

New Times Broward Palm Beach

Michael Luck,Patrick T. Maher,Emma J. Stewart

Dopers in Uniform John Hoberman, 2017-11-21 The recorded use of deadly force against unarmed suspects and sustained protest from the Black Lives Matter movement, among others, have ignited a national debate about excessive violence in American policing. Missing from the debate, however, is any discussion of a factor that is almost certainly contributing to the violence—the use of anabolic steroids by police officers. Mounting evidence from a wide range of credible sources suggests that many cops are abusing testosterone and its synthetic derivatives. This drug use is illegal and encourages a steroidal policing style based on aggressive behaviors and hulking physiques that diminishes public trust in law enforcement. *Dopers in Uniform* offers the first assessment of the dimensions and consequences of the felony use of anabolic steroids in major urban police departments. Marshalling an array of evidence, John Hoberman refutes the frequent claim that police steroid use is limited to a few bad apples, explains how the Blue Wall of Silence stymies the collection of data, and introduces readers to the broader marketplace for androgenic drugs. He then turns his attention to the people and organizations at the heart of police culture: the police chiefs who often see scandals involving steroid use as a distraction from dealing with more dramatic forms of misconduct and the police unions that fight against steroid testing by claiming an officer's right to privacy is of greater importance. Hoberman's findings clearly demonstrate the crucial need to analyze and expose the police steroid culture for the purpose of formulating a public policy to deal with its dysfunctional effects.

Rumrunners J. Anne Funderburg, 2016-10-28 In 1920, the 18th Amendment made the production, transportation and sale of alcohol not merely illegal—it was unconstitutional. Yet no legislation could end the demand for alcohol. Enterprising rumrunners worked to meet that demand with cunning, courage, machineguns and speedboats powered by aircraft engines. They out-maneuvered the U.S. Coast Guard and risked their lives to deliver illicit liquor. Smugglers like Bill McCoy, the Bahama Queen, and the Gulf Stream Pirate, along with many others, ran operations along the U.S. coastline until Prohibition was repealed in 1933. Drawing on legal records, newspaper articles and Coast Guard files, this history describes how rumrunners battled the Dry Navy and corrupted U.S. law enforcement, in order to keep America wet.

Armed for Life Jennifer Jefferis, 2011-06-17 This book provides a detailed and comprehensive look at the primary players, acts, motivations, and methods of the Army of God in their quest to make abortion illegal in the United States. The Army of God may not be widely known, but they are well established as an extremist Christian organization united in their belief that abortion must be stopped at all costs, including the use of violence or force. Who are the primary players in this underground terrorist group, what acts are they responsible for, and what are the motivations behind their quest to make abortion illegal in the United States? *Armed for Life: The Army of God and Anti-Abortion Terror in the United States* addresses these questions and more, drawing upon never-before-published interviews with members of the Army of God and their own writings to reveal the details of this grossly understudied organization—and to document what its existence and expansion says about our society.

Grand Ambition G. Bruce Knecht, 2015-06-30 A former Wall Street Journal reporter and author of *The Proving Ground* presents a narrative account of the construction of a \$40 million yacht through the experiences of its contributors, tracing the audacious Ponzi scheme devised by its creator and the roles of the Southern Mississippi laborers who built it.

Best Food Writing 2009 Holly Hughes, 2010-06-29 *Best Food Writing 2009* authoritatively and appealingly assembles the finest culinary prose from the past year's books, magazines, newspapers, newsletters, and Web sites. This anthology features both established food writers and rising stars cookin...

Media, Journalism and Disaster Communities Jamie Matthews, Einar Thorsen, 2020-03-20 This book illuminates the concept of disaster communities through a series of international case studies. It offers an eclectic overview of how different forms of media and journalism contribute to

our understanding of the lived experiences of communities at risk from, affected by, and recovering from disaster. This collection considers the different forms of media and journalism produced by and for communities and how they may recognise and speak to the different notions of community that emerge in disaster contexts – including vulnerabilities and consequences that arise from environmental destruction and geophysical hazards, the insecurity created by armed conflict and limitations on journalistic freedoms, and result from human (in)action and humanitarian crises.

Aid State Jake Johnston, 2024-01-30 Haiti's state is near-collapse: armed groups have overrun the country, many government officials have fled after the 2021 assassination of President Moïse and not a single elected leader holds office, refugees desperately set out on boats to reach the US and Latin America, and the economy reels from the after-effects of disasters, both man-made and natural, that destroyed much of Haiti's infrastructure and institutions. How did a nation founded on liberation—a people that successfully revolted against their colonizers and enslavers—come to such a precipice? In *Aid State*, Jake Johnston, a researcher and writer at the Center for Economic and Policy Research in Washington, DC, reveals how long-standing US and European capitalist goals ensnared and re-enslaved Haiti under the guise of helping it. To the global West, Haiti has always been a place where labor is cheap, politicians are compliant, and profits are to be made. Over the course of nearly 100 years, the US has sought to control Haiti and its people with occupying police, military, and euphemistically-called peacekeeping forces, as well as hand-picked leaders meant to quell uprisings and protect corporate interests. Earthquakes and hurricanes only further devastated a state already decimated by the aid industrial complex. Based on years of on-the-ground reporting in Haiti and interviews with politicians in the US and Haiti, independent aid contractors, UN officials, and Haitians who struggle for their lives, homes, and families, *Aid State* is a conscience-searing book of witness.

Plaintiff in Chief James D. Zirin, 2019-09-24 A comprehensive analysis of Donald Trump's legal history reveals his temperament, methods, character, and morality. Unlike all previous presidents who held distinguished positions in government or the military prior to entering office, Donald Trump's political worldview was molded in the courtroom. He sees law not as a system of rules to be obeyed and ethical ideals to be respected, but as a weapon to be used against his adversaries or a hurdle to be sidestepped when it gets in his way. He has weaponized the justice system throughout his career, and he has continued to use these backhanded tactics as Plaintiff in Chief. In this book, distinguished New York attorney James D. Zirin presents Trump's lengthy litigation history as an indication of his character and morality, and his findings are chilling: if you partner with Donald Trump, you will probably wind up litigating with him. If you enroll in his university or buy one of his apartments, chances are you will want your money back. If you are a woman and you get too close to him, you may need to watch your back. If you try to sue him, he's likely to defame you. If you make a deal with him, you had better get it in writing. If you are a lawyer, an architect, or even his dentist, you'd better get paid up front. If you venture an opinion that publicly criticizes him, you may be sued for libel. A window into the president's dark legal history, *Plaintiff in Chief* is as informative as it is disturbing.

Project Censored Guide to Independent Media and Activism Peter Phillips, 2011-01-04 The independent media are arguably more important than ever today, as corporate media's line reads increasingly like a government press release rather than a free society's analysis of the day's important events. But there's a lot to sort through: Independent newsmagazines and newspapers, local cable-TV access, and independent and microtransmitted radio are everywhere, offering a vast array of news, opinions, and information. New Indymedia activists alone now have direct links to more than sixty-five grassroots news sites around the world. The challenge we are faced with is two-fold: We must make these news sources widely accessible, but we must also find ways to compile, sort, and collectively release this real news to millions of people—a project that this invaluable guide for diversifying your access to information can make much more achievable.

Ethical Problems in the Practice of Law Lisa G. Lerman, Philip G. Schrag, 2018-01-31 Ethical Problems in the Practice of Law, Concise Fourth Edition is the briefer version of Lerman and Schrag's highly successful problem-based textbook that offers a contemporary and thoughtful approach to challenging ethical dilemmas, encouraging deep analysis and lively class discussion. Key Features: Succinct and accessible explanation of lawyer law in question and answer format Numerous problems based on actual cases, in which students must analyze the ethical and strategic issues as if they were practicing lawyers Focus on issues that students are most likely to face in their early years of practice Stimulating presentation of materials, including cartoons, tables, and photos New to the Fourth Edition: Updates of countless recent developments in lawyer law, including the amendments to Rules 1.6, 1.18 and 8.4 Up-to-date discussions of how the Internet is affecting law practice, including the use of e-mail and social media Engaging two-color design New chapter on the changing legal profession Reorganized so that the chapters match the practice MPRE questions in Lerman, Schrag, and Gupta's Ethical Problems in the Practice of Law: Model Rules, State Variations and Practice Questions.

Legends & Lore of Fort Lauderdale's New River Donn R. Colee Jr., 2021-02 The New River winds its way through a mysterious and tumultuous history, from the whirlpools of a legendary birth to banks stained with the blood of a massacre. Long-lost tribes flourished on the bounty of fish from its crystal-clear water and game from its wooded shores, only to succumb to European weapons and disease ... South Florida's destiny was changed forever when inshore transportation evolved from foot and hoof to inland waterway and steel rails. Schemes to 'drain the Everglades' turned swamp to subdivisions with the New River at its core. Trace the storied arc of Fort Lauderdale's ancient waterway with author Donn R. Colee Jr.--Publisher marketing.

Law, Privacy and Surveillance in Canada in the Post-Snowden Era Michael Geist, Wesley Wark, 2015-05-28 Years of surveillance-related leaks from US whistleblower Edward Snowden have fuelled an international debate on privacy, spying, and Internet surveillance. Much of the focus has centered on the role of the US National Security Agency, yet there is an important Canadian side to the story. The Communications Security Establishment, the Canadian counterpart to the NSA, has played an active role in surveillance activities both at home and abroad, raising a host of challenging legal and policy questions. With contributions by leading experts in the field, Law, Privacy and Surveillance in Canada in the Post-Snowden Era is the right book at the right time: From the effectiveness of accountability and oversight programs to the legal issues raised by metadata collection to the privacy challenges surrounding new technologies, this book explores current issues torn from the headlines with a uniquely Canadian perspective.

Dark Florida Dr. Alan N. Brown, 2023-08-21 Author Alan Brown leads readers on a stomach-churning turn through Florida's dark side . Florida sunshine beckons, but in can be unrelenting, too. And in the shadows, tragedy strikes. Ted Bundy leads a cast of serial killers who wrought havoc on the state. Storms spin onto its shores with landscape altering fury. Sharks lurk in the sea, and snakes and alligators lie wait in the swamps. Gangsters like Al Capone hit Miami Beach for a respite, but gangsters like Al Capone take no breaks from their trade. A woman spontaneously bursts into flames in St. Petersburg. Anthrax claims a life in Palm Beach. The Bermuda Triangle disappears vessels off the coast. Indeed, Florida knows boundless leisure, but it's just as familiar with catastrophe .

This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Drama For Students for all of your research needs.

Cruise Tourism in Polar Regions Michael Luck, Patrick T. Maher, Emma J. Stewart, 2010-09-23 Cruises are the primary form of tourism in the Polar Regions and cruise ship tourism in both the Arctic and Antarctic is expanding rapidly. The industry has moved beyond its infancy, and is now entering a maturing phase with increased numbers and types of vessels, more demanding routes, and more regular and predictable patterns of activity. The increase in cruise activities, and the associated risks of accidents, as well as the potential and actual impacts of the large numbers of tourists in the polar regions bring with it management challenges for sustainable use of these regions. This book discusses critically the issues around environmental and social sustainability of the cruise industry in Polar Regions. Authors from Canada, USA, Europe, Australia and New Zealand are experts in their respective fields and take an innovative, critical and at times controversial approach to the subject.

Oh, Florida! Craig Pittman, 2016-07-05 A New York Times Bestseller Oh, Florida! That name. That combination of sounds. Three simple syllables, and yet packing so many mixed messages. To some people, it's a paradise. To others, it's a punch line. As Oh, Florida! shows, it's both of these and, more important, it's a Petri dish, producing trends that end up influencing the rest of the country. Without Florida there would be no NASCAR, no Bettie Page pinups, no Glenn Beck radio rants, no USA Today, no "Stand Your Ground," . . . you get the idea. To outsiders, Florida seems baffling. It's a state where the voters went for Barack Obama twice, yet elected a Tea Party candidate as governor. Florida is touted as a carefree paradise, yet it's also known for its perils-alligators, sinkholes, pythons, hurricanes, and sharks, to name a few. It attracts 90 million visitors a year, some drawn by its impressive natural beauty, others bewitched by its manmade fantasies. Oh, Florida! explores those contradictions and shows how they fit together to make this the most interesting state. It is the first book to explore the reasons why Florida is so wild and weird-and why that's okay. Florida couldn't be Florida without that sense of the unpredictable, unexpected, and unusual lurking behind every palm tree. But there is far more to Florida than its sideshow freakiness. Oh, Florida! explains how Florida secretly, subtly influences all the other states in the Union, both for good and for ill.

The Art of the Con Anthony M. Amore, 2015-07-14 Art scams are today so numerous that the specter of a lawsuit arising from a mistaken attribution has scared a number of experts away from the business of authentication and forgery, and with good reason. Art scams are increasingly convincing and involve incredible sums of money. The cons perpetrated by unscrupulous art dealers and their accomplices are proportionately elaborate. Anthony M. Amore's The Art of the Con tells the stories of some of history's most notorious yet untold cons. They involve stolen art hidden for decades; elaborate ruses that involve the Nazis and allegedly plundered art; the theft of a conceptual prototype from a well-known artist by his assistant to be used later to create copies; the use of online and television auction sites to scam buyers out of millions; and other confidence scams incredible not only for their boldness but more so because they actually worked. Using interviews and newly released court documents, The Art of the Con will also take the reader into the investigations that led to the capture of the con men, who oftentimes return back to the world of crime. For some, it's an irresistible urge because their innocent dupes all share something in common: they want to believe.

Heavy Metal Music and the Communal Experience Nelson Varas-Díaz, Niall Scott, 2016-08-03 The book critically examines the issue of community formation in metal music. Via theoretical reflections on communal formation and empirical research in the field, scholars interested in extreme music

and community formation will become familiar with this particular collective experience, now prevalent throughout the world.

New Times Broward Palm Beach Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Times Broward Palm Beach has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Times Broward Palm Beach has opened up a world of possibilities. Downloading New Times Broward Palm Beach provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Times Broward Palm Beach has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity

promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Times Broward Palm Beach. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Times Broward Palm Beach. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Times Broward Palm Beach, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are

downloading from. In conclusion, the ability to download New Times Broward Palm Beach has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Times Broward Palm Beach Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I

avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Times Broward Palm Beach is one of the best book in our library for free trial. We provide copy of New Times Broward Palm Beach in digital format, so the resources that you find are reliable.
