They had believed they were safe in their numbers, and for a time that had been true, but no more... The Fold Book One: Doctor Jessie Stone moved through the clinic quickly, her eyes falling on the many faces: Mothers, children, all waiting. She passed the desk, nodded at Vera who held her eyes for a moment. Give me five minutes, Vera, then start sending them... She caught the concern in Vera's eyes. One in particular? She asked. Little girl... Infection, maybe pneumonia, she shrugged. Sounded bad to me. Jessie nodded. Then send her in first, Vera. She pushed her way through the doors that lead to the back area and shrugged into a gown before grabbing the first chart off the board and beginning to read.

War at Home two: Donita: The hunger was terrible, all consuming, and it came in crashing waves. The impulse to feed seemed to be the only coherent thought she had. It was hard to think around, hard to think past. It was all she could do not to rush from the trees, find the smell that tempted her and consume it. Eat it completely. Leave nothing at all... But the pristine white sands will soon run red, as a secret even more gut-wrenching than flesh-eating ghouls coes to light! *The Living Dead* George A. Romero,Daniel Kraus,2020-08-04 “A horror landmark and a work of gory genius.”—Joe Hill, New York Times bestselling author of *The Fireman* New York Times bestselling author Daniel Kraus completes George A. Romero's brand-new masterpiece of zombie horror, the massive novel left unfinished at Romero's death! George A. Romero invented the modern zombie with *Night of the Living Dead*, creating a monster that has become a key part of pop culture. Romero often felt hemmed in by the constraints of film-making. To tell the story of the rise of the zombies and the fall of humanity the way it should be told, Romero turned to fiction. Unfortunately, when he died, the story was incomplete. Enter Daniel Kraus, co-author, with Guillermo del Toro, of the New York Times bestseller *The Shape of Water* (based on the Academy Award-winning movie) and *Trollhunters* (which became an Emmy Award-winning series), and author of *The Death and Life of Zebulon Finch* (an Entertainment Weekly Top 10 Book of the Year). A lifelong Romero fan, Kraus was honored to be asked, by Romero's widow, to complete *The Living Dead*. Set in the present day, *The Living Dead* is an entirely new tale, the story of the zombie plague as George A. Romero wanted to tell it. It begins with one body. A pair of medical examiners find themselves battling a dead man who won't stay dead. It spreads quickly. In a Midwestern trailer park, a Black teenage girl and a Muslim immigrant battle newly-risen friends and family. On a US aircraft carrier, living sailors hide from dead ones while a fanatic makes a new religion out of death. At a cable news station, a surviving anchor keeps broadcasting while his undead colleagues try to devour him. In DC, an autistic federal employee charts the outbreak, preserving data for a future that may never come. Everywhere, people are targeted by both the living and the dead. We think we know how this story ends. We. Are. Wrong. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A viral disease ran wild and ravaged the world. Everything that was so fun was gone. Now everyone fought to stay alive just a day longer. Connor and his friends and family work hard to stay with each other, they cling to each other for survival. In this world, a world that's gone mad; a world filled with the living dead. That they will find peace and safety from the terrifying world and that some form of normality will return to the world. As for now though the dead roam the world conquering, destroying, eating everything in sight without a care in the world. All they wanted was to satisfy their ever-growing hunger. America the Dead Survivor Stories Five W. G. Sweet,2016-06-16 America The Dead Survivor Stories Five contains books Nine and Ten of the series. Both of these books were unreleased. The Fold Book Two: Rodney stood slowly from Mamma's grave where he had been kneeling, and turned to the people behind him. Jessie stepped out and the small crowd fell silent. It's time, she said simply, it's time to leave. She turned back to the others and they climbed inside her SUV. A few moments later she backed around, came back up onto the rutted dirt road and started slowly out of the settlement. Most of the inhabitants had left soon after Mamma had died. They had given no reasons, and Rodney had asked for none. Of the more than one thousand people that had been there, there were less than forty now, gathered around them in a circle. The small crowd moved away and quickly gathered what they wished to take with them, which was not a great deal. Less than twenty minutes later a worn caravan of patched and rusty vehicles pulled out of the park at Lake Union, and trekked slowly out of Seattle following Jessie Stone. As they drove east, other encampments joined them, and when they were just beyond the city limits, the small caravan that had started with no more than fifteen vehicles had grown to more than thirty. Bluechip: It was a beautiful day to be alone. He wondered about the kid, Jingo. What had happened to him? The theory was that the girl, Nikki Moore, had killed him and dumped his body out in one of the swamps. It was possible, he supposed. The money had never turned up, that was all Sammy knew for sure. Or if it had someone else had taken it and knew how to keep their mouth shut. Either way, he wouldn't be getting his hands on it. It was gone. He looked out over the water. A beautiful early spring day. A good day to call it quits. He rolled forward, daring himself. The edge of the dock just a few inches away. It would be so easy. He took a deep breath, as deep as he was able to, laughed and then released it: Then before he could change his mind he wheeled himself off the end of the dock. The bubbles died away after the first few minutes. Somewhere across the lake a loon cried out.

**America the Dead Survivors Stories Two** W. G. Sweet,2016-06-16 America The Dead Survivor Stories Two contains books three and four of the series. Manhattan: Donita's Notebook March 1st (Night) Quakes, at least three. Warmed up fast, and all the dirty snow that was piled along the streets has melted. Torrential rains. Thunder and lightening in the snow storm that came after sunset. Didn't last long; turned back to rain. Parts of the projects are burning. Jersey is burning. The sky is red-orange, everything across the river is on fire. No one has come. War At Home one: Gabe Kohlson moved away from the monitors. Heart rate is dropping, don't you think... He stopped as the monitor began to chime softly. Dammit, Kohlson said as he finished his turn. What is it, David Johns wheeled his chair across the short space of the control room. Flat lined, Kohlson said as he pushed a button on the wall to confirm what the doctors already knew. Clayton Hunter was dead.
