Edward S. Reed,Elliot Turiel,Terrance Brown

Irish Scene and Sound Virva Basegmez,2005

The Infernal City: An Elder Scrolls Novel Greg Keyes,2009-11-24 Based on the award-winning The Elder Scrolls, The Infernal City is the first of two exhilarating novels following events that continue the story from The Elder Scrolls IV: Oblivion, named 2006 Game of the Year. Four decades after the Oblivion Crisis, Tamriel is threatened anew by an ancient and all-consuming evil. It is Umbriel, a floating city that casts a terrifying shadow—for wherever it falls, people die and rise again. And it is in Umbriel's shadow that a great adventure begins, and a group of unlikely heroes meet. A legendary prince with a secret. A spy on the trail of a vast conspiracy. A mage obsessed with his desire for revenge. And Annaig, a young girl in whose hands the fate of Tamriel may rest

Reason & Persuasion John Holbo,2008

Vibrations Lola M. Schaefer,Gail Saunders-Smith,2001 Describes vibration and shows different objects which vibrate including hummingbird wings, drums, and guitar strings.

Jac the Clown Hjalmar Bergman,1995 Hjalmar Bergman's Jac the Clown is a classic novel, the last and widely judged the most innovative and even the best of an author considered to be one of the three portal figures in Swedish literature in the first half of this century. Bergman's own experiences as a Hollywood script writer form the background of the book, and his unusual blending of the comic and tragic informs almost every page. The novel - amusing, poignant, flippant, profound - tells the story of Benjamin (Benbe) Borck, whose relatives loan him money for a trip to America to visit their famous artist cousin, the clown Jac Tracbac, alias Jonathan Borck, the alter ego of Bergman.

Herbicide Handbook Weed Science Society of America,Weed Science Society of America. Herbicide Handbook Committee,2014-05-01 Summary of herbicide mechanism of action according to the Herbicide Resistance Action Committee (HRAC) and Weed Science Society of America (WSSA) Classification.

Same-Sex Cultures and Sexualities Jennifer Robertson,2008-04-15 This book demonstrates the centrality of sex, gender, and sexuality to theories of human behaviors and practices. Moves beyond other “lesbian and gay studies” readers by presenting a broader view of the significance of studying same-sex cultures and sexualities across cultures. Offers readings from all four subfields of anthropology: cultural, biological, linguistic, and archaeological (along with historical and applied anthropology). Includes discussion of biotechnology and bioethics, health and illness, language, ethnicity, identity, politics, post-colonialism, kinship, development, and policymaking.

The Other Side of the Rainbow Máire Brennan,Angela Little,2001 Raised in county Donegal, Ireland, Maire began her musical career with family band Clannad. Along with sister Enya, and the other members of Clannad, Maire has always fiercely guarded her privacy. Yet in recent years - largely due to a new self confidence and discovery of Christian faith - Maire has begun to share a testimony that has inspired thousands of fans on both sides of the Atlantic. We follow her life - from idyllic innocent childhood in county Donegal, through the highs and lows of success in the public eye, the personal torment of successive relationship breakdown, and the consequences of promiscuity and drug and alcohol indulgence. Ultimately this is a story of a woman whose dream became a nightmare, and yet throughout the trauma a still small voice continued to whisper her name. In seeking out that voice she finally found her love and security she had craved all her life.

Children's Geographies Sarah L. Holloway,Gill Valentine,2004-11-23 Children's Geographies is an overview of a rapidly expanding area of cutting edge research. Drawing on original research and extensive case studies in Europe, North and South America, Africa and Asia, the book analyses children's experiences of playing, living and learning. The diverse case studies range from an historical analysis of gender relations in nineteenth century North American playgrounds through to children's experiences of after school care in contemporary Britain, to street cultures amongst homeless children in Indonesia at the end of the twentieth century. Threaded through this empirical diversity, is a common engagement with current debates about the nature of childhood. The individual chapters draw on contemporary sociological understandings of children's competence as social actors. In so doing they not only illustrate the importance of such an approach to our understandings of children's geographies, they also contribute to current debates about spatiality in the social studies of childhood.

Growing Up in a Changing Urban Landscape Ronald Camstra,1997 Selectie van papers gepresenteerd op het congres 'Building identities: gender perspectives on children and urban space', gehouden van 11-13 april 1995. Geselecteerd is op de relevantie m.b.t. kindvriendelijke vormgeving van de moderne stedelijke vormgeving in landen die (enigszins) het karakter van een welvaartsstaat hebben. Het boek bestaat uit vier delen: manier waarop kinderen worden beperkt door hun woonomgeving; analyse van het gedrag van kinderen waarbij hun voorkeuren centraal staan; planning van de woonomgeving; verschillen tussen autochtone en allochtone kinderen. In elke bijdrage komen de verschillen tussen meisjes en jongens aan de orde. Bevat een samenvatting in het Nederlands.

The Cultural Conquest of Ireland Kevin Collins,1990

Three Dialogues Plato, 2011-01-01 Three Dialogues is a collection of three Socratic dialogues by the philosopher Plato: Protagoras, Philebus, and Gorgias. Protagoras is an argument between the elderly and celebrated sophist Protagoras and Socrates about the nature of sophists and virtue. Philebus, written between 360 and 347 BC and one of the last Socratic dialogues, features Socrates (rare for a late dialogue), Philebus, and Protarchus. It centers on the value of pleasure versus knowledge, and focuses in the end on the inherent value of philosophy and reason over drama and poetry: a wholly philosophical idea. Finally, Gorgias is an argument between a philosopher and rhetorician, emphasizing the art of persuasion as necessary for gaining legal and political advantages. All three dialogues are also available in the Cosimo omnibus editions of The Works of Plato. One of the greatest Western philosophers who ever lived, PLATO (c. 428-347 B.C.) was a student of Socrates and teacher of Aristotle. Plato was greatly influenced by Socrates' teachings, often using him as a character in scripts and plays (Socratic dialogues), which he used to demonstrate philosophical ideas. Plato's dialogues were and still are used to teach a wide range of subjects, including politics, mathematics, rhetoric, logic, and, naturally, philosophy.

Nothing But the Same Old Story Liz Curtis, 1996 The Roots of Anti-Irish Racism First published in 1984, this classic sold over 21,000 copies. Traces the long and shameful tale of anti-Irish prejudice in Britain from the Norman Conquest of Ireland in the 12th century up to present day.

Steve Jackson and Ian Livingstone Present Knights of Doom Jonathan Green, Steve Jackson, Ian Livingstone, 1994

The Lives of Bats Wilfried Schober, 1984 Provides information on the latest findings in the field of bat research.

Martin the Warrior Brian Jacques, 2004-02-09 Soon to be a Netflix original series! The battle for freedom begins now, as the adventure continues in the stunning world of Redwall. On the shore of the Eastern Sea, in a cold stone fortress, a stoat named Badrang holds dozens of innocent creatures as slaves, part of his scheme to build an empire where he will rule as unquestioned tyrant. Among those slaves is a mouse named Martin who has a warrior's heart and a burning desire for freedom-freedom not only for himself, but for all of Badrang's victims. There is no risk he will not take, no battle he will not fight, to end the stoat's evil reign and in the process regain the sword of his father, Luke the Warrior, the sword that Badrang stole from him when he was but a lad! Perfect for fans of T. A. Barron's Merlin saga, John Flanagan's Ranger's Apprentice series, and J. R. R. Tolkien's Lord of the Rings series.

Child-friendly Environments Liisa Horelli, Miretta Prezsa, 2004

Island of the Lizard Ian Livingstone, 1984-12 Science fiction.

Values and Knowledge Edward S. Reed, Elliot Turiel, Terrance Brown, 2013-06-17 It is widely recognized that a person's values will profoundly affect what that person attends to, thinks about, and remembers. Yet, despite this, psychologists have only begun to study and think about the deep connections between values and knowledge. This volume explores this important area in psychology by offering an overview of what is known about the developmental role of valuation in the acquisition of knowledge, and also by examining a range of new ideas for understanding the intricate connection between evaluation and thinking. More specifically, the text: provides a historical overview of philosophical and psychological theories relating the values and knowledge; reviews the importance of values for infants and their caretakers in the origins of both cognition and social relations; offers a provocative view of how the differences among families in their values may have profound affects on psychological development; explicates the development of a personal sphere within which one strives to shape one's own values; emphasizes the heterogeneity of valuation inherent in every culture and how conflicts of values are likely to be common and important to human development; presents eye-opening research on social-cognitive limitations of average people in respecting the points of view of others; and summarizes and critiques Piaget's theory of the role of values in development. For practitioners in the fields of developmental and social psychology, and education, this volume will introduce a number of important and current issues, from multiculturalism and gender to the differential roles of temperament and upbringing in development. The emphasis is placed squarely on developing individuals and how they shape themselves in a world that is structured by values as well as by facts.
