Wills and Administrations of Southampton County, Virginia, 1749-1800 Blanche Adams

Chapman,1980 The abstracts of wills and administrations are arranged throughout in more or less chronological order by the name of the deceased. The will records give the name of the testator, names of legatees (often showing relationships), summaries of bequests made in the will, date of the will, date of recording, and the page number of the will book wherein the full will is recorded. The administration records generally provide the dates of inventory and appraisal, names of auditors and appraisers, and references concerning the settlement of the estate. The approximately 2,500 wills and administrations in this work refer to approximately 8,000 persons. Many of the wills furnish evidence of North Carolina connections as well.

Rise of the Fourth Reich Steve Deace,Daniel Horowitz,2023-02-14 A Wall Street Journal Bestseller COVID-19 fascism was the worst tyranny in American history, and those responsible must be held accountable so nothing like it ever happens again. COVID-19 was used to launch the worst tyranny in

American history, which we're still facing even now. It was also the worst oppression in global history since the Third Reich. Just as that evil required a reckoning at Nuremberg, this one does as well. In this Nuremberg 2.0, we call witnesses that our elected representatives and law enforcement agents need to hear from in order to know the full extent of the evil, and who is responsible for it—so that this never happens again.
