considered portrait of a mother and a father, an emotionally powerful memoir that demonstrates how love fuses children and parents, and an honest examination of family, memory, and indelible loss.

Star Trek: the Official Guide to the Animated Series Rich Schepis, Aaron Harvey, 2019-09 The first and only guide to the beloved and star-studded Star Trek: The Animated Series, the in-canon (mostly) continuation of the iconic Star Trek: Original Series. The show featured the voices of almost the entire original cast, including William Shatner and Leonard Nimoy, along with the original series writers Dorothy Fontana (*Journey to Babel*), David Gerrold (*The Trouble with Tribbles*), acclaimed science-fiction author Larry Niven, and many more. *Star Trek: The Official Guide to The Animated Series* reveals the efforts it took to translate Star Trek: The Original Series into animated form, with a Databank

illustrating how the animated series ties into other Star Trek shows. This book provides fans with behind-the-scenes production documents, never-before-seen art, and all-new interviews with the people who produced the Enterprise's new animated adventures.

Warped Mike McMahan, 2015-10-13 The official parody guide to the unaired eighth season of Star Trek: The Next Generation, based on the popular @TNG_S8 Twitter account from creator Mike McMahan! In the basement of the Star Trek archives, behind shelves of U.S.S. Enterprise NCC-1701-D models, bags of wigs, and bins of plastic phasers, sits a dusty cardboard box. Inside is a pile of VHS tapes that contain never-before-seen episodes and behind-the-scenes footage for something truly amazing. The world thinks there are only seven seasons of Star Trek: The Next Generation, but there's one more. A secret season. Actually, not really.
