Control Freak Cliff Bleszinski,2022-11 The designer of Unreal and Gears of War offers an eye-opening personal account of the video game industry as it grew from niche hobby to hundred-billion-dollar enterprise. Video games are dominating the planet. In 2020, they brought in \$180 billion dollars globally—nearly \$34 billion in the United States alone. So who are the brilliant designers who create these stunning virtual worlds? Cliff Bleszinski—or CliffyB as he is known to gamers—is one of the few who've reached mythical, rock star status. In Control Freak, he gives an unvarnished, all-access tour of the business. Toiling away

in his bedroom, Bleszinski created and shipped his first game before graduating high school, and at just seventeen joined a fledgling company called Epic Games. He describes the grueling hours, obscene amounts of Mountain Dew and obsessive focus necessary to achieve his singular creative visions. He details Epic's rise to industry leader, thanks largely to his work on bestselling franchises Unreal and Gears of War (and, later, his input on a little game called Fortnite), as well as his own awkward ascent from shy, acne-riddled introvert to sports car-driving celebrity rubbing shoulders with Bill Gates. As he writes, "No one is weirder than a nerd with money." While the book is laced with such self-deprecating humor, Bleszinski also bluntly addresses the challenges that have long-faced the gaming community, including sexism and a lack of representation among both designers and the characters they create. *Control Freak* is a hilarious, thoughtful, and inspiring memoir. Even if you don't play games, you'll walk away from this book recognizing them as a true art form and appreciating the genius of their creators.

Albion's Seed David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Bad Motherpuckers Volume 2 Lili Valente,2023-06-30 Contains three HOT Hockey Rom Coms Including PUCK ME BABY You're going to be a daddy. Looking up into Alexi Petrov’s dark eyes as I break the news, I’m scared out of my mind. This man is the most terrifying defender in the NHL, and if it weren't for my sporty new baby bump, I probably wouldn't believe we hooked up that night. But the Alexi who goes to my doctor appointments, moves me into his guesthouse, and cooks me so many gourmet meals I look like I'm carrying twins? He isn't scary at all. He's sweet. And intense. And so sexy I want to smear him with honey and lick it off every

inch of his powerful, protective, oh-so-swoon-worthy body. But that's not a part of our relationship anymore. We're friends who intend to raise a child together. That's all... Right? PUCKED UP LOVE When I see the ad in the Portland Alternative's "Love Wanted" section looking for a submissive instructor, I can't resist the urge to respond. Yes, it's dangerous—as a star forward for the Badgers I have a reputation to protect—but I miss the thrill of calling the shots in the bedroom. So I reach out to Curious Cat about the "educational" opportunity... A few sizzling—and hysterical—emails later we arrange to meet. I'm hoping we'll have chemistry, and I might finally be on my way to getting over my ex-girlfriend. And then the gate to the beer garden swings open and in walks Hailey. My ex is Curious Cat, and this experiment just got a hell of a lot more complicated. PUCK BUDDIES Bree Marks is my best friend... My secret crush... And—wait for it—cursed with a deadly allergy to erecto-plasm. As in she'll seriously swell up and die if seminal fluid even touches her. Which means finding the perfect guy to punch her V card is literally a matter of life and death. She wants a no-strings summer fling, but she needs someone she can trust. A puck buddy who isn't going to get overly emotional. That's where I come in. It's a simple request, really—and one I would be happy to honor. If I wasn't already crazy in love with her. #hockeyromance #hockeyromcom #steamyhockeyromance #spicyhockeyromance #hockeyromanceseries

Let's Pretend This Never Happened Jenny Lawson, 2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives.
