**Hooked on the Sea** Nancy B. O'Connor, 2008-04-23 Who are these brave men whose love of the sea dares them to challenge its dangers every day? They're the dorymen of Newport Beach, California who belong to the last family-owned dory fleet in the United States. Read about the courage and determination of these farmers of the sea who risk their lives to support their families. Since the 1890s, when a small group of their Portuguese ancestors first launched their wooden Gloucester dories into the early morning darkness of cold pounding waves and powerful ocean currents, these dorymen have returned at dawn's edge to sell their catches. Locals, as well as tourists, who come to buy the freshest fish in town, love their colorful presence on the beach next to the Newport Pier. Favorite choices include crabs, sea bass, cod, sea trout, sablefish, vermilion rockfish and yellowtail. Dorymen continue to keep this tradition from the past alive and display down-to-earth work ethics valued by all, while adding a rich quality of life to the residents of Orange County, an area growing in contrasts and complexity. Some fishing methods have changed, but dorymen continue to adhere to strict United States fishing regulations, which protect fish populations. While the Historical Society of Newport Beach, California declared their location on the beach a historical site in 1989, this unique fleet faces an uncertain future as increasing regulations threaten their existence and create challenges as dangerous as the sea.

Surfside, Sunset and Newport Beach, Orange County, 1975

*Newport Beach* Pamela Lee Gray, 2003 This collection of historical images documents the islands and villages of Newport, Balboa, and Corona del Mar. The seaside resorts had been a place for dory fishing, bustling wharf traffic with railroad transportation, and visitors who arrived in Pacific Electric Cars. The seaside fun-land was transformed into shipyards, a launch for sport-fishing, and a place of rest and relaxation for military personnel in World War II. These black and white images feature such events as Bal Week, a tradition since the 1930s; the first surfing contest on the Mainland in 1928; melodies and dance steps of the Rendezvous Ballroom and the Balboa Pavilion; and decades of yachting and sailing. This volume will bring back memories to local residents, as well as introduce the heritage of Newport to a new generation.

*Newport Beach* Jeff Delaney, 2011 Newport Beach, with its picturesque harbor and 10 miles of sandy beaches, has seen great change since its beginnings in the post-Civil War era. Originally a shipping port, it evolved into a haven for movie stars, rumrunners, and gamblers and finally transformed into today's exclusive beach community and popular vacation destination.

**Surfing Newport Beach** Claudine Burnett, Paul Burnett, 2013-07-16 Corona del Mar was once California's premier surfing spot, holding the sport's first Pacific Coast competition in 1928. Attempts to tame Corona and to make the Newport Beach harbor mouth safe for watercraft drastically altered board riding, destroying the great wave-making machine of Corona and creating the surf giant of today known as the Wedge. Read about Newport before World War II: experience the Great Rescue of 1925 by Duke Kahanamoku and others, the rum runners of Balboa and the evolution of Newport Bay. Pioneering surfers such as George Freeth, Tom Blake, the Vultee brothers and Pete Peterson helped make a name for the city in surf culture. Authors Claudine Burnett and her surfer husband, Paul, have delved deeply into the past, sharing stories that will give readers never-before-revealed facts not only about surfing but Newport Beach and Corona del Mar history as well.

*Newport Beginnings* Cindy Nichols, 2022-02-19 It took only one summer to save a beach house and turn Carrie's perfectly planned life upside down. It took Jen and her best friends Carrie and Faith all summer to save the beach house. And none of them could have realized how much it would change their lives. Jen's making a new life for herself in Newport, facing new challenges and new relationships. The beginning of the school year calls Faith back to her kindergarten classroom while she tries to juggle that and her job at the boutique. But Carrie—Carrie's life is about to be turned completely upside down when the stepdaughter she thought she'd lost forever turns up on her doorstep. And as she navigates life with a teenager

and her own mother is no help at all, she counts her blessings that she has Faith and Jen to help her through in this heart-warming story about mothers, daughters and all the joys and challenges that go with them. Stop by the Newport Harbor House in sunny southern California, have one of Nana's muffins and catch up on what's happening. This book can be read as a standalone story, but you can find out more about how they all got in these predicaments by reading Book 1, Newport Harbor House. **Newport Beach's Balboa and Balboa Island** Jeff Delaney, 2007 The village of Balboa lies on the eastern half of a 4-mile-long peninsula, a natural barrier that protects the neighboring Balboa Island from Pacific storms. Both the village and the island have constituted a sun-soaked paradise for residents and vacationers from all over the world for more than a century. Famous for luxury homes, miles of beautiful, sandy beaches, and one of the largest pleasure harbors on the West Coast, Balboa has enjoyed a colorful history filled with backroom gambling, midnight deliveries during Prohibition, and frequent visits from Hollywood's biggest stars. Such legends as John Wayne, James Cagney, Errol Flynn, Humphrey Bogart, and Lauren Bacall spent many a day sailing Balboa's harbor and many nights enjoying its justifiably famous nightlife of dance halls, restaurants, and clubs. Balboa and Balboa Island represent all of the extremes, perhaps best exemplified in the quaintness of today's city of Newport Beach, an Orange County enclave where great wealth commingles with the carefree charm of a barefoot community.

**Seal Beach** Laura L. Alioto, 2005 Situated along the Pacific Coast Highway, Seal Beach is the coastal portal between Los Angeles and Orange Counties. This vacation spot and largely residential community separates the City of Long Beach from the broad, open, southerly beaches of the OC-- Sunset, Bolsa Chica, Huntington, Newport, Laguna, and beyond. The regional fame of Anaheim Landing and Anaheim Bay preceded the founding of

Bay City, which became Seal Beach after too much mail intended for Bay City found its way to the City by the Bay, San Francisco. In the early 20th century, the popular Joy Zone was a huge beachside amusement park in Seal Beach enjoyed by thousands of vacationers brought south by the Pacific Electric Red Car Line. This entertaining retrospective documents these landmarks, as well as local residents, events, Seal Beach Pier, the nearby U.S. Naval Weapons Station, and other points of interest.

*So Good They Can't Ignore You* Cal Newport, 2012-09-18 In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that follow your passion is good advice, and sets out on a quest to discover the reality of how people end up loving their careers. Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to be so good they can't ignore you, Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.
