Gun Collector's Digest Joseph J. Schroeder, 1974

The NRA National Firearms Museum Gun Collector's Logbook, 2012-10-01 If you own more than one gun, you're a collector. Proudly record the guns in your collection in the official NRA National Firearms Museum Gun Collector's Logbook.

Handsomely bound, sporting the NRA Museum and NRA logos on the front cover, this sturdy firearms record album will withstand frequent handling, making it an excellent choice for gun shows and firearm exhibits. This is the best way for gun collectors to document their compliance with Title 27 ATF Documentation Requirements for Firearms Collectors. Each page has fields for recording information on the firearm as prescribed in Table 4 of Title 27, Part 478. At the back of the logbook is a convenient envelope for saving receipts, photos, and other important loose documentation of your guns. Maintaining a record of the disposition and acquisition of every firearm you own for insurance purposes, as well as to aid in the recovery of lost or stolen guns, is the hallmark of a responsible and conscientious gun owner. The new National Firearms Museum-sponsored gun collector's logbook makes the process of recordkeeping easy and enjoyable. Also included in the logbook is a list of NRA-affiliated associations, details on NRA programs, and a money-saving offer for NRA membership.

The Gun Collector's Handbook of Values Charles Edward Chapel,1947

American Gun Culture Jimmy D. Taylor,2009 Taylor focuses on the value that gun owners place on their guns and the possibility that different guns mean different things to their owners. His research explores the symbolic meaning of guns, and the ways in which the meaning assigned to guns influences gun ownership and use. Some of the more interesting findings center around conversations with gun collectors and enthusiasts about a series of interaction rituals; rituals pertaining to being a gun owner, a gun user, and possibly even the gun as an object of near-worship. Gun owners also recognize a unique stigma, and respond through a complex series of stigma management techniques.

It serves as a log book, recording transactions and point of sale information from acquisition to sale of the weapon in one place. It allows freeform annotation of modifications made to the weapon to ensure the investment is properly catalogued. For the heirloom. It also provides a notes section for the owner to annotate heirloom items for future generations. For the Insurance company. This book records information necessary to properly identify the weapon in the event the authorities need to identify a stolen firearm. About this log book: The fields contained in this book were written in a manner to enable logical collection of information related to the firearm. Substantial effort was put into deciding what types of information most collectors were interested in retaining on their firearms, in addition to generic legal requirements for logging weapon information. There are specific fields for details of the firearm, receipt data, as well as

disposition data for those instances when a firearm is sold or traded. In addition to a page dedicated to the owner's information, this publication gives space for 100 firearms (2 firearms per page, 50 pages of inventory). It also includes four pages for miscellaneous free-form notes.
