Smoking Out a Killer Harry P. Lonsdale,2000-05-02 Roll the Stogies... Once, Nick Chase was a New York homicide detective. But he traded in the grime of the Naked City for a new life as the proprietor of a cigar store called The Happy Smoking Ground in Cambridge, Massachusetts. For fifteen years it's been paradise. But lately, there's been an unwelcome customer hanging around--called murder... ... Roll the Film! Movie producer Natalie Goodman has just begun filming a flick based on Nick Chase's first case, so she's invited a few people out to her New England island estate to celebrate with a weekend of cigars and murder. But she only planned a murder game, not to become the target of a murderer herself. There's no shortage of suspects: a major investor with whom she had a very intimate relationship, the hot young actor who's very eager to recover an incriminating videotape, the co-producer anxious to gain control of the studio, the writer who was shut out of onscreen credit. All these guests and more have plenty of reasons to smoke Natalie. But Nick better wrap this case fast--because as more bodies keep turning up, it's clear that somebody's bent on snuffing out a few aficionados!

**1960: LBJ vs. JFK vs. Nixon** David Pietrusza,2018-09-04 "1960 aims to take us deeper into the campaign than Theodore White's famous The Making of the President, 1960. And it does."—Chicago Sun-Times This is award-winning historian David Pietrusza's hard-edged account of the 1960 presidential campaign, the election that ultimately gave America "Camelot" and its tragic aftermath. It is the story of the bare-knuckle politics of the primaries; the party conventions' backroom dealings; the unprecedented television debates; the hot-button issues of race, religion, and foreign policy—and, at the center of it all, three future presidents: Lyndon Johnson, John F. Kennedy, and Richard Nixon. "Terrific." —Robert A. Caro, winner of two Pulitzer Prizes and the National Book Award "A stirring, hard-edged political saga... An outstanding reexamination."—Booklist 1960 provides new insights into that year's hard-fought, pivotal election, but, more than that, 1960 is great storytelling—a fascinating, can't-put-it-down account of how American politics really works."—former United States Attorney General Richard Thornburgh "Essential for understanding the political forces

that in many ways shaped the world we live in today.” —David Mark, author of *Going Dirty: The Art of Negative Campaigning*

**The Chase** Janet Evanovich, Lee Goldberg, 2014-02-25 NEW YORK TIMES BESTSELLER Janet Evanovich and Lee Goldberg, bestselling authors of *The Heist*, return in this action-packed, exciting adventure featuring master con artist Nicolas Fox and die-hard FBI agent Kate O’Hare. And this time around, things go from hot to nuclear when government secrets are on the line. Internationally renowned thief and con artist Nicolas Fox is famous for running elaborate and daring scams. His greatest con of all: convincing the FBI to team him up with the only person who has ever caught him, and the only woman to ever capture his attention, Special Agent Kate O’Hare. Together they’ll go undercover to swindle and catch the world’s most wanted—and untouchable—criminals. Their newest target is Carter Grove, a former White House chief of staff and the ruthless leader of a private security agency. Grove has stolen a rare Chinese artifact from the Smithsonian, a crime that will torpedo U.S. relations with China if it ever becomes public. Nick and Kate must work under the radar—and against the clock—to devise a plan to steal the piece back. Confronting Grove’s elite assassins, Nick and Kate rely on the skills of their ragtag crew, including a flamboyant actor, a Geek Squad techie, and a band of AARP-card-carrying mercenaries led by none other than Kate’s dad. A daring heist and a deadly chase lead Nick and Kate from Washington, D.C., to Shanghai, from the highlands of Scotland to the underbelly of Montreal. But it’ll take more than death threats, trained henchmen, sleepless nights, and the fate of a dynasty’s priceless heirloom to outsmart Fox and O’Hare. **BONUS:** This edition includes an excerpt from Janet Evanovich and Lee Goldberg’s *The Job*. Praise for *The Chase* “Fast and entertaining . . . new thrills and adventure on every page.”—Examiner.com “The action never stops . . . and a humorous tone keeps everything moving at a fun clip.”—Associated Press “Great fun, with plenty of twists.”—The Sacramento Bee

*Beyond Early Reading* David Waugh, Sally Neaum, 2013-09-17 This is an essential text for primary trainees and teachers. While the focus in early reading is on systematic synthetic phonics, it is important to see the bigger picture and understand that teaching reading is a continuum that involves more much than the mechanics of reading. The book focuses on a range of issues to develop children who can read into children who do read, including extending reading with proficient readers, engaging disengaged readers, sustaining interest in reading in the transition from primary to secondary, and the importance of oracy in reading. Additionally, there is an exploration of the wider context of reading including international perspectives, new literacies and the importance of reading to personal development. Case studies and activities demonstrate practical applications with clear links to the underpinning theory, while critical reflections challenge the reader and encourage deeper thought about the chapter content.

*No Rest for the Departed* Nancy Herriman, 2024-05-07 When a murder may hold clues to the death of Nick’s sister, he and Celia will go up against San Francisco’s privileged and powerful to unearth the truth . . . Detective Nick Greaves has always been haunted by the death of his younger sister, and that pain is brought vividly to the surface when a dead body fished out of the bay turns out to be her former beau. Certain that the man was murdered to cover up what he knew about his sister’s tragic end, Nick is determined to find the man’s killer. And when Celia turns up information that could be crucial to his investigation, he reluctantly agrees to accept her help. But no sooner do they begin their search than it becomes clear that powerful forces are at work to stop them. First Celia is threatened when she looks into the shady dealings of a wealthy family’s fashionable auction house, and then an innocent man is killed when he’s hit by a bullet intended for Nick. With mounting evidence pointing to high-end smuggling and police corruption, Celia and Nick must face down San Francisco’s elite to catch the killer—and to find answers that may finally let Nick put his demons to rest . . .

**The Dime Novel in Children's Literature** Vicki Anderson, 2014-10-16 With their rakish characters, sensationalist plots, improbable adventures and objectionable language (like *swell* and *golly*), dime novels in their heyday were widely considered a threat to the morals of impressionable youth. Roundly criticized by church leaders and educators of the time, these short, quick-moving, pocket-sized publications were also, inevitably, wildly popular with readers of all ages. This work looks at the evolution of the dime novel and at the authors, publishers, illustrators, and subject matter of the genre. Also discussed are related types of children's literature, such as story papers, chapbooks, broadsides, serial books, pulp magazines, comic books and today's paperback books. The author shows how these works reveal much about early American life and thought and how they reflect cultural nationalism through their ideological teachings in personal morality and ethics, humanitarian reform and political thought. Overall, this book is a thoughtful consideration of the dime novel's contribution to the genre of children's literature. Eight appendices provide a wealth of information, offering an annotated bibliography of dime novels and listing series books, story paper periodicals, characters, authors and their pseudonyms, and more. A reference section, index and illustrations are all included.

**The Invisible Art of Film Music** Laurence E. MacDonald, 2013-05-02 Beginning with the era of synchronized sound in the 1920s, music has been an integral part of motion pictures. Whether used to heighten the tension of a scene or evoke a subtle emotional response, scores have played a significant—if often unrealized—role in the viewer's enjoyment. In *The Invisible Art of Film Music*, Laurence MacDonald provides a comprehensive introduction for the general student, film historian, and aspiring cinematographer. Arranged chronologically from the silent era to the present day, this volume provides insight into the evolution of music in cinema and analyzes the vital contributions of scores to hundreds of films. MacDonald reviews key developments in film music and discusses many of the most important and influential scores of the last nine decades, including those from *Modern Times*, *Gone with the Wind*, *Citizen Kane*, *Laura*, *A Streetcar Named Desire*, *Ben-Hur*, *Lawrence of Arabia*, *The Godfather*, *Jaws*, *Ragtime*, *The Mission*, *Titanic*, *Gladiator*, *The Lord of the Rings*, *Brokeback Mountain*, and *Slumdog Millionaire*. MacDonald also provides biographical sketches of such great composers as Max Steiner, Alfred Newman, Franz Waxman, Bernard Herrmann, Elmer Bernstein, Henry Mancini, Maurice Jarre, John Barry, John Williams, Jerry Goldsmith, Dave Grusin, Ennio Morricone, Randy Newman, Hans Zimmer, and Danny Elfman. Updated and expanded to include scores produced well into the twenty-first century, this new edition of *The Invisible Art of Film Music* will appeal

not only to scholars of cinema and musicologists but also any fan of film scores.

**Crash Cinema** Will Godfrey, Jill Good, Mark Goodall, 2009-10-02 Crash Cinema: Representation in Film is a collection of essays that emerged from Crash Cinema an annual symposium that is an integral part of the Bradford Film Festival at the National Media Museum (UK). The symposium was created by academics and curators who share the common aim of promoting the importance of film both as an academic study and for critical public appreciation. Films can be enjoyed as entertainment, they can educate and inform and they can excite and disturb. Films are powerful pieces of culture. The films that we now 'consume' do more than simply amuse or horrify. Cinema not only thrills us but also communicates to us about ourselves and in the twentieth and twenty-first century moving images have become the dominant form of this communication. Bombarded by images, we inhabit a media intensive world in which every aspect of life is pervaded by visual signs. In these circumstances it becomes increasingly significant to engage with the politics of representation. Through this vital process we can acknowledge that all cultural forms, whether in high art or the mass media, are in the broadest sense political. We can also appreciate that it is a complex agenda of interests that shapes specific ideological meanings. Fulsomely equipped, we can apply this essential tool to the exciting task of decoding the political, social and cultural meanings articulated through the making, promotion and consumption of film. This book aims to offer an arena for the analysis of these representations. Representations cannot depict the 'truth' and the essays in this book do not claim to search for the 'truth'. We ask whose 'truth' is being represented, how is it represented and why is it represented like that? We also ask how do representations tell us something about the culture within which they are created. Yet the essays in this volume are not 'stuck' in the representational concerns of the past and try instead to uncover the power of cinema to shock and surprise whether that be through visceral impact, subversive content, experiments with identity or the exploration of the taboo. Representation, as defined by the eleven essays in this book, is a fluid and dynamic approach to the study of film. The study of film, to which this book contributes some unique case studies, is as popular as ever and has withstood growing challenge from the new media such as CG Animations, the internet and computer, console and online gaming. This is because the pleasure of film is still the most humanistic and because the sophistication of the representations offered by cinematic expression remain ever more complex and pleasurable to decipher. This book can therefore be read by any student, academic, writer or filmmaker hooked on these delights.
