Single-Minded Lisa Daily, 2017-06-27 Alex has planned and executed her life with laser focus since she first met her future husband at the play-doh table on the first day of kindergarten. They have a terrific life, a gorgeous house on the bay, and fantastic careers they love. There's only one problem: Alex's husband has a secret. A big one. Now, Alex's perfectly planned life has completely fallen apart,

her biological clock is starting to feel like the timer on a nuclear device, and she finds herself drooling over her completely-dreamy-but-definitely-off-limits client, a star chef opening a hot new restaurant. Armed with dating guidance from her oddball collection of advisers—including her gay ex-husband, a foul-mouthed political consultant, a perkily masochistic yogi, and a pot-smoking octogenarian—Alex navigates the booby-trapped world of modern dating, in her search for a second chance at love.

Laughing Tablets J.S. Raghavan,2020-12-26 laughter is the best medicine with no side effects, though there are a few sidesplitting categories. Medicines can be administered in several ways—the injection being the least preferred, as one has to roll-up tight sleeves or go embarrassedly behind a skimpy curtain, to bare the behind to a matronly nurse. Syrups, sprays, drops, gels, ointments and the like are bitter, smelly and/or messy affairs which are more bothersome than the ailment itself. But tablets! They are handy stuff. Convenient to pop in. Nevertheless, not all tablets that are purchased are swallowed—and not all that are swallowed act—like sleeping tablets for example! A few sleepless souls remain wide awake even after taking a few. Yet some sleep peacefully with one pill, like a baby or a log or an Hon'ble Member of Parliament when the House is transacting business noisily. The problem need not necessarily lie with the tablets. The Laughing Tablets are no different!

Lost Nuke Dirk Septer,2016 A story seemingly drawn out of a Hollywood action script...Gripping stuff.--Canada's History Just before midnight on February 13, 1950, three engines of a US Air Force B-36 intercontinental bomber caught fire over Canada's northwest coast. The crew jumped, and the plane ditched somewhere in the Pacific Ocean. Almost four years later, the wreck of the bomber was found accidentally in a remote location in the coastal mountains of British Columbia, three hours' flying time in the opposite direction of where it was supposed to have crashed. After years of silence, the United States finally admitted to losing its very first nuclear bomb; the incident was its first Broken Arrow, the code name for accidents involving nuclear weapons. But was the bomb dropped and exploded over the Inside Passage, or was it blown up at the aircraft's resting place in the mountains? This Cold War-era tale follows the last flight of bomber 075 and attempts to unravel the real story behind more than fifty years of secrecy, misdirection, and misinformation.

The Broadview Anthology of Sixteenth-Century Poetry and Prose Marie Loughlin, Sandra Bell, Patricia Brace, 2011-10-24 The Broadview Anthology of Sixteenth-Century Poetry and Prose makes available not only extensive selections from the works of canonical writers, but also substantial extracts from writers who have either been neglected in earlier anthologies or only relatively recently come to the attention of twentieth- and twenty-first-century scholars and teachers. Popular fiction and prose nonfiction are especially well represented, including selections from popular romances, merchant fiction, sensation pamphlets, sermons, and ballads. The texts are extensively annotated, with notes both explaining unfamiliar words and providing cultural and historical contexts.
