**Artful Players** Birgitta Hjalmarson,1999-03 Birgitta Hjalmarson deftly brings these artists back to life, partly because their story is long overdue, partly because it is such a rollicking good one.

The Beat of Urban Art Justin Bua,2009-05-12 Groundbreaking artist Justin BUA is internationally known for his bestselling collection of fine art posters—The DJ being one of the most popular prints of all time. Staring in the world of commercial art, BUA designed and illustrated myriad projects, from skateboards and CD covers to advertising campaigns. He developed the look and feel of the opening sequence for MTV's Lyryst Lounge Show, EA sports video games NBA Street and NFL Street, and the world of Slum Village's award-winning music video, Tainted, among others. His line of apparel and his limited edition sneakers sold out completely. His energetic and vocal worldwide fan base ranges from former presidents,, actors, musicians, professional athletes, and dangers to street kids and art connoisseurs. In The Beat of Urban Art, BUA lays out his unique vision, melding urban rhythms, graffiti, and classical art training. This visually arresting book is about his life, his work, and the birth of Hip-Hop. As we follow BUA through his turbulent youth, navigating he streets and underground worlds of the urban jungle, we recognize the powerful evolution of BUA's distinct style—Distorted Urban Realism. Following in the footsteps of the great masters, BUA represents the lives of the revered and the marginalized, the heroes and the underdogs of his time—New York City during the 1970s and '80s. With an autobiographical narrative illustrated with photographs, drawings, sketches, studies, and explanations of how many of his paintings were created, The Beat of Urban Art takes you into the head of the modern-day Toulouse-Lautrec.

**Mapping Paradigms in Modern and Contemporary Art** Simonetta Moro,2021-07-29 Mapping Paradigms in Modern and Contemporary Art defines a new cartographic aesthetic, or what Simonetta Moro calls carto-aesthetics, as a key to interpreting specific phenomena in modern and contemporary art, through the concept of poetic cartography. The problem of mapping, although indebted to the spatial turn of poststructuralist philosophy, is reconstructed as hermeneutics, while exposing the nexus between topology, space-time, and memory. The book posits that the emergence of mapping as a ubiquitous theme in contemporary art can be attributed to the power of the cartographic model to constitute multiple worldviews that can be seen as paradigmatic of the post-modern and contemporary condition. This book will be of particular interest to scholars in art history, art theory, aesthetics, and cartography.

Bound by Creativity Hannah Wohl,2021-06-23 While our traditional view of creative work might lead us to think of artists as solitary visionaries, the creative process is in fact deeply social. From those trying to land their first solo show to those with dozens of museum exhibitions, artists are influenced by others' evaluations. In Bound by Creativity, sociologist Hannah Wohl draws on more than one hundred interviews and two years of ethnographic research in the New York contemporary art market, developing a sociological perspective on creativity through the analytic lens of judgment. Wohl takes readers into artists' studios and shares firsthand how they decide which works to leave unfinished, destroy, put into storage, or exhibit. Wohl then transports readers into the art world, examining the interactions in galleries, international art fairs, and collectors' homes that shape artists' understandings of their work. Wohl shows us how moments of judgment--whether by artists, curators, dealers, or collectors--reveal artistic practices to be profoundly sociological, both because artists' sensibilities are informed by their interactions with others, and because artists' decisions about their work affect the objects that circulate through the world. We see that judgment is an integral element of the creative process, resulting in the creation of distinctive and original works. Creativity, Wohl shows, rests on these highly social dynamics, and exploring it through this lens sheds new light on the production of cultural objects, markets, and prestige.

**Making Beats** Joseph G. Schloss,2014-11-20 Based on ten years of research among hip-hop producers, Making Beats was the first work of scholarship to explore the goals, methods, and values of a surprisingly insular community. Focusing on a variety of subjects—from hip-hop artists' pedagogical methods to the Afrodiasporic roots of the sampling process to the social significance of “digging” for rare records—Joseph G. Schloss examines the way hip-hop artists have managed to create a form of expression that reflects their creative aspirations, moral beliefs, political values, and cultural realities. This second edition of the book includes a new foreword by Jeff Chang and a new afterword by the author.

**Made in Brooklyn** Amanda Wasielewski,2018-06-29 Made in Brooklyn is a belated critique of the Maker Movement: from its origins in the nineteenth century to its impact on labor and its entanglement in the neoliberal economic model of the tech industry. Part history, part ethnography, Made in Brooklyn provides a unified analysis of how the tech industry has infiltrated artistic practice and urban space.

**Drawing is Thinking** Milton Glaser,2008-11-26 For more than fifty years, Milton Glaser has designed much of the world we live and experience every day. His posters, books, albums, restaurants, advertisements, and so much more have identified him as the preeminent force in design in America. Now, in Drawing is Thinking, Glaser draws upon an amazing vocabulary of images and techniques to create his most personal book to date. In a way, he has not only been drawing all his life, he has been thinking about art and design on that journey. Based on his view that all art has its origin in the impulse to create, he has designed a book that powerfully delineates this position. In Drawing is Thinking, the drawings depicted are meant to be experienced sequentially, so that the viewer not only follows Glaser through these pages, but comes to inhabit his mind. The drawings represent a sweeping range of subject matter taken from the full range of a reflective master's career. The pages suggest that drawing is not simply a way to represent reality, but, as the title implies, a better way to perceive the world. The maker and the viewer become more attentive, one by creating the work, the other by experiencing it. Glaser's two signature books, Graphic Design and Art is Work, are each in print decades after their first appearances. In different ways, each is a display of his work with extended descriptions of how the work came about, and how design problems were visually resolved. But in Drawing is Thinking the author is less interested in display. Glaser this time is concerned with how the mind works in its attempt to create reality.--BOOK JACKET.

Kerouac Alessandro Castiglioni,2018-08-16 The book features eighty paintings and drawings, most of which unpublished, which shed a completely new light on the artistic activities of the father of the Beat Generation. A special focus is given to analysing his labyrinthic creative process and his relationships with traditional American visual culture, and with other Beat movement authors from Allen Ginsberg to William Burroughs and the masters of Art Informel and the New York School with whom Kerouac started hanging out in the latter half of the 1950s. The strength of this works lies above all in the comprehensive identity that Kerouac managed to squeeze into life, literary works, and every other creative form of expression, such as music, singing, poetry, and film. Readers are taken on a journey through different nuclei that develop reflections interweaving Kerouac's life with his poetics using everything from portraits of famous figures, such as Joan Crawford, Truman Capote, Dody Muller or Cardinal Montini, to references to the beat culture from Robert Frank to William S. Burroughs. The book also explores Kerouac's relationship with Italy through a selection of photographs taken by Robert Frank and by Ettore Sottsass of his wife Fernanda Pivano, Allen Ginsberg and Kerouac, and is lent even greater depth by a new project about Kerouac by Peter Greenaway.

**Cheap Rents** John Cohen,2015 A rich and intimate portrait of the New York downtown art scene between 1957 and 1963 Cheap Rents ... and de Kooning revisits the New York downtown art scene between 1957 and 1963, when the Tenth Street galleries were the center of the art world and inexpensive lofts were still available. John Cohen was there, and portraying the artists' haunts--among them the Cedar Tavern, the Club and the Tanager Gallery--and creating a definitive photographic impression of a lively, hedonistic, highly sociable scene. Abstract Expressionists, Pop artists and Beat writers could be found at these bars and galleries; Willem de Kooning's studio was in the middle of the block, and is also documented here. This volume, by one of the leading chroniclers of the era, provides its richest and most intimate portrait. John Cohen (born 1932) is a photographer, musicologist and founding member of the New Lost City Ramblers. He has extensively documented Bob Dylan, the Beat writers and folk musicians in Appalachia. He has been one of the most important discoverers of traditional musicians and singers, recording Dillard Chandler and Roscoe Holcomb among others.

**Humanity** Ai Weiwei,2018-04-24 Writings on human life and the refugee crisis by the most important political artist of our time Ai Weiwei (b. 1957) is widely known as an artist across media: sculpture, installation, photography, performance, and architecture. He is also one of the world's most important artist-activists and a powerful documentary filmmaker. His work and art call attention to attacks on democracy and free speech, abuses of human rights, and human displacement--often on an epic, international scale. This collection of quotations demonstrates the range of Ai Weiwei's thinking on humanity and mass migration, issues that have occupied him for decades. Selected from articles, interviews, and conversations, Ai Weiwei's words speak to the profound urgency of the global refugee crisis, the resilience and vulnerability of the human condition, and the role of art in providing a voice for the voiceless. Select quotations from the book: This problem has such a long history, a human history. We are all refugees somehow, somewhere, and at some moment. Allowing borders to determine your thinking is incompatible with the modern era. Art is about aesthetics, about morals, about our beliefs in humanity. Without that there is simply no art. I don't care what all people think. My work belongs to the people who have no voice.

**Art and Merchandise in Keith Haring's Pop Shop** Amy Raffel,2020-12-30 As one of the first academic monographs on Keith Haring, this book uses the Pop Shop, a previously overlooked enterprise, and artist merchandising as tools to reconsider the significance and legacy of Haring’s career as a whole. Haring developed an alternative approach to both the marketing and the social efficacy of art: he controlled the sales and distribution of his merchandise, while also promulgating his belief in accessibility and community activism. He proved that mass-produced objects can be used strategically to form a community and create social change. Furthermore, looking beyond the 1980s, into the 1990s and 2000s, Haring and his shop prefigured artists’ emerging, self-aware involvement with the mass media, and the art world’s growing dependence on marketing and commercialism. The book will be of interest to scholars or students studying art history, consumer culture, cultural studies, media studies, or market studies, as well as anyone with a curiosity about Haring and his work, the 1980s art scene in New York, the East Village, street art, art activism, and art merchandising.

The Play in the System Anna Watkins Fisher,2020-09-21 What does artistic resistance look like in the twenty-first century, when disruption and dissent have been co-opted and commodified in ways that reinforce dominant systems? In The Play in the System Anna Watkins Fisher locates the possibility for resistance in artists who embrace parasitism—tactics of complicity that effect subversion from within hegemonic structures. Fisher tracks the ways in which artists on the margins—from hacker collectives like Ubermorgen to feminist writers and performers like Chris Kraus—have willfully abandoned the radical scripts of opposition and refusal long identified with anticapitalism and feminism. Space for resistance is found instead in the mutually, if unevenly, exploitative relations between dominant hosts giving only as much as required to appear generous and parasitical actors taking only as much as they can get away with. The irreverent and often troubling works that result raise necessary and difficult questions about the conditions for resistance and critique under neoliberalism today.

The Japanese Tea Ceremony – An Introduction Kaeko Chiba,2022-12-20 This book provides a comprehensive introduction to chado, the Japanese tea ceremony. Unlike other books on the subject, which focus on practice or historical background or specific issues, this book considers the subject from multiple perspectives. It discusses Japanese aesthetics and philosophy, outlines how the tea ceremony has developed, emphasizing its strong links to Zen Buddhism and the impact of other religion influences, and examines how chado reflects traditional gender and social status roles in Japan. It goes on to set out fully the practice of chado, exploring dress, utensils, location – the garden and the tea house – and the tea itself and accompanying sweets. Throughout, the book is illustrated both with images and with examples of practice. The book will be of interest to a wide range of people interested in chado – university professors and students, tourists and people interested in traditional Japanese arts.
