Men We Reaped Jesmyn Ward,2013-01-01 '...And then we heard the rain falling, and that was the drops of blood falling; and when we came to get the crops, it was dead men that we reaped.' Harriet TubmanIn five years, Jesmyn Ward lost five men in her life, to drugs, accidents, suicide, and the bad luck that can follow people who live in poverty, particularly black men. Dealing with these losses, one after another, made Jesmyn ask the question: why? And as she began to write about the experience of living through all the dying, she realized the truth--and it took her breath away. Her brother and her friends all died because of who they were and where they were from, because they lived with a history of racism and economic struggle that fostered drug addiction and the dissolution of family and relationships. Jesmyn says the answer was so obvious she felt stupid for not seeing it. But it nagged at her until she knew she had to write about her community, to write their stories and her own. Jesmyn grew up in poverty in rural Mississippi. She writes powerfully about the pressures this brings, on the men who can do no right and the

women who stand in for family in a society where the men are often absent. She bravely tells her story, revisiting the agonizing losses of her only brother and her friends. As the sole member of her family to leave home and pursue high education, she writes about this parallel American universe with the objectivity distance provides and the intimacy of utter familiarity.

Cherubimbo and Other Stories Gabriel S. de Anda,2011-08-29 Few writers can create worlds so rich and fully-realized the reader immediately feels at home, even when the concepts have not yet been fully laid out. Fewer still can do so with language so rich and lyrical it is a joy to read, with details so rooted in the human experience that one cannot help but be absorbed into the story. Gabriel de Anda is such a writer. Whether delineating the struggles of a law firm dealing with the demands of an ex-partner --- about as ex as one can get --- or the dichotomy of rich and poor spreading out among the galaxies or even musing on the irrelevance of a classic icon which somehow makes it seem more relevant than ever de Anda nails it. Readers, you are in for a treat.

Truth Be Told Alexandra Bogdanovic,2014-09-19 Chastity Bono is now Chaz. Her decision to “become” a man made headlines around the world, but she is not alone. Transgender men and women frequently appear on television talk shows and reality programs to share their stories. By doing so, they inevitably get the attention they seek, but not necessarily the kind of attention they want. While some come forth in an effort to promote tolerance, acceptance and understanding in mainstream society, their decision to live as—or in some cases have surgery to become—the opposite gender often sparks curiosity and more visceral reactions born out of ignorance. But this is the other side of the story. *Truth Be Told: Adam Becomes Audrey* is a tragedy, a comedy, and a love story. It is my story. In vivid detail, I recall how I met, fell in love with, and married the man of my dreams, only to find that he self-identified as and wanted to become a woman.
