Karen M. McManus 2-Book Bundle: One of Us Is Lying and One of Us Is Next Karen M. McManus, When it comes to YA suspense, Karen M. McManus is in a league of her own. (EW) A must-have for every library, this 2-book bundle includes the New York Times bestseller, *One of Us Is Lying* and its sequel *One of Us Is Next*. Pay close attention and you might solve this. One of Us Is Lying Five students walk into detention, and only four walk out. According to investigators, the last student's death wasn't an accident. He was planning to post juicy reveals about all four of his classmates the next day, which makes them each suspects. Or are they the perfect patsies for a killer who's still on the loose? *One of Us Is Next* A ton of copycat gossip apps have popped up since Simon died, but in the year after no one's been able to fill the gossip void quite like he could. The problem is no one has the facts. Until now. This time it's not an app, though--it's a game. Truth or Dare. And if you're smart, you'll always take the dare.

The Next Target Marcel Trigueiro, Leiah Cooper, Leiah So, I Read This Book Today, 2014-12-20 (NEW: Fourth edition - now translated and edited by So, I Read This Book Today, Golden Colorado) When fear is used as a weapon, the panic paralyses the target like a spider web which immobilizes the preys in the last seconds of their existences. Thenceforth, eliminating a life becomes something elementary. Rio de Janeiro had already experienced the climate of terror at the end of 2010, with cars and buses being constantly torched overnight. Now, a similar climate settles in the city, but this time the targets have names and surnames. Hundreds of thousands of people are

progressively threatened by terrorists who seem to know all the details of their lives. Some of them are cowardly murdered, in a demonstration that anyone can die. Matheus Erming is the Computer Forensics specialist responsible for examining the computers used by the victims and for finding out how details of their daily routines, kinship and friendship relations were taken by the perpetrators of the attacks. The investigations are the starting point of a persecution not only cybernetic, which touches the lower levels of the organized crime and chases for the roots of chaos in the city. During this race, the security of Matheus' family is also put at risk. When this happens, he knows he has only one choice: to go further, at any cost.

The Target Kay David, 2012-03-15 To some, the members of the bomb squad are more than a little left of normal. After all, when everyone else is running away from a bomb, they're heading toward it. In this line of work, precision, knowledge and nerves of steel are requirements—especially when a serial bomber makes the team his next target. Hannah Crosby and Quinn McNichol are perfect for each other—everyone thinks so. But sometimes being perfect isn't enough. Hannah wants more. Marriage, children, a future... Quinn doesn't think marriage—let alone children—is a good idea. He can never forget the dangers that people in their profession face every day. What happens if one of them doesn't come home one night? And now it seems as if a bomber is trying to help them answer that question.

Moving Target Christina Diaz Gonzalez, 2015-08-25 In this exciting and action-packed adventure by an award-winning author, a young girl discovers her secret ancient bloodline. The fate of her family, and the world, may rest in her hands . . . Cassie Arroyo, an American studying in Rome, has her world ripped apart when someone tries to kill her father, an art history professor at an Italian university. Is she their next target? Cassie sets out to uncover what is happening, only to learn that

she is a member of an ancient bloodline that enables her to use the Spear of Destiny--a legendary object that can alter the future. Now running from a secret organization intent on killing those from her bloodline, Cassie must--with the help of some friends--decipher the clues that will lead her to the Spear. Christina Diaz Gonzalez has created a fast-paced thrill-ride of a book, rich with riddles and myth, that young readers will not want to put down.

The Next Target Trevor Roberts, 2019-03-04 Terrorism has become such a part of the daily news that we have become almost accustomed to it. Instead of being as shocked as we might have been a few years ago, we tend to accept it as almost inevitable. Since 9/11 there have been several really horrific attacks that have resulted in hundreds of mortalities but nothing on the scale you will encounter in these pages. This book is about a group of Muslim extremists who orchestrate an elaborate plan to bring the Channel Tunnel to a standstill with catastrophic consequences not only for those travelling through the tunnel at the time but for anyone contemplating using it in the foreseeable future. The majority of the group are English, the significance of which is only brought to light in the aftermath. Exploiting what they believe to be weaknesses in security, they devise ways to shock us that surpass all previous forms of attack. This is terrorism taken to a frightening new level.
