Yicheng Fang

**Albion's Seed** David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

*First U-Boat Flotilla* Lawrence Paterson,2001-08-01 Lawrence Paterson is an author and historian.  
*Winston S. Churchill: Finest Hour, 1939-1941* Martin Gilbert,2015-04-05 The sixth volume in the official biography: “A milestone, a monument, a magisterial achievement” (Andrew Roberts, author of *The Storm of War*). Starting with the outbreak of war in September 1939 and ending with the Japanese attack on Pearl Harbor in December 1941, this volume in the epic biography of Winston S. Churchill draws on remarkably diverse material: from the War Cabinet and other government records to Churchill’s own archive and diaries and letters of his private secretariat to the recollections of those who worked most closely with him. On the day Hitler invaded Poland, Churchill, aged sixty-four, had been out of office for ten years. Two days later, he became First Lord of the Admiralty, in charge of British naval policy and at the center of war direction. In May 1940 he became prime minister, leading his nation during a time of grave danger and setbacks. His first year and a half as prime minister included the Dunkirk evacuation, the fall of France, the Battle of Britain, the Blitz, the Battle of the Atlantic, the struggle in the Western Desert, and Hitler’s invasion of Russia. By the end of 1940, Britain under Churchill’s leadership had survived the onslaught and was making plans to continue the war against an enemy of unlimited ambition and ferocious will. One of Churchill’s inner circle said: “We who worked with Churchill every day of the war still saw at most a quarter of his daily tasks and worries.” Martin Gilbert has pieced together the whole, setting in context much hitherto scattered and secret evidence, in order to give an intimate and fascinating account of the architect of Britain’s “finest hour.” “The most scholarly study of Churchill in war and peace ever written.” –Herbert Mitgang, *The New York Times*

**The Flare of the Footlights** ... Horace Wyndham,1907  
*Belgravia* ,1898

*Ox-Eye* Anne Rouse,2022-06-23 Anne Rouse is a keenly observant writer of spiky satirical portraits and shapely lyrics of the ordinary and the bizarre. Her perspective in *Ox-Eye* – the term for a small cloud presaging a storm – is one of apprehension in poems relating to personal and social change. Ranging from her native east coast of America to her adopted home on the south coast of England, these incisive but often amused poems question how we view past and present, dismantling obsolete nostalgia, and casting a critical eye on what we wish for and what may happen instead. *Ox-Eye* is her fifth collection from Bloodaxe, appearing 14 years after her previous book, *The Upshot: New & Selected Poems*, which included the new poems of *The Divided* (2008), along with selections from her first three critically acclaimed earlier collections, *Sunset Grill* (1993) and *Timing* (1997) – both Poetry Book Society Recommendations – and *The School of Night* (2004).

**The British Australasian and New Zealand Mail** ,1901  
*Armies of the Irish Rebellion 1798* Stuart Reid,2011-09-20 In 1798, the Irish rose up against the corrupt English government run out of Dublin. Joined by both Protestants and Catholics, the rebellion quickly spread across the country. Although the Irish peasantry were armed mostly with pikes, they were able to overwhelm a number of small, isolated British outposts. However, even with the half-hearted assistance of the French, the Irish could not compete with the organized ranks of the British Army when under competent leadership. In a brutal turning of the tide, the Redcoats plowed through the rebels. In just three months, between 15,000 and 30,000 people died, most of them Irish. This book tells the story of this harsh, but fascinating, period of Irish history and covers the organization and uniforms of the forces involved.

**Allen's Indian mail and register of intelligence for British and foreign India** ,1877  
Battle on the Seven Seas Gary Staff,2011-06-13 “This concise and well-written book will serve as a valuable library addition for anyone interested in the naval activities of the Great War.” –Sea Classics The cruisers of the Imperial German Navy (Kaiserliche Marine) were active throughout the First World War and saw action all around the globe, tying up valuable Allied naval resources out of all proportion to their number. Drawing on firsthand accounts and original research in German archives, the author here describes in detail some of their most significant and/or audacious battles. Some are well known, such as their role at Jutland, Goeben’s attack on the Russian fleet (which brought Turkey into the war) and the sagas of Königsberg and Emden; but others have been unduly neglected. Gary Staff deliberately focuses on the latter to bring new material to the attention of the reader and to demonstrate the global span of the cruisers’ activities. The blow-by-blow accounts of the action (drawing heavily on firsthand Allied and especially German accounts) are supported by dozens of photographs, many previously unpublished, from the author’s own impressive collection. The battles described include: Heligoland Bight, August 1914; Coronel, November 1914; Falklands December, 1914; Doggerbank, January 1915; Goeben and the Russian fleet, Black Sea, May 1915; Ostergarn July 1915; Jutland, 1916; Second Heligoland Bight, November 1917; Imbros, January 1918. “This is likely to become the definitive account of the cruiser war and will be essential reading for anyone interested in developing a comprehensive understanding of the naval warfare from 1914-1918.” –Firetrench
