Barack Obama

The Audacity of Hope Barack Obama, 2006 Senator Obama's vision of how we can move beyond our divisions to tackle concrete problems.

Anti Obama Book David Nordmark, 2012-12-13 The Book That Exposes The Facts About Obama's Record In The Anti Obama Book - The Straight Facts As To Why Obama Sucks, David Nordmark (author of Understanding American Exceptionalism: What it is, how it came to be, and why it's fading) exposes Obama's sad record of ineptitude and failure. From the beginning he has been a media creation that the press has falsely presented as a wise, post-partisan leader. The reality is that he attained the highest office in the land with no executive experience and no record of accomplishment. What's worse is that he is a far left ideologue who only understands the American experience through the prism of trickle down government. He doesn't understand that what made America great was the freedom its citizens enjoyed, not the power exercised by Washington. To Ronald Reagan, America was a people who had a government. To Barack Obama, America is a government that has a people. In this way Obama does not understand the true nature of the country he nominally governs and it is this faulty mental makeup that has led him to a series of policy disasters in such areas as the economy and foreign affairs. The Anti Obama Book is a record of these disasters, including: Cash for Clunkers Being Radically Pro-Abortion Eric Holder Gun Control Treating Britain Poorly The Keystone Pipeline Reneging on the Missile Shield The Auto Bailout Failed Energy Policies Gutting Welfare Reform Religious Freedom Solyndra and Green Jobs Undermining the Supreme Court Not Supporting The Iranian Green Revolution Fast and Furious Gutting The Military Not

Leading On Afghanistan The Benghazi Scandal Undermining Israel Losing Iraq The Stimulus Program Obamacare Exploding The Debt The mainstream media, which for the most part shares his outlook, have done all they can to protect him, even going so far as to bury stories such as the Benghazi tragedy and cover-up. If you want to get the full overview of the failures that Obama and the mainstream press would rather have you forget, this is the book for you.

No He Can't Kevin McCullough, 2011-04-18 Accepting his party's presidential nomination in the summer of 2008, Barack Obama beamed while Denver's stadium rocked with gauzy chants from adoring admirers. But looming beyond the deafening roar was a harsh reality that too few were willing to face just yet: Some hope is too audacious to believe, and just because a smooth talker proclaims something, doesn't make it true. Now, long after the honeymoon has ended and the national mood soured toward the 44th U.S. president, nationally syndicated radio talk-show host and columnist Kevin McCullough—the first pundit to predict Obama's rise to the presidency—provides an alarming perspective on the man he has watched closely since the aspiring commander-in-chief was an obscure community organizer on Chicago's South Side. You'll learn: How Barack Obama's first act as president to sign into law taxpayer-funded abortion How his administration has systematically and intentionally created federal dependents Why Obama's actions prove he believes American Exceptionalism is a myth The outrageous lengths the president is willing to go to as he undermines our national security From Obama's radical economic policy and dubious skills in national security to his administration's disdain for individual liberty and constitutional constraints on the power of the executive branch, McCullough

lays out a convincing case for why, early on, he labeled Obama one of the most dangerous politicians our generation will see. Real hope is possible. While delving into Obama's flawed governance, McCullough also charts a way out, and forward, for the America that once was and can be again. It is a way of clarity and common sense in a tried-and-true direction?a way that is diametrically opposed to the disappointing course set by the current resident of the Oval Office.

Barack Obama in his Own Words Lisa Rogak, 2008-12-16 Since delivering his keynote speech at the 2004 Democratic National Convention, Barack Obama has been hailed as the clear savior of not only the Democratic party, but of the integrity of American politics. Despite the fact that he burst onto the national scene seemingly overnight, his name recognition has grown by leaps and bounds ever since. *Barack Obama in His Own Words*, a book of quotes from the Illinois Senator, allows those who aren't as familiar with his politics to learn quickly where he stands on abortion, religion, AIDS, his critics, foreign policy, Iraq, the War on Terror, unemployment, gay marriage, and a host of other important issues facing America and the world.

Barack Obama Kathleen Perricone, 2020-09-08 The 44th President of the United States of America. A look back at the most memorable moments of Barack Obama's extraordinary life, beloved family and historic political career. It's been a over a decade since Barack Obama made history when he was elected America's first black president. During his eight years in the White House, he brought about incredible change: He reformed health care, legalized same-sex marriage and ordered the military operation that resulted in the death of September 11 mastermind Osama bin Laden. This book takes a close look at Obama's

life: From his lonely childhood in Hawaii and formative college years to how the relatively unknown Illinois Senator beat veteran Senator John McCain in the 2008 election. It also reveals how Michelle Obama sacrificed her career and family life in order for her husband to achieve his dream of becoming president. Plus, what the Obamas have been up to since they left the White House, and what's next for them.

Barack Obama Mitch Michener, 2011-07 The problems with President Barack Obama have nothing to do with the color of his skin. The problems are with his policies, which belittle the United States and inflate the values of other countries. We must remember that we, as Americans, are the leaders of the free world. President Barack Obama was elected president of the US because he inspired the nation to believe in Hope. But his false promises have in fact created the worst racism we have seen in decades 'he is running the government in a Chicago gangland style that discredits all Americans, and he is pushing a government takeover of individual liberties that will destroy the very best of America. Robert Michener's convicting book, *Barack Obama: Hope Destroyed*, is dedicated to pointing out the wrongs that President Barack Obama is perpetuating on the American people while presenting reasonable solutions to each of those problems. Through indicting language and a clear cut look at facts and possibilities, *Barack Obama: Hope Destroyed* will put into words what many Americans feel about the direction of the present government under President Barack Obama.

Barack Obama Libby Hughes, 2008 Traces the life and times of the senator from Illinois and 2008 Democratic nominee for president through his youth, education, and adult careers as organizer, educator, and politician.

Hope Rides Again Andrew Shaffer,2019-07-09 In the sequel to the New York Times best-selling novel *Hope Never Dies*, Obama and Biden reprise their roles as BFFs-turned-detectives as they chase Obama's stolen cell phone through the streets of Chicago—and right into a vast conspiracy. Following a long but successful book tour, Joe Biden has one more stop before he can return home: Chicago. His old pal Barack Obama has invited him to meet a wealthy benefactor whose endorsement could turn the tide for Joe if he decides to run for president. The two friends barely have time to catch up before another mystery lands in their laps: Obama's prized Blackberry is stolen. When their number-one suspect winds up full of lead on the South Side, the police are content to write it off as just another gangland shooting. But Joe and Obama smell a rat . . . Set against the backdrop of a raucous city on St. Patrick's Day, Joe and Obama race to find the shooter, only to uncover a vast conspiracy that goes deeper than the waters of Lake Michigan—which is exactly where they'll spend the rest of their retirement if they're not careful.

Obama's America Dinesh D'Souza,2014-07 Argues that President Obama's recent actions prove his anti-colonialist roots and predicts how much worse America is because of President Obama's second term. By the best-selling author of *The Roots of Obama's Rage*. Reprint.

In *Yes We Can*, Garen Thomas takes us through the life of Barack Obama, from his struggle to fit in with his classmates, and concern about not knowing his biological father, through his term as an Illinois senator, and the long campaign for president, to his historic victory.

The Obama Nation Jerome R. Corsi, 2008-08-05 In this thoroughly researched and documented book, the #1 New York Times bestselling co-author of *Unfit for Command: Swift Boat Veterans Speak Out Against John Kerry* explains why the extreme leftism of an Obama presidency would leave the United States weakened, diminished and divided, why

Obama must be defeated -- and how he can be. Barack Obama stepped onto the national political stage when the then-Illinois State senator addressed the 2004 Democratic National Convention. Soon after Obama was elected to the U.S. Senate, author Jerome Corsi began researching Obama's personal and political background. Scrupulously sourced with more than 600 footnotes, *The Obama Nation* is the result of that research. By tracing Obama's career and influences from his early years in Hawaii and Indonesia, the beginnings of his political career in Chicago, his voting record in the Illinois legislature, his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics, his political advisors and fundraising associates and his meteoric campaign for president, Jerome Corsi shows that an Obama presidency would, in his words, be a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late 1960s. In this stunning and comprehensive new book, the reader will learn about: Obama's extensive connections with Islam and radical politics, from his father and step-father's Islamic backgrounds, to his Communist and socialist mentors in Hawaii and Chicago, to his long-term and close associations with former Weather Underground heroes William Ayers and Bernadette Dohrn -- associations much closer than heretofore revealed by the press. Barack and Michelle's 20-year-long religious affiliation with the black-liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright, whose sermons have always been steeped in a rage first expressed by Franz Fanon , Stokely Carmichael and Malcolm X, a rage that Corsi shows has deep meaning for Obama. Obama's continuing connections with Kenya, the homeland of his father, through his support for the candidacy of Raila Odinga, the radical socialist

presidential contender who came to power amid Islamist violence and church burnings. Obama's involvement in the slum-landlord empire of the Chicago political fixer Tony Rezko, who helped to bankroll Obama's initial campaigns and to purchase of Barack and Michelle's dream-home property. The background and techniques of the Obama campaign's cult of personality, including the derivation of the words hope and change. Obama's far-left domestic policy, his controversial votes on abortion, his history of opposition to the Second Amendment, his determination to raise capital-gains taxes, his impractical plan to achieve universal health care, and his radical plan to tax Americans to fund a global-poverty-reduction program. Obama's naïve, anti-war, anti-nuclear foreign-policy, predicated on the reduction of the military, the eradication of nuclear weapons and an overconfidence in the power of his personality, as if belief in change alone could somehow transform international politics, achieve nuclear-weapons disarmament and withdrawal from Iraq without adverse consequences, for us, for the Iraqis or for Israel. Meticulously researched and documented, The Obama Nation is the definitive source for information on why and how Barack Obama must be defeated -- not by invective and general attacks, but by detailed arguments that are well-researched and fact-based.
