The Thorn Birds Colleen McCullough, 2010-05-11 One of the most beloved novels of all time, Colleen McCullough's magnificent saga of dreams, struggles, dark passions, and forbidden love in the Australian outback has enthralled readers the world over. *The Thorn Birds* is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit. Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma.

The Beijing of Possibilities Jonathan Tel, 2009-06-30 Blending elements of the surreal with carefully observed

details of life in present-day Beijing, Jonathan Tel's short stories offer a rich and highly entertaining guide to the city and its many and varied inhabitants—from a modern-day Monkey King to an equally contemporary indentured servant, from a boy tasting his first cotton candy to a Ming Dynasty princess posting her first online profile. The stories offer a vicarious tour through modern Beijing and a long view of Chinese history. The reader flies through the book, chuckling over one character's trickery, moved by another's plight, and horrified at another's unwitting actions, until reaching the culminating novella, which brings the whole book and its take on China back to the Western reader with a stunning immediacy. Americans' newly minted fascination with China, stoked by the 2008 Olympics, can find both intellectual and artistic satisfaction in this collection.

Low-Carbon Birding Javier Caletrío, 2022-09-06 Birdwatching in Britain has grown increasingly dependent on burning fossil fuels. Regularly driving long distances to birding hotspots and frequent flying to see exotic species are seen as perfectly normal. In the face of the climate crisis, however, a growing number of birders are reassessing the way they enjoy and study birds. In this timely book, 30 contributors—from young birdwatchers to professional ornithologists—explain why and how they are shifting to climate-friendlier approaches. Low-carbon birding, they argue, is a legitimate and valuable way of enjoying birds. Furthermore, in itself this can bring many joys, some of them unexpected. From first encounters with hawfinches to focusing in on birdsong, from the Kalahari to the Hebrides, the stories told here are not about heroic efforts to save the planet. They are simply accounts of everyday humanity in unprecedented times—ordinary people with doubts and concerns about how to live a decent life and act responsibly in a rapidly warming world. The authenticity of their voices is a testament to the moment of awakening to the climate crisis in British ornithology. Above all, Low-Carbon Birding is an urgent call for birders to leave a better legacy in the skies and across the living world.

Dreams Never Sleep Natasa Alina Culea, 2020-07-13 Synopsis Trying to escape from a love triangle, the French writer, Lea, is caught in the heart of the mountains, during a snowstorm, inside of a surreal guest house.

_____ "A literary delight! A dream of winter, a spark of night magic in full day realism, a necessary avalanche, because sometimes we need something dramatic to wake up and realize who we can be and what are the ideals we forgot. Natasha's Alina Culea hypersensitivity is able to track the progression of the imperceptible creep of the atmosphere caused by the struggles of a butterfly wing to its cumulative effect, the final tornado of Theory of Chaos. In his recent vivisection, "Dreams never sleep", the correlations of the soul with the Universe vibrate in the most carnal incarnation of assumed femininity. Finally, all you have to do is ask yourself: Did I wake up from my dream or does the dream start now?" analogiantologii.com & literaturapetocuri.ro

Standing in Another Man's Grave Ian Rankin, 2012-11-08 What price will he pay to get his old life back...? From the No.1 bestselling author of *A SONG FOR THE DARK TIMES* 'This is British crime-writing of the finest, lasting quality' DAILY MAIL 'Genius ... Rankin once again proves himself to be the consummate master of crime' SCOTLAND ON SUNDAY A series of seemingly random disappearances - stretching back to the millennium. A mother determined to find the truth. A retired cop desperate to get his old life back... It's been some time since Rebus was forced to

retire, and he now works as a civilian in a cold-case unit. So when a long-dead case bursts back to life, he can't resist the opportunity to get his feet under the CID desk once more. But Rebus is as stubborn and anarchic as ever, and he quickly finds himself in deep with pretty much everyone, including DI Siobhan Clarke. All Rebus wants to do is uncover the truth. The big question is: can he be the man he once was and still stay on the right side of the law?

Henry Mancini John Caps, 2012-02-15 Henry Mancini, the first publicly successful and personally recognizable film composer in history, has practically become a Hollywood brand name. In his lifetime, he sold thirty million albums and won four Oscars and twenty Grammy awards. Through Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movies and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wrote his first dramatic music for a radio series in 1950. By the mid-1960s, he wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show *Peter Gunn*, the sly theme from *The Pink Panther*, and his wistful folk song *Moon River* from *Breakfast at Tiffany's*. Following the evolution of Mancini's style, Caps traces the history of movie scoring in general: from the jazz-pop of the 1960s to the edgier, electro-funk harmonies of the Watergate 1970s, from the revisionist 1980s marked by New Age trends and new jazz chords to the frustrating New Hollywood of the 1990s when films were made by committees of lawyers rather than by artisans. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of each film to create musical effects through clever instrumentation, eloquent melodies, and the strong narrative qualities of his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music.

Ninja Stephen Turnbull, 2017-11-30 This history of the ninja uncovers the truth behind the image—from the exploits of medieval ninjas to their modern incarnation as pop culture icons. The ninja is a legendary figure in Japanese military culture, a fighter widely regarded as the world's greatest expert in secret warfare. The word alone conjures the image of a masked assassin dressed in black, capable of extraordinary feats of daring; a mercenary who disposes of enemies by sending sharp iron stars spinning towards them. This is, of course, a popular myth, based on exaggerations and Hollywood movies. But the truth, as Stephen Turnbull explains in *Ninja*, is even more fascinating. A leading expert on samurai culture, Turnbull presents an authoritative study of ninja history based on original Japanese sources, many of which have never been translated before. These include accounts of castle attacks, assassinations and espionage, as well as the last great ninja manual, which reveals the spiritual and religious ideals that were believed to lie behind the ninja's arts. Turnbull's critical examination of the ninja phenomenon ranges from undercover operations during the age of Japan's civil wars to the modern emergence of the superman ninja as a comic book character. The book concludes with a detailed investigation of the ninja in popular culture.

Zubir Said Rohana Zubir, 2012 Zubir Said is best known as the composer of Majulah Singapura, the national anthem of Singapore; Semoga Bahagia, the Singapore school anthem; and Melayu Raya. Memory, Grief, and Agency Sunder John Boopalan, 2017-09-18 This book argues that an active memory of and grief over structural wrongs yields positive agency. Such agency generates rites of moral responsibility that serve as antidotes to violent identities and catalyze hospitable social practices. By comparing Indian and U.S. contexts of caste and race, Sunder John Boopalan proposes that wrongs today are better understood as rituals of humiliation which are socially conditioned practices of domination affected by discriminatory logics of the past. Grief can be redressive by transforming violent identities and hostile in-group/out-group differences when guided by a liberative political theological imagination. This volume facilitates interdisciplinary conversations between theorists and theologians of caste and race, and those interested in understanding the relation between religion and power.

The Lawful and the Prohibited in Islam Yusuf al-Qaradawi, 2013-10-11 Since its first publication in 1960, this famous work by Yusuf al-Qaradawi has enjoyed a huge readership in the Muslim world, and has been translated into many languages. It dispels the ambiguities surrounding the Shari'ah to fulfil the essential needs of the Muslims in this age. It clarifies the ḥalāl (lawful) and why it is ḥalāl, and the ḥarām (prohibited) and why it is ḥarām, referring to the Qur'an and the Sunnah of the Prophet. It answers questions which may face the Muslims today, and refutes the ambiguities and lies about Islam. Dr al-Qaradawi delves into the authentic references in Islamic jurisprudence, extracting judgements of interest to contemporary Muslims in the areas of worship, business dealings, family life, food and drink, dress and ornaments, patterns of behaviour, individual and group relations, family and social ethics, habits and social customs.
