

New York Philharmonic

Shasha Hu

The New York Philharmonic John Canarina, 2010 (Amadeus).

The New York Philharmonic, from Bernstein to Maazel continues the story of America's oldest orchestra as told in Howard Shanet's *Philharmonic: A History of New York's Orchestra*. That volume ended with the 1970-71 season, just before the arrival of Pierre Boulez as music director. Obviously, much has happened since. This book begins, however, with a retrospective account of the controversial last years of the tenure of Dimitri Mitropoulos and the ascendancy of Leonard Bernstein to the music directorship. Having been a Philharmonic assistant conductor during Bernstein's tenure, and an inveterate Philharmonic watcher ever since, the author brings some personal insights to the story as well as moments of humor. A sub-theme of the book concerns the way the Philharmonic and its music directors have been treated by the New York press, the Times in particular. Howard Taubman's attacks on Mitropoulos, Harold Schonberg's on Bernstein, and Donald Henahan's on Zubin Mehta are all covered here, as are the writings of various critics on those and other conductors, and on the orchestra itself. The New York Philharmonic is the only orchestra ever to undertake a foreign tour solely on the initiative of

its musicians, without benefit or support from management. How this came about is chronicled, as are the opening of Lincoln Center, the Parks Concerts, Promenades, Prospective Encounters, Rug Concerts, tours, and, of course, the subscription seasons. John Canarina shows how the New York Philharmonic weathered extraordinary ups and downs during this period, while remaining a vital component of New York's cultural life.

Philharmonic Howard Shanet, 1975 In this book the author traces the history of America's oldest symphonic organization down to the beginning of Pierre Boulez's conductorship. Against the background of changing cultural patterns of American life over a century and a quarter, the author examines interactions between the New York Philharmonic and the society in which it functioned. There are colorful personality portraits, often tied to surprising reappraisals of such glamorous Philharmonic stars as Arturo Toscanini (who enjoined other conductors to play every note as written, but who felt free - as the author documents - to make his own changes to the scores of the masters), Gustav Mahler, Dimitri Mitropoulos, Leopold Stokowski, Bruno Walter, and the spectacular Leonard Bernstein. The author gives the reader insight into an organization that has helped shape America's musical taste - an

organization that has brought its performances to the largest audiences in the annals of symphonic music, yet has often suffered from the vast, and largely unjustified, inferiority complex that has oppressed American music throughout its history.

Gustav Mahler and the New York Philharmonic Orchestra Tour America Mary H. Wagner, 2006 *Gustav Mahler and the New York Philharmonic Orchestra Tour America* documents Mahler's tours with the orchestra during the 1909 and 1910 seasons, detailing the conditions and preparations for each tour, the outcome of each concert, and the perceptions of audience beyond New York City.

The Philharmonic-symphony Society of New York John Erskine, 1943 A famous music critic once wrote: the history of the New York Philharmonic is the history of music in America. In 1942, this great orchestra celebrated its hundredth anniversary, presenting a gala season under such conductors as Toscanini, Stokowski, Koussevitzky, and Walter. New York's Philharmonic is not merely the oldest orchestra in America, but one of the oldest and most famous in the world - only those of the Leipzig Gewandhaus and the Paris Conservatoire have a longer record. It seems fitting to commemorate the Philharmonic's achievement by a

short history of the organization, describing the span of its progress from the first concerts given in the Apollo Rooms on lower Broadway in 1842 up to the present season, when it is heard all over the world in weekly broadcasts. The author, whose writings on music are known everywhere, has told the story in vivid and arresting fashion with many illustrations. This book is valuable evidence of the development of American musical taste during the last century.

Meet the Musicians Amy Nathan,2006-03-07 The musicians of
the New York Philharmonic were kids once too! How does a kid
who just wants to play baseball make the transition to creating
beautiful music? Musicians from many different sections of the New
York Philharmonic share how they became involved in music as
kids and how their careers have progressed since then. They also
have some helpful advice, such as • break down pieces you're
learning into small, reachable goals • play it as beautifully as you
can, even if it's just a scale • make up words to go with the melody
you're studying to learn it faster With exclusive interviews, helpful

hints, and a kid-friendly approach, this book is an all-access guide to the world of classical music. *Meet the Musicians* is a 2007 Bank Street - Best Children's Book of the Year.

Leonard Bernstein Burton Bernstein, Barbara Haws, 2010-11-30

One of the most gifted, celebrated, scrutinized, and criticized musicians in the second half of the twentieth century, Leonard Bernstein made his legendary conducting debut at the New York Philharmonic in 1943, at age 25. A year later, he became a sensation on Broadway with the premiere of *On the Town*. Throughout the 1950s, his Broadway fame only grew with *Wonderful Town*, *Candide*, and *West Side Story*. And in 1958, the Philharmonic appointed him the first American Music Director of a major symphony orchestra—a signal historical event. He was adored as a quintessential celebrity but one who could do it all—embracing both popular and classical music, a natural with the new medium of television, a born teacher, writer, and speaker, as well as a political and social activist. In 1976, having conducted the Philharmonic for more than one thousand concerts, he took his orchestra on tour to Europe for the last time. All of this played out against the backdrop of post-Second World War New York City as it rose to become the cultural capital of the world—the center of

wealth, entertainment, communications, and art—and continued through the chaotic and galvanizing movements of the 1960s that led to its precipitous decline by the mid 1970s. The essays within this book do not simply retell the Bernstein story; instead, Leonard Bernstein's brother, Burton Bernstein, and current New York Philharmonic archivist and historian, Barbara B. Haws, have brought together a distinguished group of contributors to examine Leonard Bernstein's historic relationship with New York City and its celebrated orchestra. Composer John Adams, American historians Paul Boyer and Jonathan Rosenberg, music historians James Keller and Joseph Horowitz, conductor and radio commentator Bill McGlaughlin, musicologist Carol Oja, and music critics Tim Page and Alan Rich have written incisive essays, which are enhanced by personal reminiscences from Burton Bernstein. The result is a telling portrait of Leonard Bernstein, the musician and the man.

Early Histories Of The New York Philharmonic Howard Shanet, 1979

The Philharmonic-Symphony Society of New York John Erskine (author, composer), 1943

The Infinite Variety of Music Leonard Bernstein, 2007-12-01 (Amadeus). With style, wit, and expertise, Leonard Bernstein

shares his love and appreciation for music in all its varied forms in *The Infinite Variety of Music* , illuminating the deep pleasure and sometimes subtle beauty it offers. He begins with an imaginary conversation with George Washington entitled *The Muzak Muse*, in which he argues the values of actively listening to music by learning how to read notes, as opposed to simply hearing music in a concert hall. The book also features the reproduction of five television scripts from Bernstein on the influence of jazz, the timeless appeal of Mozart, musical romanticism, and the complexities of rhythmic innovation. Also included are Bernstein's analyses of symphonies by Dvorak, Tchaikovsky, Beethoven, and Brahms, a rare reproduction of a 1957 lecture on the nature of composing, and a report on the musical scene written for the *New York Times* after his sabbatical leave from directorship of the New York Philharmonic during the 1964-65 season.

The Philharmonic Gets Dressed Karla Kuskin, 1982-09-01 It is almost Friday night. Outside, the dark is getting darker, and here and there around the city ninety-two men and thirteen women are getting dressed to go to work. First they bathe and put on their underwear. Then they don special black-and-white apparel. Then when the one hundred and five people are completely ready, each

takes a musical instrument and travels to midtown. There, at 8:30 tonight, they will work together: playing. In these pages Karla Kuskin and Marc Simont combine their talents to give us a delightful and unusual inside view of one way an orchestra prepares.
