Non-Stop India Mark Tully,2011-10 Non-Stop India By Mark Tully Jugaar can loosely be translated as muddling through, or making do. This is undoubtedly a valuable talent and has seen India through numerous crises which could have destabilised a country that is less adaptable - four wars, for example. But while jugaar can be seen to have served India well in the past, it has a downside. It has led to a dangerous complacency, the belief that as India has muddled through so many times before, there is no need for urgency in tackling the problems it faces. In Non Stop India veteran journalist Mark Tully draws on his unmatched knowledge of India, garnered from thirty years of living in, and reporting from, the country, to examine how this approach impacts on her much-touted prospects of becoming an economic super-power. From Maoist conflicts to huge industrial houses; from the Tiger project to farmer suicides; from the Ramayana to the remote valleys of the north-east, Tully examines India's myriad negotiations with modernity and her prospects for the next century and beyond. Today, India is likely to become one of the major economies of the twenty-first century. But many unresolved questions remain about the sustainability of such growth and its effect on the stability of the nation. Veteran journalist Mark Tully draws on thirty years of reporting India and travels the length and breadth of the country to find the answers. Have the changes had any impact on the poor and marginalised? How can the development of the country's creaking infrastructure be speeded up to match its huge advances in technology and industry? With a gift for finding the human stories behind the headlines, he looks at the pressing concerns in different areas of life such as governance, business, spirituality and ecology. In revealing interviews with captains of industry and subsistence farmers, politicians and Dalits, spiritual leaders and bandits, Mark Tully captures the voices of the nation. From the survival of India's languages and the protection of wildlife, to the nation's thriving industries and colourful public affairs, Non-Stop India is a testament to India's vibrant history and incredible potential, offering an unforgettable portrait of this emerging superpower at a pivotal moment of its history. About The Author Sir Mark Tully was born in Calcutta, India in 1935. He was the Chief of Bureau, BBC, New Delhi for twenty-two years, was knighted in the New Year's Honours list in 2002 and was awarded the Padma Bhushan in 2005. Today, his distinguished broadcasting career includes being the regular presenter of the contemplative BBC Radio 4 programme Something Understood. His books include No Full Stops in India, The Heart of India, India in Slow Motion (with his partner and colleague Gillian Wright), and India's Unending Journey. He lives in New Delhi.

Global Entertainment Media Anne Cooper-Chen,2006-04-21 Global Entertainment Media offers a unique perspective on entertainment media worldwide. As one of the first comprehensive books to address entertainment mass media worldwide, it addresses students as TV watchers and takes them

to new places, both geographically and intellectually. Editor Anne Cooper-Chen has gathered an international group of scholars to explore such concepts as psychology, gratifications, and effects of media entertainment and its relation to national cultures, as well as to discuss the business of international TV trade by transnational media corporations. In this volume, experts discuss the content, audiences, and cultural and legal aspects of their respective countries, all of which are major TV markets. The country-specific chapters draw on the individual insights, expertise, and currency of 10 resident authors. Contributions represent every hemisphere of the globe, offering detailed examinations of media entertainment in United Kingdom, Germany, Egypt, Nigeria, South Africa, India, Japan, China, Brazil, and Mexico. The two concluding chapters provide cross-national case studies that look at familiar TV experiences--The Olympics and the Who Wants to Be a Millionaire show--in global and novel ways. Global Entertainment Media is intended for students in international media, comparative media, cross-cultural communication, and television studies, and it also has much to offer scholars and researchers in entertainment media.

Tom Hiddleston - The Biography Naimi Corsani, 2017-05-04 British television, stage and film actor Tom Hiddleston has a gift for playing the villain. Still only in his thirties, he has become one of Britain's great acting exports and has brought both the big and small screen to life for audiences around the world. First emerging on British television and stage - winning the Lawrence Olivier Award in 2008 and appearing in Othello opposite Ewan Macgregor - Hiddleston's breakthrough came when he was cast as Loki in the 2011 Thor film, and again in The Avengers (2012) and the 2013 blockbuster Thor: The Dark World, a role that cemented him as a star. He has since worked with legends of stage and screen, including Woody Allen and Steven Spielberg, and recently won a Golden Globe for his role in the BBC adaptation of John Le Carre's The Night Manager. In this book, Sarah Marshall traces Tom Hiddleston's career to date, from his early introduction to theatre as a child, through to his role at the heart of the blockbuster Marvel Universe and leaves few readers doubting the incredible talent of this modern star.

Historicizing Myths in Contemporary India Swapna Gopinath, Rutuja Deshmukh, 2023-02-03 This book examines cinematic practices in Bollywood as narratives that assist in shaping the imagination of the age, especially in contemporary India. It examines historical films released in India since the new millennium and analyses cinema as a reflection of the changing socio-political and economic conditions at any given period. The chapters in Historicizing Myths in Contemporary India: Cinematic Representations and Nationalist Agendas in Hindi Cinemas also illuminate different perspectives on how cinematic historical representations follow political patterns and market compulsions, giving precedence to a certain past over the other, creating a narrative suited for the dominant narrative of the present. From Mughal-e-Azam to Padmaavat, and Bajirao Mastani to Raazi, the chapters show how creating history out of myths validate hegemonic identities in a rapidly evolving Indian society. The volume will be of interest to scholars of film and media studies, literature and culture studies, and South Asian studies.

Kingfizzer Kingshuk Nag, 2017-06-25 He was once the King of Good Times - known for his opulent lifestyle, calendar shoots with bikini-clad models, high stakes in an IPL team, and an airline that was the last word in luxury. But the global downturn in aviation and the rising fuel prices worsened Kingfisher's financial ill health. The several thousands of crores loaned to it by a consortium of banks proved insufficient to arrest the slide in its fortunes. By early 2013, the high-flying airline shut shop and closed the doors on disgruntled employees and investors - none of which, though, made any dent in Mallya's own lifestyle as he had pilfered cash from the company and stashed it abroad. Facing charges of money laundering, misappropriation and being a wilful defaulter, Mallya left the country in 2016 for his country estate near London. *Kingfizzer: The Mallya Story* is the tale of how the king lost his cheer and high spirits, to be remembered for one of the biggest corporate collapses of our time.

Bollywood FAQ Dr. Piyush Roy, 2019-09-20 Bollywood, a popular nomenclature for India's "national" film industry in the Hindi language, along with the Taj Mahal, yoga, Buddha, and Mahatma Gandhi, is one of the best-known introductions and universally recognized associations with India across the world today. Despite its predominant narrative styles not confirming to the First World European and/or American cinema structure, Indian cinema is increasingly viewed as the world's second-most important film industry, after Hollywood, with box-office influence crossing over with European cinema. Bollywood FAQ provides a thrilling, entertaining, and intellectually stimulating joy ride into the vibrant, colorful, and multi-emotional universe of the world's most prolific (over 30 000 film titles) and most-watched film industry (at 3 billion-plus ticket sales). Bollywood blockbusters are simultaneously screened in theaters and cinemas in over 100 nations from the USA to Japan, New Zealand to the Netherlands, and Peru to Pakistan. Every major Hollywood studio (Warner Bros., Fox Star, Disney, Sony Pictures, and Viacom 18) is now making or distributing Bollywood films. Yet much of Indian cinema continues to amuse and confuse audiences and critics outside of India, including during their first/occasional introductions to its, in the words of Salman Rushdie, "epico-mythico-tragico-comico-super-sexy-high-masala-art form in which the unifying principle is a techni-color-

storyline.” Bollywood FAQ explains and explores the above myths and magic. It introduces India's maharajah-like stars and their cult-commanding stardom. Movie buffs will find a ready reckoner on iconic Bollywood films, with a bonus must-watch listing of the cinema's most spectacular song-and-dance moments, highlighting the pleasures and popularity of a national cinema that has come to be a genre in itself. This book is a reader-friendly reference to everything one has ever wanted to know about the spectacular, robust, humongous, colorful, and dramatic multi-generic cinematic being called Bollywood. The narrative is enriched with insider insights culled from its author's long career as a film writer and critic in the city of Bollywood, Bombay (now Mumbai).

Bollywood Roulette Rahul Bajaj,2007 Every year, thousands of young men and women come to Mumbai to make it big in Bollywood. They come from all over India. They come from all backgrounds. They all come with one common thing - hope. Starry-eyed, they land in Mumbai and begin a pursuit that will change their lives. Some will make it. Most won't. They know that. They know they are taking a chance, a roll of the dice, a gamble with their own future at stake. They are playing a game of roulette, where the odds are stacked against them; but they also know that the rewards are out of this world.

Maverick Commissioner Boria Majumdar,2022-05-20 The Indian Premier League. Its mere mention forces cricket fans across the world to sit up and take notice. World cricket's most valued property has only grown stronger with time. Conceived and implemented by Lalit Modi in 2008, the IPL has forever revolutionised the way cricket is marketed and run globally. Modi had built and orchestrated the tournament by his own rules and after the stupendous success of the IPL, the same rules were questioned by the administration. Modi was subsequently banned for life. How and why did it happen? What went on behind the scenes? How did it all start to go wrong between Modi and the others? Are there secrets that will never come out? This book is all about everything you never got to know. Each fact corroborated by multiple sources who were in the thick of things, Maverick Commissioner is a riveting account of the IPL and the functioning of its founder, Lalit Kumar Modi. Did Modi have a long telephone conversation with a BCCI top brass the day he left India for good? What really was discussed? Is Lalit Modi the absent present for the IPL and Indian cricket? Soon to be made into a film by Vibri Motion Pictures, Maverick Commissioner documents things exactly as they happened. No holds barred and no questions left out. It doesn't judge Lalit Modi. All it does is narrate his story. Who is the real Lalit Modi? Let the readers decide.
