The Siddur Companion Paul H. Vishny, 2005 There is an architecture to the Siddur which is truly a work of splendor. It was not created by one hand, nor at one time or in one place. The Siddur records the Jewish People's joyous searching for God, but it also records their longing for redemption, even as the text frequently marks suffering and hostile surroundings. This work is intended to form the background for a meaningful devotion to prayer, during the week and on the major festivals. It will help guide the novice through the different prayers and make these prayers more understandable and fulfilling. It will also give the daily davener a sense of where these prayers came from, how the rabbis developed them, and even their deeper purpose and meaning.

1995, װײַסװײַסװײַס When Rabbi Schnuer Zalman of Liadi first published his Siddur, in 5563 (1803), his stated objective was to produce a work that, while conforming in every detail to the intentions of the Kabbalah, would be equally as suitable for the learned kabbalist as for the simple Jew. In keeping with this goal, Kehot Publication Society published, in 5738 (1978), the first English translation of this Siddur. The new, modern translation by Rabbi Nissan Mangel has since seen numerous reprints and has become a classic.
