Flying with Eyes Closed A.O. Norris, 2014-03-10 Are you looking for an exciting new career as a flight attendant? Then join us onboard at UPSide Airlines, where we soar above the rest! Since 1969, UPSide Air has been providing our passengers service throughout the East coast, Midwest and Canada. Chicago, Illinois is serviced by UPSide Airlines operating as A STRATA Airlines express carrier. Operating a fleet of over 65 CRJ 200's, our family of 3,500 employees have been happily providing over 40 years of service! Also, as an employee at UPSide Airlines, you'll enjoy free flight benefits around the world with our major carrier STRATA Air and it's express carriers as well as our partner hotel, car rental, and cruise companies! So get on board and join us by applying at www.upsideairlines.com! UPSide Airlines: Let's soar to new heights! This was the advertisement that suckered twenty one year old Charles Chuck Jenni into applying as a flight attendant at a failing midsize regional airline. This isn't a story of him working at a glorious, respected major carrier. He isn't jet setting to exotic lands and wild destinations. He isn't serving movie stars and famous musicians. This is the story of how he interacts with passengers on delays to make the best of his five-flight-a-day trips. Of how he and his pilots will either go wild and party in the lamest hotels in the most boring cities of the Midwest, or just lock themselves in their rooms and not talk to one another for a four day trip. This is the story of his love affair and heart breaking romance with a co-worker, and of his travels on his days off with fellow flighties around the country. Poetic, comical, and dramatic all at once, Chuck finds himself Flying with eyes closed.

New Naturalism Kelly D. Norris, 2021-02-16 Recreate the wild beauty and thriving ecology of meadows, prairies, woodlands, and streamsides in your own garden. In *New Naturalism*, horticulturist and modern plantsman Kelly D. Norris shares his inspiring, ecologically sound vision for home gardens created with stylish yet naturalistic plantings that mimic the wild spaces we covet—far from the contrived, formal, high-maintenance plantings of the past. Through a basic introduction to plant biology and ecology, you'll learn how to design and grow a lush, thriving home garden by harnessing the power of plant layers and palettes defined by nature, not humans. The next generation of home landscapes don't consist of plants in a row, pruned to perfection and reliant on pesticides, fertilizers, and herbicides to survive. Instead, today's stunning landscapes convey nature's inherent beauty. These gardens are imbued with romance and emotion, yet they have so much more to offer than their gorgeous aesthetics. Naturalistic garden designs, such as those featured in this groundbreaking new book, contribute to positive environmental change by increasing biodiversity, providing a refuge for wildlife, and reconnecting humans to nature. In the pages of *New Naturalism* you'll find: Planting recipes for building meadows, prairies, and other grassland-inspired open plantings even in compact, urban settings Nature-inspired ways to upgrade existing foundation plantings, shrub beds, and flower borders to a wilder aesthetic while still managing the space Inspiration for taking sidewalk and driveway plantings and turning them into visually soft, welcoming spaces for humans and wildlife alike Ideas for turning shady landscapes into canopied retreats that celebrate nature Creative ways to make an ecologically vibrant garden in even the smallest of

spaces New Naturalism approaches the planting beds around our homes as ecological systems. If properly designed and planted, these areas can support positive environmental change, increase plant and animal diversity, and create a more resilient space that's less reliant on artificial inputs. And they do it all while looking beautiful and improving property values.

Racing for the Bomb Robert S. Norris, 2014-10-21 In September 1942, Colonel Leslie R. Groves was given the job of building the atomic bomb. As a career officer in the Army Corps of Engineers, Groves had overseen hundreds of military construction projects, including the Pentagon. Until now, scientists have received the credit for the Manhattan Project's remarkable achievements. And yet, it was Leslie R. Groves who made things happen. It was Groves who drove manufacturers, construction crews, scientists, industrialists, and military and civilian officials to come up with the money, the materials, and the plans to solve thousands of problems and build the bomb in only two years. It was his operation, and in *Racing for the Bomb* he emerges as a take-charge, can-do figure who succeeds in the face of formidable odds. Revealed for the first time in *Racing for the Bomb*, Groves played a crucial and decisive role in the planning, timing, and targeting of the Hiroshima and Nagasaki missions. Norris offers new insights into the complex and controversial questions surrounding the decision to drop the bomb in Japan and Groves's actions during World War II, which had a lasting imprint on the nuclear age and the Cold War that followed. Groves's extensive influence on key institutions of postwar America has been overlooked for too long. In this full-scale biography, which includes archival material and family letters and documents and features several previously unpublished photographs, Norris places Groves at the center of the amazing Manhattan Project story. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
