

New York City News

Gabrielle Hamilton

Big Town, Big Time ,1998-12 The 100th anniversary of the creation of Greater New York via consolidation of what had previously been dozens of separate communities. These are the greatest moment in New York City history, recreated from the news and picture files of the New York Daily News. From Typhoid Mary to the opening of Yankee Stadium to the unforgettable blackout, it's a time to remember. This 224 page book is a colorful panoply of politics, culture, crime, sports, etc.... The personalities, the events, the flow of time. The Daily News, for so long the eyes and the ears of the city, chronicles the past and brings it back to life in Big Town Big Time!

The Lo-Down Lo Bosworth,2011-01-11 Reality TV personality Lauren Lo Bosworth has witnessed her fair share of bad dating and has experienced some herself. As a star on two reality shows, she is no stranger to drama and what comes along with it. Now she is offering her advice gleaned from her and her famous friends' relationship experiences on dating and love. Featuring personal photos and anecdotes about her experiences on Laguna Beach and The Hills, The Lo-Down is a further glimpse into the lives of the people that have enthralled so many.

Making News at The New York Times Nikki Usher, 2014-04-24

Making News at The New York Times is the first in-depth portrait of the nation's, if not the world's, premier newspaper in the digital age. It presents a lively chronicle of months spent in the newsroom observing daily conversations, meetings, and journalists at work. We see Page One meetings, articles developed for online and print from start to finish, the creation of ambitious multimedia projects, and the ethical dilemmas posed by social media in the newsroom. Here, the reality of creating news in a 24/7 instant information environment clashes with the storied history of print journalism, and the tensions present a dramatic portrait of news in the online world. This news ethnography brings to bear the overarching value clashes at play in a digital news world. The book argues that emergent news values are reordering the fundamental processes of news production. Immediacy, interactivity, and participation now play a role unlike any time before, creating clashes between old and new. These values emerge from the social practices, pressures, and norms at play inside the newsroom as journalists attempt to negotiate the new demands of their work. Immediacy forces journalists to work in a constant deadline environment, an ASAP world, but one where the vaunted traditions of yesterday's

news still appear in the next day's print paper. Interactivity, inspired by the new user-computer directed capacities online and the immersive Web environment, brings new kinds of specialists into the newsroom, but exacts new demands upon the already taxed workflow of traditional journalists. And at time where social media presents the opportunity for new kinds of engagement between the audience and media, business executives hope for branding opportunities while journalists fail to truly interact with their readers.

Report on the Suburban Extension of the New York City News Association New York City News Association, 1916

The New York Nobody Knows William B. Helmreich, 2015-08-25

As a kid growing up in Manhattan, William Helmreich played a game with his father they called Last Stop. They would pick a subway line and ride it to its final destination, and explore the neighborhood there. Decades later, Helmreich teaches university courses about New York, and his love for exploring the city is as strong as ever. Putting his feet to the test, he decided that the only way to truly understand New York was to walk virtually every block of all five boroughs--an astonishing 6,000 miles. His epic journey lasted four years and took him to every corner of Manhattan, Brooklyn, Queens, the Bronx, and Staten Island. Helmreich spoke

with hundreds of New Yorkers from every part of the globe and from every walk of life, including Mayor Michael Bloomberg and former mayors Rudolph Giuliani, David Dinkins, and Edward Koch. Their stories and his are the subject of this captivating and highly original book. We meet the Guyanese immigrant who grows beautiful flowers outside his modest Queens residence in order to always remember the homeland he left behind, the Brooklyn-raised grandchild of Italian immigrants who illuminates a window of his brownstone with the family's old neon grocery-store sign, and many, many others. Helmreich draws on firsthand insights to examine essential aspects of urban social life such as ethnicity, gentrification, and the use of space. He finds that to be a New Yorker is to struggle to understand the place and to make a life that is as highly local as it is dynamically cosmopolitan.--Publisher's description.

The Justice Story Joseph McNamara,2000 Comprised of reprinted articles and photographs originally published in the New York Daily News.

Dilettante Dana Brown,2022-03-22 A witty, insightful, and delightfully snarky blend of pop culture meets memoir meets real-life Devil Wears Prada as readers learn the stories behind twenty-

five years at Vanity Fair from the magazine's former deputy editor "Dilettante offers the best seat in the house into the workings of one of the great cultural institutions of our time."—Buzz Bissinger, New York Times bestselling author of *Friday Night Lights*

Dana Brown was a twenty-one-year-old college dropout playing in punk bands and partying his way through downtown New York's early-nineties milieu when he first encountered Graydon Carter, the legendary editor of *Vanity Fair*. After the two had a handful of brief interactions (mostly with Brown in the role of cater waiter at Carter's famous cultural salons he hosted at his home), Carter saw what he believed to be Brown's untapped potential, and on a whim, hired him as his assistant. Brown instantly became a trusted confidante and witness to all of the biggest parties, blowups, and takedowns. From inside the famed *Vanity Fair* Oscar parties to the emerging world of the tech elite, Brown's job offered him access to some of the most exclusive gatherings and powerful people in the world, and the chance to learn in real time what exactly a magazine editor does—all while trying to stay sober enough from the required party scene attendance to get the job done. Against all odds, he rose up the ranks to eventually become the magazine's deputy editor, spending a quarter century curating tastes at one of

the most storied cultural shops ever assembled. *Dilettante* reveals Brown's most memorable moments from the halcyon days of the magazine business, explores his own journey as an unpedigreed outsider to established editor, and shares glimpses of some of the famous and infamous stories (and people) that tracked the magazine's extraordinary run all keenly observed by Brown. He recounts tales from the trenches, including encounters with everyone from Anna Wintour, Lee Radziwill, and Condé Nast owner Si Newhouse, to Seth Rogen, Caitlyn Jenner, and acclaimed journalists Dominick Dunne and Christopher Hitchens. Written with equal parts affection, cultural exploration, and nostalgia, *Dilettante* is a defining story within that most magical time and place in the culture of media. It is also a highly readable memoir that skillfully delivers a universal coming-of-age story about growing up and finding your place in the world.

New York Noir William Hannigan, 1999 Capturing the faces of the century's most notorious criminals and their shocking handiwork, *New York Noir* showcases 40 years of crime with over 130 stunning photos from the archives of New York's Daily News.

Fear City Kim Phillips-Fein, 2017-04-18 When the news broke in 1975 that New York City was on the brink of fiscal collapse, few

believed it was possible: how could the capital of the financial world go bankrupt? And yet the city was billions of dollars (maybe twelve, maybe fourteen, no one even really knew how much) in the red. Bankers and politicians alike seized upon the situation as evidence that social liberalism, which New York famously exemplified, was doomed to failure; and promised apocalyptic scenarios if the city didn't fire thousands of workers, freeze wages, and slash social services. [The author] tells the remarkable story of the crisis that engulfed the city, forever transforming the largest metropolis in the United States and reshaping ideas about government throughout the country. In doing so, she brings to life a radically different New York, the legendarily decrepit city of the 1970s. Drawing on never-before-used archival sources as well as interviews with key players in the crisis, Phillips-Fein guides us through the hairpin turns and sudden reversals that brought New York City to the edge of bankruptcy, and kept it from going over.--

New York Cityscapes Peter Alessandria, Bill Bernal, Gina Brake, Viktor Buriak, Max Guliani, Jason Risorto, Karine Sayegh, 2018-10-01 New York City holds a special place in the hearts of its residents, but also in the imaginations of people from around the world. From the Statue of Liberty, to the Empire State

Building, to the Brooklyn Bridge, New York's landmarks are as familiar to most of us as our own backyards. Its streets and neighborhoods have become a shorthand for ideas like luxury (Park Avenue, Fifth Avenue), excellence in performance (Broadway, Carnegie Hall), and even an artistic/creative lifestyle (Soho). In this book, Peter Alessandria presents his favorite New York images, including his own personal photography and images created by six top shooters who have made their names on today's most popular photo-sharing site, Instagram. Packed with bold, colorful, inventive images, this book provides a fresh look at New York's classic beauty and ever-evolving character!

New York Changing Douglas Levere, Bonnie Yochelson, 2005 In 1935 the renowned photographer Berenice Abbott set out on a five-year, WPA-funded project to document New York's transformation from a nineteenth-century city into a modern metropolis of towering skyscrapers. The result was the landmark publication *Changing New York*, a milestone in the history of photography that stands as an indispensable record of the Depression-era city. More than sixty years later, New York is an even denser city of steel-and-glass and restless energy. Guided by Abbott's voice and vision, New York photographer Douglas Levere

has revisited the sites of 100 of Abbott's photographs, meticulously duplicating her compositions with exacting detail; each shot is taken at the same time of day, at the same time of year, and with the same type of camera. New York Changing pairs Levere's and Abbott's images, resulting in a remarkable commentary on the evolution of a metropolis known for constantly reinventing itself.

The Great Rent Wars Robert M. Fogelson, 2013-10-15 Written by one of the country's foremost urban historians, *The Great Rent Wars* tells the fascinating but little-known story of the battles between landlords and tenants in the nation's largest city from 1917 through 1929. These conflicts were triggered by the post-war housing shortage, which prompted landlords to raise rents, drove tenants to go on rent strikes, and spurred the state legislature, a conservative body dominated by upstate Republicans, to impose rent control in New York, a radical and unprecedented step that transformed landlord-tenant relations. *The Great Rent Wars* traces the tumultuous history of rent control in New York from its inception to its expiration as it unfolded in New York, Albany, and Washington, D.C. At the heart of this story are such memorable figures as Al Smith, Fiorello H. La Guardia, and Oliver Wendell Holmes, as well as a host of tenants, landlords, judges, and

politicians who have long been forgotten. Fogelson also explores the heated debates over landlord-tenant law, housing policy, and other issues that are as controversial today as they were a century ago.

New York Press Photographers Marc A. Hermann and the New York Press Photographers Association, 2015 New York City has earned its place as the media capital of the world, and its newspapers have chronicled life, death, triumph, and tragedy. While people like Damon Runyon, Walter Winchell, and Jimmy Breslin are remembered for how they wrote about the news, the people who documented it visually are mostly forgotten. For many decades, photographers who captured iconic images for New York newspapers did so anonymously--picture credit lines were a rarity. This is the story of the people behind the pictures, a history of the historians. In 1915, a group of lensmen formed a fraternal organization to promote their craft and support one another through hardship. A century later, the New York Press Photographers Association (NYPPA) is regarded as the oldest press association in America, and it still advocates for its members in an ever-changing field. At work or at play, New York's photojournalists are hardly the nameless, faceless bunch history would have us believe them to

be.

Prune Gabrielle Hamilton, 2014-11-04 NEW YORK TIMES
BESTSELLER From Gabrielle Hamilton, bestselling author of *Blood, Bones & Butter*, comes her eagerly anticipated cookbook debut filled with signature recipes from her celebrated New York City restaurant Prune. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY NAMED ONE OF THE BEST BOOKS OF THE SEASON BY Time • O: The Oprah Magazine • Bon Appétit • Eater A self-trained cook turned James Beard Award-winning chef, Gabrielle Hamilton opened Prune on New York's Lower East Side fifteen years ago to great acclaim and lines down the block, both of which continue today. A deeply personal and gracious restaurant, in both menu and philosophy, Prune uses the elements of home cooking and elevates them in unexpected ways. The result is delicious food that satisfies on many levels. Highly original in concept, execution, look, and feel, the Prune cookbook is an inspired replica of the restaurant's kitchen binders. It is written to Gabrielle's cooks in her distinctive voice, with as much instruction, encouragement, information, and scolding as you would find if you actually came to work at Prune as a line cook. The recipes have been tried, tasted, and tested

dozens if not hundreds of times. Intended for the home cook as well as the kitchen professional, the instructions offer a range of signals for cooks—a head’s up on when you have gone too far, things to watch out for that could trip you up, suggestions on how to traverse certain uncomfortable parts of the journey to ultimately help get you to the final destination, an amazing dish. Complete with more than with more than 250 recipes and 250 color photographs, home cooks will find Prune’s most requested recipes—Grilled Head-on Shrimp with Anchovy Butter, Bread Heels and Pan Drippings Salad, Tongue and Octopus with Salsa Verde and Mimosa’d Egg, Roasted Capon on Garlic Crouton, Prune’s famous Bloody Mary (and all 10 variations). Plus, among other items, a chapter entitled “Garbage”—smart ways to repurpose foods that might have hit the garbage or stockpot in other restaurant kitchens but are turned into appetizing bites and notions at Prune. Featured here are the recipes, approach, philosophy, evolution, and nuances that make them distinctively Prune’s. Unconventional and honest, in both tone and content, this book is a welcome expression of the cookbook as we know it. Praise for Prune “Fresh, fascinating . . . entirely pleasurable . . . Since 1999, when the chef Gabrielle Hamilton put Triscuits and canned

sardines on the first menu of her East Village bistro, Prune, she has nonchalantly broken countless rules of the food world. The rule that a successful restaurant must breed an empire. The rule that chefs who happen to be women should unconditionally support one another. The rule that great chefs don't make great writers (with her memoir, *Blood, Bones & Butter*). And now, the rule that restaurant food has to be simplified and prettied up for home cooks in order to produce a useful, irresistible cookbook. . . . [Prune] is the closest thing to the bulging loose-leaf binder, stuck in a corner of almost every restaurant kitchen, ever to be printed and bound between cloth covers. (These happen to be a beautiful deep, dark magenta.)"—The New York Times "One of the most brilliantly minimalist cookbooks in recent memory . . . at once conveys the thrill of restaurant cooking and the wisdom of the author, while making for a charged reading experience."—Publishers Weekly (starred review)

Terrific Various Authors, 2020-11-10 The Franchise Tom Seaver was unquestionably one of the most legendary New York Mets of all time—and certainly the most terrific. The ace pitcher's passing in 2020 saddened not just Mets fans throughout the region but baseball fans everywhere, who watched with admiration and

respect during Seaver's 20-year Hall of Fame career. Terrific is a celebration of Seaver's incomparable run in New York and beyond, from the debut season which earned him Rookie of the Year honors to the 1969 Miracle Mets World Series to his 12 All-Star Game selections and astounding 3,640 strikeouts. Through memorable stories and historic photography from the New York Daily News, fans can celebrate Seaver's legacy and relive an unparalleled career one striking moment at a time.

Ghosting the News Margaret Sullivan, 2020-07-28

Broken News Chris Stirewalt, 2022-08-23 One of America's most experienced and exemplary journalists has written an unsparing analysis of the dreadful consequences -- for journalism and the nation -- of 'how the news lost a race to the bottom with itself.'" -- George F. Will In this national bestseller, Chris Stirewalt, a former Fox News political editor, takes readers inside America's broken newsrooms that have succumbed to the temptation of "rage revenue." One of America's sharpest political analysts, Stirewalt employs his trademark wit and insight to reveal how these media organizations slant coverage -- and why that drives political division and rewards outrageous conduct. The New York Times wrote that Stirewalt's book is an often candid reflection on the state of political

journalism and his time at Fox News, where such post-mortem assessments are not common... Broken News is a fascinating, deeply researched, conversation-provoking study of how the news is made and how it must be repaired. Stirewalt goes deep inside the history of the industry to explain how today's media divides America for profit. And he offers practical advice for how readers, listeners, and viewers can (and should) become better news consumers for the sake of the republic.

The Racial Contract Charles W. Mills, 2022-04-15 The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged contract has shaped a system of global European domination: how it brings into existence whites and non-whites, full persons and sub-persons, how it influences white moral theory and moral psychology; and how this system is imposed on non-whites through ideological conditioning and violence. The Racial Contract argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelby and a new preface by the author—makes clear, the still-

urgent *The Racial Contract* continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.

Madly Marvelous Donna Zakowska, 2021-11-23 From the award-winning costume designer of Amazon Prime Video's *The Marvelous Mrs. Maisel*, a collection of the show's costumes, with never-before-seen photography, sketches, production stills, and more Amazon Prime Video's Emmy- and Golden Globe-winning series *The Marvelous Mrs. Maisel* centers on Miriam Midge Maisel, a 1950s New York City woman whose seemingly perfect life suddenly takes an unexpected turn, taking her from a comfortable life on Riverside Drive through the basket houses and nightclubs of Greenwich Village as she embarks on a groundbreaking standup comedy career. Created by Amy Sherman-Palladino (creator and showrunner of *Gilmore Girls*), and starring Rachel Brosnahan, Alex Borstein, and Tony Shalhoub, *The Marvelous Mrs. Maisel* has garnered fan and critical praise alike, with much of the attention focused on the exquisitely designed period costumes. *Madly Marvelous: The Costumes of The Marvelous Mrs. Maisel* explores the inner workings of award-winning costume designer Donna Zakowska's process, as well as the many inspirations for the

show's wardrobe, including period photography, American and European fashion trends, and the various cultures and countercultures of late-1950s New York. The clothes of Mrs. Maisel are gorgeous, authentically detailed, and carefully crafted. Illustrated with sketches, photographs from Zakowska's workspace, behind-the-scenes shots, and production stills, the book follows the series from season to season, showing how the vocabulary of fashion—context, style, color, cut, accessories, and more—is integral to defining and developing the characters in the show. Madly Marvelous is a must-have for fans of the show and fashionistas alike, providing readers with a curated and well-informed look at an integral period in fashion history.

News for the Rich, White, and Blue Nikki Usher, 2021-07-06 As cash-strapped metropolitan newspapers struggle to maintain their traditional influence and quality reporting, large national and international outlets have pivoted to serving readers who can and will choose to pay for news, skewing coverage toward a wealthy, white, and liberal audience. Amid rampant inequality and distrust, media outlets have become more out of touch with the democracy they purport to serve. How did journalism end up in such a predicament, and what are the prospects for achieving a more

equitable future? In *News for the Rich, White, and Blue*, Nikki Usher recasts the challenges facing journalism in terms of place, power, and inequality. Drawing on more than a decade of field research, she illuminates how journalists decide what becomes news and how news organizations strategize about the future. Usher shows how newsrooms remain places of power, largely white institutions growing more elite as journalists confront a shrinking job market. She details how Google, Facebook, and the digital-advertising ecosystem have wreaked havoc on the economic model for quality journalism, leaving local news to suffer. Usher also highlights how the handful of likely survivors—well-funded media outlets such as the *New York Times*—increasingly appeal to a global, “placeless” reader. *News for the Rich, White, and Blue* concludes with a series of provocative recommendations to reimagine journalism to ensure its resiliency and its ability to speak to a diverse set of issues and readers.

When somebody should go to the ebook stores, search opening by shop, shelf by shelf, it is in reality problematic. This is why we allow the books compilations in this website. It will utterly ease you

to see guide **New York City News** as you such as.
