The Four Scott Galloway,2017-10-03 NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

*The Gospel According to Paul* John F. MacArthur,2017-04-04 From Bible teacher John MacArthur, a revelatory exploration of what the apostle Paul actually taught about the Good News of Jesus. The apostle Paul penned a number of very concise, focused passages in his letters to the early church that summarize the gospel message in just a few well-chosen words. Each of these key texts has a unique emphasis highlighting some essential aspect of the Good News of Jesus Christ. The chapters in this revelatory new book closely examine those vital gospel texts, one verse at a time. John MacArthur, host of the popular media ministry Grace to You, tackles such questions as: What is the gospel? What are the essential elements of the message? How can we be certain we have it right? And how should Christians be proclaiming the Good News to the world? As always, the answers John MacArthur gives are clear, compelling, well-reasoned, easy to grasp, and above all, thoroughly biblical. The Gospel According to Paul is written in a style that is easily accessible to lay people, including those who know very little about the Bible, while being of great value to seasoned pastors and experienced ministers. The Gospel According to Paul is the third in a series of books on the gospel by John MacArthur including – The Gospel According to Jesus and The Gospel According to the Apostles. The Gospel According to Paul is also available in Spanish, Evangelio según Pablo.

Mitochondrial Replacement Techniques National Academies of Sciences, Engineering, and Medicine,Institute of Medicine,Board on Health Sciences Policy,Committee on the Ethical and Social Policy Considerations of Novel Techniques for Prevention of Maternal Transmission of Mitochondrial DNA Diseases,2016-04-17 Mitochondrial replacement techniques (MRTs) are designed to prevent the transmission of mitochondrial DNA (mtDNA) diseases from mother to child. While MRTs, if effective, could satisfy a desire of women seeking to have a genetically related child without the risk of passing on mtDNA disease, the technique raises significant ethical and social issues. It would create offspring who have genetic material from two women, something never sanctioned in humans, and would create mitochondrial changes that could be heritable (in female offspring), and therefore passed on in perpetuity. The manipulation would be performed on eggs or embryos, would affect every cell of the resulting individual, and once carried out this genetic manipulation is not reversible. Mitochondrial Replacement Techniques considers the implications of manipulating mitochondrial content both in children born to women as a result of participating in these studies and in descendants of any female offspring. This study examines the ethical and social issues related to MRTs, outlines principles that would provide a framework and foundation for oversight of MRTs, and develops recommendations to inform the Food and Drug Administration's consideration of investigational new drug applications.

**Yours Cruelly, Elvira** Cassandra Peterson, 2021-09-21 The woman behind the icon known as Elvira, Mistress of the Dark, the undisputed Queen of Halloween, reveals her full story filled with intimate bombshells—told by the bombshell herself. On Good Friday in 1953, at only 18 months old, 25 miles from the nearest hospital in Manhattan, Kansas, Cassandra Peterson reached for a pot on the stove and doused herself in boiling water. Third-degree burns covered 35% of her body, and the prognosis wasn't good. But she survived. Burned and scarred, the impact stayed with her and became an obstacle she was determined to overcome. Feeling like a misfit led to her love of horror. While her sisters played with Barbie dolls, Cassandra built model kits of Frankenstein and Dracula, and idolized Vincent Price. Due to a complicated relationship with her mother, Cassandra left home at 14, and by age 17 she was performing at the famed Dunes Hotel in Las Vegas. Run-ins with the likes of Frank Sinatra, Sammy Davis Jr., and Tom Jones helped her grow up fast. Then a chance encounter with her idol Elvis Presley, changed the course of her life forever, and led her to Europe where she worked in film and traveled Italy as lead singer of an Italian pop band. She eventually made her way to Los Angeles, where she joined the famed comedy improv group, The Groundlings, and worked alongside Phil Hartman and Paul Pee-wee Reubens, honing her comedic skills. Nearing age 30, a struggling actress considered past her prime, she auditioned at local LA channel KHJ as hostess for the late night vintage horror movies. Cassandra improvised, made the role her own, and got the job on the spot. Yours Cruelly, Elvira is an unforgettably wild memoir. Cassandra doesn't shy away from revealing exactly who she is and how she overcame seemingly insurmountable odds. Always original and sometimes outrageous, her story is loaded with twists, travails, revelry, and downright shocking experiences. It is the candid, often funny, and sometimes heart-breaking tale of a Midwest farm girl's long strange trip to become the world's sexiest, sassiest Halloween icon. **Supernatural: John Winchester's Journal** Alex Irvine, 2009-05-12 Sam and Dean Winchester know all the secrets their father recorded in his journal. Now you can, too. On November 2, 1983, Sam and Dean Winchester lost their mother to a demonic supernatural force. In the wake of the tragedy, their father, John, set out to learn everything he could about the paranormal evil that lives in the dark corners and on the back roads of America . . . and how to kill it. In his personal journal, he not only compiled folklore, legend, and superstition about all manner of otherworldly enemies but he also recorded his experiences—hunting the creature that killed his wife even as he raised his two sons. Part prequel, part resource guide, John Winchester's Journal finally gives fans the ultimate companion book for Supernatural. It's all here: the exorcism Sam and Dean used in Phantom Traveler, John's notes on everything from shape-shifters to Samuel Colt, Dean's first hunt, Sam's peewee soccer team . . . and John's single-minded pursuit of a growing and deadly evil.

**Deported** Tanya Maria Golash-Boza, 2015-12-11 Winner, 2016 Distinguished Contribution to Research Book Award, given by the American Sociological Association Latino/a Section The intimate stories of 147 deportees that exposes the racialized and gendered dimensions of mass deportations in the U.S. The United States currently is deporting more people than ever before: 4 million people have been deported since 1997 —twice as many as all people deported prior to 1996. There is a disturbing pattern in the population deported: 97% of deportees are sent to Latin America or the Caribbean, and 88% are men, many of whom were originally detained through the U.S. criminal justice system. Weaving together hard-hitting critique and moving first-person testimonials, Deported tells the intimate stories of people caught in an immigration law enforcement dragnet that serves the aims of global capitalism. Tanya Golash-Boza uses the stories of 147 of these deportees to explore the racialized and gendered dimensions of mass deportation in the United States, showing how this crisis is embedded in economic restructuring, neoliberal reforms, and the disproportionate criminalization of black and Latino men. In the United States, outsourcing creates service sector jobs and more of a need for the unskilled jobs that attract immigrants looking for new opportunities, but it also leads to deindustrialization, decline in urban communities, and, consequently, heavy policing. Many immigrants are exposed to the same racial profiling and policing as native-born blacks and Latinos. Unlike the native-born, though, when immigrants enter the criminal justice system, deportation is often their only way out. Ultimately, Golash-Boza argues that deportation has become a state strategy of social control, both in the United States and in the many countries that receive deportees.

**Unseen Body Blows** William A. Gay, 2019-03-20 Between 1942 and 1945, 1,051 amphibious tank-landing ships were rapidly produced. These were anonymous vessels, slow and unwieldy, and in the words of one crewmember, they looked like bathtubs. At first, LSTs had a reputation of being expendable and of relatively low value, and so were bestowed another, less noble, nickname; "Large Slow Targets." Put into service to get troops and equipment ashore, the story of LST 479 is in some respects the story of all of these ships. Typical of all early LSTs, its crew on commissioning day, April 19, 1943, consisted of raw amateurs. But over the next 1,046 days, through

collisions, accidental groundings, navigational errors, and lots of mechanical breakdowns, the 479 crew became sailors. Displaying heroism and ingenuity, they rescued the crew of a crippled landing craft during an Alaskan storm, battled fires aboard a burning LST hit by kamikazes, and fought off air attacks on the way to Makin and Guam, at Saipan, in the Philippines and around Okinawa. This LST crew became the embodiment of the Navy’s 2018 recruiting slogan: “Forged by the Sea.” In gripping, meticulously researched, “you are there” fashion, author William A. Gay, recounts the fascinating history of the 479’s seven Pacific campaigns; from the day-to-day life of the men aboard her, to their terrifying encounters in battle as they delivered “unseen body blows” to the enemy that helped win the war in the Pacific.
