The Hidden Brain Shankar Vedantam,2010-08-31 The hidden brain is the voice in our ear when we make the most important decisions in our lives—but we’re never aware of it. The hidden brain decides whom we fall in love with and whom we hate. It tells us to vote for the white candidate and convict the dark-skinned defendant, to hire the thin woman but pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

Sound Reporting Jonathan Kern,2012-07-09 From an NPR veteran, a “comprehensive and lucid” guide to “the values and practices that yield stellar audio journalism” (Booklist). Maybe you’re thinking about starting a podcast, and want some tips from the pros. Or perhaps storytelling has always been a passion of yours, and you want to learn to do it more effectively. Whatever the case—whether you’re an avid NPR listener or you aspire to create your own audio, or both—Sound Reporting: The NPR Guide to Audio Journalism and Production will give you a rare tour of the world of a professional broadcaster. Jonathan Kern, a former executive producer of All Things Considered who has trained NPR’s on-air staff for years, is a gifted guide, able to narrate a day in the life of a host and lay out the nuts and bolts of production with both wit and warmth. Along the way, he explains the importance of writing the way you speak, reveals how NPR books guests ranging from world leaders to neighborhood newsmakers, and gives sage advice on everything from proposing stories to editors to maintaining balance and objectivity. Best of all—because NPR wouldn’t be NPR without its array of distinctive voices—lively examples from popular shows and colorful anecdotes from favorite personalities animate each chapter. As public radio’s audience of millions can attest, NPR’s unique guiding principles and technical expertise combine to connect with listeners like no other medium can. With today’s technologies allowing more people to turn their home computers into broadcast studios, Sound Reporting is a valuable guide that reveals the secrets behind NPR’s success.

Susan, Linda, Nina & Cokie Lisa Napoli,2021-04-13 A group biography of four beloved women who fought sexism, covered decades of American news, and whose voices defined NPR In the years after the Civil Rights Act of 1964, women in the workplace still found themselves relegated to secretarial positions or locked out of jobs entirely. This was especially true in the news business, a backwater of male chauvinism where a woman might be lucky to get a foothold on the “women’s pages.” But when a pioneering nonprofit called National Public Radio came along in the 1970s, and the door to serious journalism opened a crack, four remarkable women came along and blew it off the hinges. Susan, Linda, Nina, and Cokie is journalist Lisa Napoli’s captivating account of these four women, their deep and enduring friendships, and the trail they blazed to becoming icons. They had radically different stories. Cokie Roberts was born into a political dynasty, roamed the halls of Congress as a child, and felt a tug toward public service. Susan Stamberg, who had lived in India with her husband who worked for the State Department, was the first woman to anchor a nightly news program and pressed for accommodations to balance work and home life. Linda Wertheimer, the daughter of shopkeepers in New Mexico, fought her way to a scholarship and a spot on-air. And Nina Totenberg, the network’s legal affairs correspondent, invented a new way to cover the Supreme Court. Based on extensive interviews and calling on the author’s deep connections in news and public radio, Susan, Linda, Nina, and Cokie will be as beguiling and sharp as its formidable subjects.

NPR Michael P. McCauley,2005-06-14 The people who shaped America’s public broadcasting system thought it should be a civilized voice in a civilized community—a clear alternative to commercial broadcasting. This book tells the story of how NPR has tried to embody this idea. Michael P. McCauley describes NPR’s evolution from virtual obscurity in the early 1970s, when it was riddled with difficulties—political battles, unseasoned leadership, funding problems—to a first-rate broadcast organization. The book draws on a wealth of primary evidence, including fifty-seven interviews with people who have been central to the NPR story, and it places the network within the historical context of the wider U.S. radio industry. Since the late 1970s, NPR has worked hard to understand the characteristics of its audience. Because of this, its content is now targeted toward its most loyal listeners—highly educated baby-boomers, for the most part—who help support their local stations through pledges and fund drives.

NPR Michael P. McCauley,2005 McCauley’s work draws on a wealth of primary sources, including dozens of interviews with people who have been central to the NPR story. He examines various internal debates about the direction of NPR and the content of its programming. McCauley also places the development of NPR within the historical context of the wider U.S. radio industry, the ideological and political conflicts of postwar America, and contemporary debates about the ways in which mass media can better serve the citizens of a democracy.--BOOK JACKET.

Your Song Changed My Life Bob Boilen,2016-04-12 From the beloved host and creator of NPR’s All Songs Considered and Tiny Desk Concerts comes an essential oral history of modern music, told in the voices of iconic and up-and-coming musicians, including Dave Grohl, Jimmy Page, Michael Stipe, Carrie Brownstein, Smokey Robinson, and Jeff Tweedy, among others—published in association with NPR Music. Is there a unforgettable song that changed your life? NPR’s renowned music authority Bob Boilen posed this question to some of today’s best-loved musical legends and rising stars. In Your Song Changed My Life, Jimmy Page (Led Zeppelin), St. Vincent, Jónsi (Sigur Rós), Justin Vernon (Bon Iver), Cat Power, David Byrne (Talking Heads), Dave Grohl (Nirvana, Foo Fighters), Jeff Tweedy (Wilco), Jenny Lewis, Carrie Brownstein (Portlandia, Sleater-Kinney), Yusuf Islam (Cat Stevens), Colin Meloy (The Decemberists), Trey Anastasio (Phish), Jackson Browne, Valerie June, Philip Glass, James Blake, and other artists reflect on pivotal moments that inspired their work. For Wilco’s Jeff Tweedy, it was discovering his sister’s 45 of The Byrds’ “Turn, Turn, Turn.” A young St. Vincent’s life changed the day a box of CDs literally fell off a delivery truck in front of her house. Cat Stevens was transformed when he heard John Lennon cover “Twist and Shout.” These are the momentous yet unmarked events that have shaped these and many other musical talents, and ultimately the sound of modern music. A diverse collection of personal experiences, both ordinary and extraordinary, Your Song Changed My Life illustrates the ways in which music is revived, restored, and revolutionized. It is also a testament to the power of music in our lives, and an inspiration for future artists and music lovers. Amazing contributors include: Jimmy Page (Led Zeppelin), Carrie Brownstein (Sleater-Kinney, Portlandia, Wild Flag), Smokey Robinson, David Byrne (Talking Heads), St. Vincent, Jeff Tweedy (Wilco), James Blake, Colin Meloy (The Decemberists), Trey Anastasio (Phish), Jenny Lewis (Rilo Kiley), Dave Grohl (Nirvana, Foo Fighters), Yusuf Islam (Cat Stevens), Sturgill Simpson, Justin Vernon (Bon Iver), Cat Power, Jackson Browne, Michael Stipe (R.E.M.), Philip Glass, Jónsi (Sigur Rós), Hozier, Regina Carter, Conor Oberst (Bright Eyes, and others), Courtney Barnett, Chris Thile (Nickel Creek, Punch Brothers), Leon Bridges, Sharon Van Etten, and many more.

The Swimmers Julie Otsuka,2022-02-22 NATIONAL BEST SELLER • From the best-selling, award-winning author of The Buddha in the Attic and When the Emperor Was Divine comes a novel about what happens to a group of obsessed recreational swimmers when a crack appears at the bottom of their local pool. This searing, intimate story of mothers and daughters—and the sorrows of implacable loss—is the most commanding and unforgettable work yet from a modern master. The swimmers are unknown to one another except through their private routines (slow lane, medium lane, fast lane) and the solace each takes in their morning or afternoon laps. But when a crack appears at the bottom of the pool, they are cast out into an unforgiving world without comfort or relief. One of these swimmers is Alice, who is slowly losing her memory. For Alice, the pool was a final stand against the darkness of her encroaching dementia. Without the fellowship of other swimmers and the routine of her daily laps she is plunged into dislocation and chaos, swept into memories of her childhood and the Japanese American incarceration camp in which she spent the war. Alice’s estranged daughter, reentering her mother’s life too late, witnesses her stark and devastating decline.

The Next Great Migration Sonia Shah,2020-06-02 Finalist for the 2021 PEN/E.O. Wilson Literary Science Writing Award A Library Journal Best Science & Technology Book of 2020 A Publishers Weekly Best Nonfiction Book of 2020 2020 Goodreads Choice Award Semifinalist in Science & Technology A prize-winning journalist upends our centuries-long assumptions about migration through science, history, and reporting--predicting its lifesaving power in the face of climate change. The news today is full of stories of dislocated people on the move. Wild species, too, are escaping warming seas and desiccated lands, creeping, swimming, and flying in a mass exodus from their past habitats. News media presents this scrambling of the planet's migration patterns as unprecedented, provoking fears of the spread of disease and conflict and waves of anxiety across the Western world. On both sides of the Atlantic, experts issue alarmed predictions of millions of invading aliens, unstoppable as an advancing tsunami, and countries respond by electing anti-immigration leaders who slam closed borders that were historically porous. But the science and history of migration in animals, plants, and humans tell a different story. Far from being a disruptive behavior to be quelled at any cost, migration is an ancient and lifesaving response to environmental change, a biological imperative as necessary as breathing. Climate changes triggered the first human migrations out of Africa. Falling sea levels allowed our passage across the Bering Sea. Unhampered by barbed wire, migration allowed our ancestors to people the planet, catapulting us into the highest reaches of the Himalayan mountains and the most remote islands of the Pacific, creating and disseminating the biological, cultural, and social diversity that ecosystems and societies depend upon. In other words, migration is not the crisis--it is the solution. Conclusively tracking the history of misinformation from the 18th century through today's anti-immigration policies, *The Next Great Migration* makes the case for a future in which migration is not a source of fear, but of hope.

The camaraderie at Fleischer's leads Julie to search out fellow butchers around the world -- from South America to Europe to Africa. At the end of her odyssey, she has learned a new art and perhaps even mastered her unruly heart.

Want Lynn Steger Strong,2020-07-07 Named a Best Book of 2020 by Time Magazine, The Los Angeles Times, NPR, Vulture, The New Yorker, and Kirkus *Grappling with motherhood, economic anxiety, rage, and the limits of language, Want is a fiercely personal novel that vibrates with anger, insight, and love. Elizabeth is tired. Years after coming to New York to try to build a life, she has found herself with two kids, a husband, two jobs, a PhD—and now they're filing for bankruptcy. As she tries to balance her dream and the impossibility of striving toward it while her work and home lives feel poised to fall apart, she wakes at ungodly hours to run miles by the icy river, struggling to quiet her thoughts. When she reaches out to Sasha, her long-lost childhood friend, it feels almost harmless—one of those innocuous ruptures that exist online, in texts. But her timing is uncanny. Sasha is facing a crisis, too, and perhaps after years apart, their shared moments of crux can bring them back into each other's lives. In Want, Lynn Steger Strong explores the subtle violences enacted on a certain type of woman when she dares to want things—and all the various violences in which she implicates herself as she tries to survive.*

Lucky Breaks Yevgenia Belorusets,2022-03-01 Powerful, off-beat stories about women living in the shadow of the now-frozen, now-thawing war in Ukraine Out of the impoverished coal regions of Ukraine known as the Donbass, where Russian secret military intervention coexists with banditry and insurgency, the women of Yevgenia Belorusets's captivating collection of stories emerge from the ruins of a war, still being waged on and off, ever since the 2014 Revolution of Dignity. Through a series of unexpected encounters, we are pulled into the ordinary lives of these anonymous women: a florist, a cosmetologist, card players, readers of horoscopes, the unemployed, and a witch who catches newborns with a mitt. One refugee tries unsuccessfully to leave her broken umbrella behind as if it were a sick relative; a private caregiver in a disputed zone saves her elderly charge from the angel of death; a woman sits down on International Women's Day and can no longer stand up; a soldier decides to marry war. Belorusets threads these tales of ebullient survival with a mix of humor, verisimilitude, the undramatic, and a profound Gogolian irony. She also weaves in twenty-three photographs that, in lyrical and historical counterpoint, form their own remarkable visual narrative.

In Defense of Looting Vicky Osterweil,2020-08-25 A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy. Looting -- a crowd of people publicly, openly, and directly seizing goods -- is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class -- not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. *In Defense of Looting* is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

One for All Lillie Lainoff,2022-03-08 “There are no limits to the will—and the strength—of this unique female hero.” —Tamora Pierce, writer of the *Song of the Lioness* and the *Protector of the Small* quartets *One for All* is a gender-bent retelling of *The Three Musketeers*, in which a girl with a chronic illness trains as a Musketeer and uncovers secrets, sisterhood, and self-love. Tania de Batz is most herself with a sword in her hand. Everyone thinks her near-constant dizziness makes her weak, nothing but “a sick girl.” But Tania wants to be strong, independent, a fencer like her father—a former Musketeer and her greatest champion. Then

Papa is brutally, mysteriously murdered. His dying wish? For Tania to attend finishing school. But L'Académie des Mariées, Tania realizes, is no finishing school. It's a secret training ground for new Musketeers: women who are socialites on the surface, but strap daggers under their skirts, seduce men into giving up dangerous secrets, and protect France from downfall. And they don't shy away from a sword fight. With her newfound sisters at her side, Tania feels that she has a purpose, that she belongs. But then she meets Étienne, her target in uncovering a potential assassination plot. He's kind, charming—and might have information about what really happened to her father. Torn between duty and dizzying emotion, Tania will have to decide where her loyalties lie...or risk losing everything she's ever wanted. Lillie Lainoff's debut novel is a fierce, whirlwind adventure about the depth of found family, the strength that goes beyond the body, and the determination it takes to fight for what you love. Includes an author's note about her personal experience with Postural Orthostatic Tachycardia Syndrome.

The Inevitable Katie Engelhart, 2021-03-02 “A remarkably nuanced, empathetic, and well-crafted work of journalism, [The Inevitable] explores what might be called the right-to-die underground, a world of people who wonder why a medical system that can do so much to try to extend their lives can do so little to help them end those lives in a peaceful and painless way.”—Brooke Jarvis, The New Yorker More states and countries are passing right-to-die laws that allow the sick and suffering to end their lives at pre-planned moments, with the help of physicians. But even where these laws exist, they leave many people behind. The Inevitable moves beyond margins of the law to the people who are meticulously planning their final hours—far from medical offices, legislative chambers, hospital ethics committees, and polite conversation. It also shines a light on the people who help them: loved ones and, sometimes, clandestine groups on the Internet that together form the “euthanasia underground.” Katie Engelhart, a veteran journalist, focuses on six people representing different aspects of the right to die debate. Two are doctors: a California physician who runs a boutique assisted death clinic and has written more lethal prescriptions than anyone else in the U.S.; an Australian named Philip Nitschke who lost his medical license for teaching people how to end their lives painlessly and peacefully at “DIY Death” workshops. The other four chapters belong to people who said they wanted to die because they were suffering unbearably—of old age, chronic illness, dementia, and mental anguish—and saw suicide as their only option. Spanning North America, Europe, and Australia, The Inevitable offers a deeply reported and fearless look at a morally tangled subject. It introduces readers to ordinary people who are fighting to find dignity and authenticity in the final hours of their lives.

a Year & other poems Jos Charles, 2022-03-15 From the celebrated author of *feeld* comes a formally commanding third collection, dexterously recounting the survival of a period suffused with mourning. Jos Charles's poems communicate with one another as neurons do: sharp, charged, in language that predates language. “A scandal / three cartons red / in a hedge / in / each the thousand eye research of flies.” With acute lyricism, she documents how a person endures seemingly relentless devastation—California wildfires, despotic legislation, housing insecurity—amid illusions of safety. “I wanted to believe,” Charles declares, “a corner a print leaned to / a corner can save / a people.” Still the house falls apart. Death visits and lingers. Belief proves, again and again, that belief alone is not enough. Yet miraculously, one might still manage to seek—propelled by love, or hope, or sometimes only momentum—something better. There is a place where there are no futile longings, no persistent institutional threats to one's life. Poems might take us there; tenderness, too, as long as we can manage to keep moving. “A current / gives as much as it has,” writes Charles—despite fire, despite loss. Harrowing and gorgeous, *a Year & other poems* is an astonishing new collection from a poet of “unusual beauty and lyricism” (New Yorker).

Fight John Della Volpe, 2022-01-18 From John Della Volpe, the director of polling at the Harvard Institute of Politics, *Fight* is an exploration of Gen Z, the issues that matter most to them, and how they will shape the future. 9/11. The war on terror. Hurricane Katrina. The 2008 financial crisis. The housing crisis. The opioid epidemic. Mass school shootings. Global warming. The Trump presidency. COVID-19. Since they were born, Generation Z (also known as zoomers)—those born from the late 1990s to early 2000s—have been faced with an onslaught of turmoil, destruction and instability unprecedented in modern history. And it shows: they are more stressed, anxious, and depressed than previous generations, a phenomenon John Della Volpe has documented heavily through decades of meeting with groups of young Americans across the country. But Gen Z has not buckled under this tremendous weight. On the contrary, they have organized around issues from gun control to racial and environmental justice to economic equity, becoming more politically engaged than their elders, and showing a unique willingness to disrupt the status quo. In *Fight: How Gen Z Is Channeling Their Passion and Fear to Save America*, Della Volpe draws on his vast experience to show the largest forces shaping zoomers' lives, the issues they care most about, and how they are—despite older Americans' efforts to label Gen Z as overly sensitive, lazy, and entitled—rising to the unprecedented challenges of their time to take control of their country and our future.
