It's only a matter of time before Morgan's criminal connection blows up in her face-especially since her undeniable attraction to the man heading the investigation keeps putting her in tricky situations. Former police detective-turned-investigator Gage Juliano has two goals: salvaging his career and nabbing Nemesis, Lantano Valley's present-day Robin Hood. **Night Angel Nemesis** Brent Weeks,2023-04-25 The incredible return to the New York Times bestselling world of the Night Angel, where master assassin Kylar Stern embarks on a new adventure as the High King Logan Gyre calls on him to save his kingdom and the hope of peace. Weeks has been showing other fantasy authors how it's done for over fifteen years. — Peter V. Brett, author of The Desert Prince Weeks is a giant of the genre. — Nicholas Eames, author of Kings of the Wyld After the war that cost him so much, Kylar Stern is broken and alone. He's determined not to kill again, but an impending amnesty will pardon the one murderer he can't let walk free. He promises himself this is the last time. One last hit to tie up the loose ends of his old, lost life. But Kylar's best — and maybe only — friend, the High King Logan Gyre, needs him. To protect a fragile peace, Logan’s new kingdom, and the king’s twin sons, he needs Kylar to secure a powerful magical artifact that was unearthed during the war. With rumors that a ka'kari may be found, adversaries both old and new are on the hunt. And if Kylar has learned anything, it’s that ancient magics are better left in the hands of those he can trust. If he does the job right, he won’t need to kill at all. This isn’t an assassination — it’s a heist. But some jobs are too hard for an easy conscience, and some enemies are so powerful the only answer lies in the shadows. Weeks writes in an inescapably engaging style. Breathlessly high stakes, terrible missteps, and unexpected revelations keep the story humming along at a breakneck pace. — Andrea Stewart, author of The Bone Shard Daughter For more from Brent Weeks, check out: The Ka'kari Codex The Night Angel Trilogy The Way of Shadows Shadow's Edge Beyond the Shadows The Kylar Chronicles Night Angel Nemesis The Night Angel Trilogy: 10th Anniversary EditionNight Angel: The Complete Trilogy (omnibus) Perfect Shadow: A Night Angel Novella The Way of Shadows: The Graphic Novel Lightbringer The Black Prism The Blinding Knife The Broken Eye The Blood Mirror The Burning White

The Political Philosophy of Francis Bacon Tom van Malssen,2014-11-19 An ambitious and radically original reading of philosopher Francis Bacon. Comprehensive in its ambitions and meticulous in its approach, The Political Philosophy of Francis Bacon is a new and unique interpretation of one of early modernity’s more important thinkers. Whereas recent works on Bacon tend to confine themselves either to interpreting his historical context or to considering the founder of Baconianism from the perspective of one work in particular or the history of science in general, Tom van Malssen argues, through detailed and provocative interpretations of a number of Baconian writings, that the unity of Bacon’s thought can only be revealed if these writings are read in historical and philosophical conjunction as well as on the assumption that they are all somehow part of the whole of Bacon’s political philosophy. In addition to restoring Bacon to the pantheon of great philosophers, van Malssen demonstrates that a proper understanding of Bacon’s political philosophy contributes significantly to our understanding of the nature of philanthropic science, the modern project, and ultimately ourselves. “This book will become an enduring pillar of our understanding of Bacon’s philosophy. The scholarship and mastery of the historical sources, both philosophic and Biblical, are brilliant.” — Jerry Weinberger, author of Science, Faith, and Politics: Francis Bacon and the Utopian Roots of the Modern Age: A Commentary on Bacon’s Advancement of Learning “The scholarship of Bacon in this book is masterful. It should transform and deepen the field, the “field” being the nature and history of the philosophic life. This is arguably the most thoughtful, penetrating, and ultimately revealing book on Bacon ever written.” — Svetozar Minkov, author of Francis Bacon’s “Inquiry Touching Human Nature”: Virtue, Philosophy, and the Relief of Man’s Estate

**Nemesis** Scott Ciencin,Denise Ciencin,2004 Even if it takes an eternity, he will make amends. Weakest link When an old friend from graduate school contacts Fred for help with her job at a top scientific facility, Fred feels a mixture of dread about renewing ties to her past and wistfulness for the quiet life she might have led entrenched in her research. But the night they are supposed to meet, her friend is gunned down, the seemingly innocent victim of a mob hit gone wrong. Fred is inconsolable. Although Angel and the others want to help, they have been called upon to solve a rash of murders among a group of wizards. These wizards are the only ones preventing an apocalyptic breach of the walls separating our reality from other, more-deadly worlds. Fred decides to leave the investigation and take her friend's place as a researcher in order to uncover the truth behind her murder. But when the worlds of scientific research and the supernatural collide, Fred may be the only one who can solve the case and stop the coming apocalypse.

Nemesis Brendan Reichs,2018-02-06 Orphan Black meets Lord of the Flies in this riveting new thriller from the co-author of the Virals series. It's been happening since Min was eight. Every two years, on her birthday, a strange man finds her and murders her in cold blood. But hours later, she wakes up in a clearing just outside her tiny Idaho hometown—alone, unhurt, and with all evidence of the horrifying crime erased. Across the valley, Noah just wants to be like everyone else. But he’s not. Nightmares of murder and death plague him, though he does his best to hide the signs. But when the world around him begins to spiral toward panic and destruction, Noah discovers that people have been lying to him his whole life. Everything changes in an eye blink. For the planet has a bigger problem. The Anvil, an enormous asteroid threatening all life on Earth, leaves little room for two troubled teens. Yet on her sixteenth birthday, as she cowers in her bedroom, hoping not to die for the fifth time, Min has had enough. She vows to discover what is happening in Fire Lake and uncovers a lifetime of lies: a vast conspiracy involving the sixty-four students of her sophomore class, one that may be even more sinister than the murders.

**Monster Hunter Nemesis** Larry Correia,2014-06-16 #5 in multiple New York Times bestseller Larry Correia’s Monster Hunter series. Agent Franks of the U.S. Monster Control Bureau is a man of many parts¾parts from other people, that is. Franks is nearly seven feet tall and all muscle. He's nearly indestructible. Plus he’s animated by a powerful alchemical substance and inhabited by a super-intelligent spirit more ancient than humanity itself. Good thing he’s on our side. More or less. Sworn to serve and protect the United States of America from all monsters by one of the country’s founding fathers, Franks has only one condition to the agreement: no matter what the government learns of him, no matter what is discovered concerning his odd physiology or the alchemy behind the elixir that made him, the government is never, ever allowed to try and make more like him. Such is absolutely forbidden and should the powers-that-be do so, then the agreement is null and void. Project Nemesis: in a secret location, using sophisticated technology and advanced genetic engineering, the director of the very agency Franks works for is making more like him. And the director is not content with making one. Nope, he’s making thirteen. Now all bets are off, and Hell hath no fury like a monster betrayed. Particularly if that monster happens to be an undying killing machine capable of taking out vampires and werewolves with one hand tied behind his back. At the publisher's request, this title is sold without DRM (Digital Rights Management). Lexile Score: 800 About Larry Correia’s Monster Hunter series \_[A] no-holds-barred all-out page turner that is part science fiction, part horror, and an absolute blast to read.Ó¾Bookreporter.com \_If you love monsters and action, you’ll love this book. Nemesis William Bernhardt,2009-09-29 In Chicago, Eliot Ness created “the Untouchables,” the fabled team of federal agents who finally put Al Capone behind bars. Now, in the fall of 1935, Ness has been moved to Cleveland to become the city’s director of public safety. But as Ness starts his new job, a grisly serial killer starts a career of his own. One by one, bodies are found, each one decapitated and dissected with a doctor’s skill and a madman’s bent. The police are baffled and the population is terrorized over the so-called “Torso Killer.” Though it’s not his turf, Ness is forced to take over the case, but the more energy he pours into the investigation, the more it takes over his life and even his untouchable reputation. Because in Cleveland, there is only one true untouchable: a killer who has the perfect hiding place and the perfect plan for destroying Eliot Ness.

*Night Shadow* Nora Roberts,2020-06-02 A pulse-pounding Night Tales novel from “the queen of romantic suspense” (Columbus Dispatch), #1 New York Times bestselling author Nora Roberts’ Night Shadow shatters the thin line between law and justice—and between a man and woman driven by incompatible convictions, but bound by uncontrollable desires. Crime and corruption ravaged the city, and people feared walking the streets after dark. Then the masked vigilante known as Nemesis emerged from the shadows, waging war against those who prey on the defenseless. Prosecutor Deborah O’Roarke believes Nemesis is just as dangerous as the criminals he fights, until one night he saves her from an attacker. Realizing just how much the city needs him, Deborah finds herself championing Nemesis’s mission—and longing to share herself with the man behind the mask.

Nemesis Philip Roth,2011-10-04 NATIONAL BESTSELLER • Set in a close-knit Newark neighborhood during a terrifying polio outbreak in 1944, a “book [that] has the elegance of a fable and the tragic inevitability of a Greek drama” (The New Yorker)—from the Pulitzer Prize-winning author of American Pastoral. Bucky Cantor is a vigorous, dutiful twenty-three-year-old playground director during the summer of 1944. A javelin thrower and weightlifter, he is disappointed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. As the devastating disease begins to ravage Bucky’s playground, Roth leads us through every inch of emotion such a pestilence can breed: fear, panic, anger, bewilderment, suffering, and pain. Moving between the streets of Newark and a pristine summer camp high in the Poconos, Nemesis tenderly and startlingly depicts Cantor’s passage into personal disaster, the condition of childhood, and the painful effect that the wartime polio epidemic has on a closely-knit, family-oriented Newark community and its children.
