

New York Knicks Official App

Brad Green,Shyam Seshadri

God Has an App for That Dudley Rutherford,2012-01-03 Wouldn't it be great if there were accessible answers to our spiritual problems, just like there's a smartphone app for calculating a tip or getting directions to the dry cleaner? Most of us have heard the phrase There's an app for that, popularized by the creators of the iPhone. Well, guess what? God has an app for the common conundrums faced by Christians everywhere. Stressed out? Struggling with prejudice? God has an app for that. Problem with crude language or gossip? Broken-hearted, anxious or depressed? God has an app for that, too! Pastor Dudley Rutherford invites readers to explore the book of James and discover God's user-friendly solutions for their biggest challenges in faith and life.

Managing Smart Cities Anna Visvizi,Orlando Troisi,2022-02-01 This book adopts the managerial perspective to the study of smart cities. As such, this book is a necessary addition to the existing body of literature on smart cities. The chapters included in this book prove the case that transformation of cities to smart cities is a function of effective and efficient management practices implemented at diverse levels of smart cities. While advances in information and communication technology (ICT) are crucial, it is the ability to apply ICT consciously and efficiently that drives the transformation of cities to smart cities in a manner conducive to cities' sustainability and resilience. The book covers three sets of interconnected topics: Management and decision-making for urban design and infrastructure development Management and decision-making in context of smart cities development Ways of promoting and ensuring participation, representation and co-creation in smart cities These three groups of topics offer a great opportunity to acquire a clear, direct, and practice-driven knowledge and understanding of how effective management allows ICT-enhanced tools and applications to change smart cities, possibly making them smarter.

Principles and Practice of Sport Management Lisa Pike Masteralexis,Mary Hums,2023-06-15 Offering an overview of the sport industry and coverage of the foundational knowledge and skills required of the today's sport manager, Principles and Practice of Sport Management is devoted to educating students on the various industry segments where they can focus their careers. After detailing the history and various principles - from management and marketing to finance, legal and ethical - the book delves into key sports management segments, discussing the skills needed in those sectors, the types of positions available, and the curre

Sports Law Patrick K. Thornton,2010-09-15 Sports Law looks at major court cases, statutes, and regulations that explore a variety of legal issues in the sports industry. The early chapters provide an overview of sports law in general terms and explore its impact on race, politics, religion, and everyday affairs. Later chapters address hot button issues such as gender equity, drug testing, and discrimination. Written from a sport management perspective, rather than from a lawyer's, this text covers all the major areas presented in sports law today including: cases relating to torts, contracts, intellectual property, and agents. Factual scenarios throughout the text allow students to critically examine and apply sport management principles to legal issues facing the sports executive. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.

The Definitive Guide to Entertainment Marketing Al Lieberman,Pat Esgate,2013-07-02 Entertainment Marketing NOW: Every Platform, Technology, and Opportunity Covers film, cable, broadcast, music, sports, publishing, social media, gaming, and more Reflects powerful trends ranging from smartphones to globalization Demonstrates breakthrough strategies integrating advertising, promotion, PR, and online content distribution By industry insiders with decades of experience as leaders and consultants Entertainment spending is soaring worldwide, driven by new technologies, new platforms, new business models, and unrelenting demand amongst seven billion

Blood in the Garden Chris Herring, 2022-01-18 INSTANT NEW YORK TIMES BESTSELLER The definitive history of the 1990s New York Knicks, illustrating how Pat Riley, Patrick Ewing, John Starks, Charles Oakley, and Anthony Mason resurrected the iconic franchise through oppressive physicality and unmatched grit. For nearly an entire generation, the New York Knicks have been a laughingstock franchise. Since 2001, they've spent more money, lost more games, and won fewer playoff series than any other NBA team. But during the preceding era, the Big Apple had a club it was madly in love with—one that earned respect not only by winning, but through brute force. The Knicks were always looking for fights, often at the encouragement of Pat Riley. They fought opposing players. They fought each other. Hell, they even occasionally fought their own coaches. The NBA didn't take kindly to their fighting spirit. Within two years, league officials moved to alter several rules to stop New York from turning its basketball games into bloody mudwrestling matches. Nevertheless, as the 1990s progressed, the Knicks endeared themselves to millions of fans; not for how much they won, but for their colorful cast of characters and their hardworking mentality. Now, through his original reporting and interviews with more than two hundred people, author Chris Herring delves into the origin, evolution, and eventual demise of the iconic club. He takes us inside the locker room, executive boardrooms, and onto the court for the key moments that lifted the club to new heights, and the ones that threatened to send everything crashing down in spectacular fashion. *Blood in the Garden* is a portrait filled with eye-opening details that have never been shared before, revealing the full story of the franchise in the midst of the NBA's golden era. And rest assured, no punches will be pulled. Which is just how those rough-and-tumble Knicks would like it.

Sports Marketing Sam Fullerton, 2021-10-15 Formerly published by Chicago Business Press, now published by Sage Sports Marketing, Fourth Edition guides students in gaining a better understanding of how to develop and implement marketing strategies and tactics within the sports marketing industry. Author Sam Fullerton provides thorough coverage of this discipline's two broad perspectives: the marketing of sports products and creating a sports platform as the foundation for the marketing of nonsports products.

AngularJS Brad Green, Shyam Seshadri, 2013-04-08 Develop smaller, lighter web apps that are simple to create and easy to test, extend, and maintain as they grow. This hands-on guide introduces you to AngularJS, the open source JavaScript framework that uses Model-view-controller (MVC) architecture, data binding, client-side templates, and dependency injection to create a much-needed structure for building web apps. Guided by two engineers who worked on AngularJS at Google, you'll walk through the framework's key features, and then build a working AngularJS app—from layout to testing, compiling, and debugging. If you have JavaScript experience, you'll learn how AngularJS helps reduce the complexity of your web app. Dive deep into Angular's building blocks and learn how they work together. Gain maximum flexibility by separating logic, data, and presentation responsibilities with MVC. Assemble your full app in the browser, using client-side templates. Use AngularJS directives to extend HTML with declarative syntax. Communicate with the server.

and implement simple caching with the \$http service Use dependency injection to improve refactoring, testability, and multiple environment design Get code samples for common problems you face in most web apps

Routledge Handbook of Sports Marketing Simon Chadwick,Nicolas Chanavat,Michel Desbordes,2015-12-22 Sports marketing has become a cornerstone of successful sports management and business, driving growth in sport organisations and widening fan-bases. Showcasing the latest thinking and research in sports marketing from around the world, the Routledge Handbook of Sports Marketing goes further than any other book in exploring the full range of this exciting discipline. Featuring contributions from world-leading scholars and practitioners from across the globe, the book examines theories, concepts, issues and best practice across six thematic sections—brands, sponsorship, ambush marketing, fans and spectators, media, and ethics and development—and examines key topics such as: consumer behaviour marketing communications strategic marketing international marketing experiential marketing and marketing and digital media Comprehensive and authoritative, the Routledge Handbook of Sports Marketing is an essential reference for any student or researcher working in sport marketing, sport management, sport business, sports administration or sport development, and for all practitioners looking to develop their professional knowledge.

Entertainment Law Reporter ,2001 Motion pictures, television, radio, music, theater, publishing, sports.

Legal Aspects of Sports Miller,Kristi Schoepfer,2017-02-15 Written for courses within Sports Law, Legal Aspects of Sports, Second Edition provides a modern, case-based approach to this changing area of sports management and administration. The text provides a breadth of coverage that is specifically written for Sport Management majors who need to understand the relationship between sport administration and the law and as such provides an accessible level of detail. It urges students to think critically about course material and apply material to an in-depth study of legal aspects of sport through the use of cases to real-world scenarios and questions at the end of each chapter. The Second Edition has been reorganized to improve the flow of content and all case studies have been added to Navigate 2 to help students stay organized and prepare for class. The topic of discrimination in sports has been updated and expanded to include age, race, religion, and gender discrimination.

Sport, Ethics and Leadership Jack Bowen,Ronald S. Katz,Jeffrey R. Mitchell,Donald J. Polden,Richard Walden,2017-07-12 Everybody involved in sport, from the bleachers to the boardroom, should develop an understanding of ethics. Sport ethics prompt discussion of the central principles and ideals by which we all live our lives, and effective leadership in sport is invariably ethical leadership. This fascinating new introduction to sport ethics outlines key ethical theories in the context of sport as well as the fundamentals of moral reasoning. It explores all the central ethical issues in contemporary sport: from violence, hazing, and gambling to performance enhancement, doping, and discrimination. This book not only investigates the ethical, social, and legal underpinnings of the most important issues in sport today, but also introduces the reader to the foundations of ethical leadership in sport and discusses which leadership strategies are most effective. Each chapter includes original real-world case studies, learning exercises, and questions to encourage students to reflect on the ethical problems presented. Sport, Ethics and Leadership is an essential resource for any course on sport and leisure studies, the ethics and philosophy of sport, or sport and leisure management.

Sometimes You Have to Cross When It Says Don't Walk Lesley Visser,2017-12-26 Lesley Visser is living proof that, no matter where you start, if you are motivated and passionate, your dreams can come true. When Lesley was 11, she told her mother that she wanted to be a sportswriter. The job didn't exist for women in 1964, but her mother—instead of suggesting she become a teacher or a

nurse—replied, Great! Sometimes you have to cross when it says, 'Don't walk.' That answer changed Lesley's life. Even though no one had done it before, it gave her the strength and self-confidence to try—permission to cross against the light. When Lesley began, the credentials said, No Women or Children in the Press Box, but she didn't let that stop her. Lesley covered sports for more than 40 years, pioneering women's journalistic presence in men's professional sports, from inside the locker room to out on the field. She's the first and only woman to be enshrined in the Pro Football Hall of Fame and to ever present the Vince Lombardi Trophy at the Super Bowl. And she's the only sportscaster in history to have worked on the network broadcasts of the Final Four, Super Bowl, World Series, NBA Finals, Triple Crown, Olympics, U.S. Open, and the World Figure Skating Championship. Lesley currently appears on CBS's *We Need to Talk*, the first-ever nationally televised all-female weekly hour-long sports show. Lesley's had her share of hurdles and stumbles. But with passion, perseverance, and dedication, she found a way to achieve her dream, learning valuable lessons along the way. (Hint: Humor goes further than anger, and no, we can't all look like Beyoncé.) In *Sometimes You Have to Cross When It Says 'Don't Walk,'* Lesley Visser shares her historic journey through the world of sports broadcasting with innate wisdom and good humor. For sports fans who grew up with Lesley, her memoir reads like a walk down memory lane, full of behind-the-camera, VIP-access stories involving John Madden, Jerry Jones, Bill Belichick, Joe Torre, and many more famous sports figures. But even those hearing her story for the first time, no matter what their background, will be inspired to chase their dreams, blaze new trails, and pursue the life they want.

Snapchat 101: a Complete Guide to Snapchat Brandon Jones, 2017-08-24 This book contains information on what, why and how's of Snapchat. Jones starts with a brief introduction about Snapchat, it's history and eventually proceeds to topics such as Snapchat paid Advertising. Developed by three Stanford University students (Evan Spiegel, Bobby Murphy and Reggie Brown) as a part of a class project, Snapchat began under the name Picaboo. When Evan Spiegel (pictured to the left) debuted their idea to the class in April 2011, the other students scoffed at the idea of impermanent photos. Little did they know that this idea would go on to become insanely popular. In 2014, the Snapchat app was the fastest growing social app, boosting a 57-percent growth in the course of the year. While Pinterest, Instagram and Facebook Messenger also had a high rate of growth, none of them could come close to keeping up with the amount of downloads Snapchat was/is getting. While there are many different platforms out there that incorporate images and videos, Snapchat has found a niche in the social media universe. It has become one of the most popular social networks around. And it shows no signs of stopping. Snapchat is a social media app that allows you to take pictures and videos and send them to others without having to worry about whether or not it'll still be there the next day - in particular, worrying about your embarrassing pics and videos. This is because Snapchat was designed to specifically delete or remove the pictures or videos - also called memories - that you post from its database within 24 hours after being posted on its platform. And more than just being about pictures and videos, Snapchat is all about short-term content, also called transient pictures and videos. That is why, by default, all you can see on the app's home screen is just a simple camera view. And with such simplicity, it's very easy and convenient to send your pictures and videos to just about anyone on Snapchat. Here is a preview of what you will learn... Snapchat and it's history Getting Started on Snapchat How to take and Send a Snap How is Snapchat different from WhatsApp and Facebook Gaining followers on Snapchat Snapchat Paid Advertising Converting Followers And More.....

Sports Law Robert M. Jarvis, Phyllis Coleman, 1999 NOT FOR STORE

The Power Law Sebastian Mallaby, 2022-02-01 Shortlisted for the Financial Times Business Book of the Year “A gripping fly-on-the-

wall story of the rise of this unique and important industry based on extensive interviews with some of the most successful venture capitalists.” - Daniel Rasmussen, Wall Street Journal “A must-read for anyone seeking to understand modern-day Silicon Valley and even our economy writ large.” -Bethany McLean, The Washington Post A rare and unsettling look inside a subculture of unparalleled influence.” —Jane Mayer A classic...A book of exceptional reporting, analysis and storytelling.” —Charles Duhigg From the New York Times bestselling author of More Money Than God comes the astonishingly frank and intimate story of Silicon Valley’s dominant venture-capital firms—and how their strategies and fates have shaped the path of innovation and the global economy Innovations rarely come from “experts.” Elon Musk was not an “electric car person” before he started Tesla. When it comes to improbable innovations, a legendary tech VC told Sebastian Mallaby, the future cannot be predicted, it can only be discovered. It is the nature of the venture-capital game that most attempts at discovery fail, but a very few succeed at such a scale that they more than make up for everything else. That extreme ratio of success and failure is the power law that drives the VC business, all of Silicon Valley, the wider tech sector, and, by extension, the world. In The Power Law, Sebastian Mallaby has parlayed unprecedented access to the most celebrated venture capitalists of all time—the key figures at Sequoia, Kleiner Perkins, Accel, Benchmark, and Andreessen Horowitz, as well as Chinese partnerships such as Qiming and Capital Today—into a riveting blend of storytelling and analysis that unfurls the history of tech incubation, in the Valley and ultimately worldwide. We learn the unvarnished truth, often for the first time, about some of the most iconic triumphs and infamous disasters in Valley history, from the comedy of errors at the birth of Apple to the avalanche of venture money that fostered hubris at WeWork and Uber. VCs’ relentless search for grand slams brews an obsession with the ideal of the lone entrepreneur-genius, and companies seen as potential “unicorns” are given intoxicating amounts of power, with sometimes disastrous results. On a more systemic level, the need to make outsized bets on unproven talent reinforces bias, with women and minorities still represented at woefully low levels. This does not just have social justice implications: as Mallaby relates, China’s homegrown VC sector, having learned at the Valley’s feet, is exploding and now has more women VC luminaries than America has ever had. Still, Silicon Valley VC remains the top incubator of business innovation anywhere—it is not where ideas come from so much as where they go to become the products and companies that create the future. By taking us so deeply into the VCs’ game, The Power Law helps us think about our own future through their eyes.

The City Game Pete Axthelm,2011-06-28 DIVA fascinating chronicle of New York basketball, from the concrete courts of the city’s parks to the bright lights of Madison Square Garden/divDIV/divDIVThe New York Knickerbockers, one of the NBA’s charter franchises, played professionally for twenty-four years before winning their first championship in 1970, defeating the Los Angeles Lakers in a thrilling seven-game series. Those Knicks, who won again in 1973, became legends, and captivated a city that has basketball in its blood./divDIV /divDIVBut this book is more than a history of the championship Knicks. It is an exploration of what basketball means to New York—not just to the stars who compete nightly in the garden, but to the young men who spend their nights and weekends perfecting their skills on the concrete courts of the city’s parks. Basketball is a city game, and New York is the king of cities./div
