You Are Here: NYC Katharine Harmon,2016-11-01 Maps are magical. Every graphic, like every story, has a point of view, and New York is rife with mapmaking possibilities, thick with mythology, and glutted with history. You Are Here: NYC assembles some two hundred maps charting every inch and facet of the five boroughs, depicting New Yorks of past and present, and a city that never was. A Nightclub Map of Harlem traces a boozy night from the Radium and the Cotton Club to the Savoy and then the Lafayette; Wonders of New York pinpoints three hundred sites of interest, including the alleged location of Captain Kidd's buried treasure; the Ghostbusters subway map plots the route from Astral Projections Place to Stay Puft Street; and a rejected proposal of ornate topiaries illustrates a Central Park that might have been. This sequel to the best-selling You Are Here includes original essays by Bob Mankoff, Maria Popova, Sarah Boxer, and Rebecca Cooper, among others.

Mapping Manhattan Becky Cooper,2013-04-02 Armed with hundreds of blank maps she had painstakingly printed by hand, Becky Cooper walked Manhattan from end to end. Along her journey she met police officers, homeless people, fashion models, and senior citizens who had lived in Manhattan all their lives. She asked the strangers to “map their Manhattan” and to mail the personalized maps back to her. Soon, her P.O. box was filled with a cartography of intimate narratives: past loves, lost homes, childhood memories, comical moments, and surprising confessions. A beautifully illustrated, PostSecret-style tribute to New York, Mapping Manhattan includes 75 maps from both anonymous mapmakers and notable New Yorkers, including Man on Wire aerialist Philippe Petit, New York Times wine critic Eric Asimov, Tony award-winning actor Harvey Fierstein, and many more. Praise for Mapping Manhattan: “What an intriguing project.”—The New York Times “A tender cartographic love letter to this timeless city of multiple dimensions, parallel realities, and perpendicular views.” —Brain Pickings “Cooper’s beautiful project linking the lives of New Yorkers is one that will continue to grow.” —Publishers Weekly online
