**Maha Kumbh Biggest Planet Event (A Managerial Perspective)** Ramesh Pokhriyal 'Nishank',2022-01-28 The Kumbh Mela (congregation), organized after every 12 years in four cities of India, Haridwar Ujjain, Nasik, Allahabad on the bank of sacred rivers Ganga, Shipra, Godavari, and confluence of Ganga and Yamuna respectively. This is the largest congregation of faith and can be considered as one of the biggest religious events on our planet earth. A dip in the holy river during this period is regarded as very auspicious and believed to purify one's soul and lead to the righteous path. The Mela begins on the auspicious day of Makar Sankranti that falls on 14th January and draws to close around mid April. It draws millions of pilgrims over the course of this period including Ascetics, Saints, Sadhus, Sadhvis, Kalpvasis, and foreigners from various countries of the world. In the holy city of Hardwar, on the bank of sacred river Ganga, Kumbh Mela, was successfully organized in the year 2010. Managing millions of pilgrims in a small city was an arduous task due to geographical and other hurdles. As a Chief Minister of State Dr. Ramesh Pokhriyal Nishank was instrumental in organizing the event successfully. The success of Haridwar Kumbh congregation was highly appreciated on various fronts and won several accolades including a nomination for the prestigious Nobel prize. Taking cognizance of the repeated demands from India, UNESCO has declared Kumbh congregation as a world cultural heritage event that is attended by millions of believers of Hindu faith in disciplined and peaceful manner. For this reason, Kumbh 2010 came into the limelight once again, when people were overwhelmed with joy at the sensitivity of the Nishank Government to facilitate their needs. This book is inspired by a lecture in ISB Hyderabad where the students, faculty, and the director unanimously vouched for the idea that the story of this festival and its management should see the light of the day and be known to the whole world. Organizing this mega event required various innovative measures and enormous strategic planning and the same need to be shared. The idea is that this present book on the managerial perspective of the Kumbh will benefit all those interested in India's glorious traditions and will be fruitful for all the stakeholders who are involved in organizing mega-events like Kumbh.

**Changing Dimensions of India's Foreign Policy** Dr. Purnima Singh,

**Yug Purush Bharat Ratna Atal Ji** Dr. Ramesh Pokhriyal 'Nishank',2023-02-02 I was reading Nishankji's stories. Short stories, touching stories,

touching life, seem to touch rural, hilly areas. If you delve into them now, you will get pain and it will leave so many questions behind. When I read the list of Nishankji's compositions, I am not talking about reading the compositions, then I acknowledged his calibre. Writing is a spiritual practice, if the feelings have been put into words, then it should be understood that it is an original form, and has taken concrete form, wants some shape, so the journey ahead begins. I congratulate Nishankji. But the sensation, which is of heart, should not die and when a person feels his sensation as the sensation of the whole country and society, then a change happens. (Excerpts of Atal's speech on the inauguration of Nishankji's book- 'Khade Hut Prashn', a collection of stories, on 22 May 2007)

Lucene in Action Otis Gospodnetic, Erik Hatcher, Michael McCandless, 2010-07-08 When Lucene first hit the scene five years ago, it was nothing short of amazing. By using this open-source, highly scalable, super-fast search engine, developers could integrate search into applications quickly and efficiently. A lot has changed since then-search has grown from a nice-to-have feature into an indispensable part of most enterprise applications. Lucene now powers search in diverse companies including Akamai, Netflix, LinkedIn, Technorati, HotJobs, Epiphany, FedEx, Mayo Clinic, MIT, New Scientist Magazine, and many others. Some things remain the same, though. Lucene still delivers high-performance search features in a disarmingly easy-to-use API. Due to its vibrant and diverse open-source community of developers and users, Lucene is relentlessly improving, with evolutions to APIs, significant new features such as payloads, and a huge increase (as much as 8x) in indexing speed with Lucene 2.3. And with clear writing, reusable examples, and unmatched advice on best practices, Lucene in Action, Second Edition is still the definitive guide to developing with Lucene. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

The Bhagavad Gita Swami Sivananda,1989 The Bhagavadgita is one phase of the Tripod of Indian philosophy and culture, the other two phases being the Upanishads and the Brahmasutras. While the Upanishads lay the foundation of the loftiest reach possible for humanity and the Brahmasutras logically elucidate the intricate issues involved in the Upanishads, the Bhagavadgita blends together the Transcendent and the Immanent features of the Ultimate Reality, bringing together into an integrated whole knowledge and action, the inner and the outer, the individual and the society, man and God, all which are portrayed as facets of a universal Operation, presenting entire life and all life as a perfectly complete organic wholeness, leaving nothing unsaid and attempting to solve every problem of life.
