Divorce Bootcamp for Low- and Moderate-Income Women (6th Edition) Anna T. Merrill, Esq., 2018-12-16 According to the U.S. Census Bureau, the average woman's family income drops by 37% after divorce. Do you know what assets or how much alimony or child support you are entitled to receive? Has your spouse threatened to leave you penniless? Have you spoken to an attorney and gotten sticker-shock? Do you earn too much money to qualify for free legal aid? This book was written to help the low- and moderate-income women the legal system has abandoned by walking a hypothetical self-represented woman step-by-step through the divorce process, including: -- How to prepare financially to stand on your own two feet; -- What the court can, and cannot do for you; -- 'Legwork' that can save you money on legal fees and help you get a better outcome; -- How much child support and alimony you might be entitled to receive; -- Custody disputes ... 'fatal flaws' and how you can fix them. -- How to show a judge that your spouse is lying about their assets and income; -- What property you are entitled to receive ... and should ask for; -- Ways vindictive ex-spouses can hide money ... and how to prove they are lying; -- Real life dirty tricks, traps, and pitfalls highlighted so you can avoid them; -- How to find a good attorney (if you can afford one), save money on legal fees, or combine "a la carte" legal advice with your own efforts if you can't afford to hire a full-service attorney; -- Mediation and court-connected Alternative Dispute Resolution ... benefits and pitfalls; -- How to dig up information your spouse doesn't want you to know (discovery) like an attorney; -- Common court forms and how to fill them out; -- Separation Agreements dissected and clarified; including two blank fill-in-the form boilerplates which you can download and use in your own divorce; -- Sample discovery requests and motions - we'll dissect each motion and show what information you can use it to get; -- Sample hearing scripts for common court hearings (including Restraining Order hearings, Temporary Order hearings, Custody Dispute hearings, Contempt hearings, and parts of a mock-Trial); -- Restraining orders ... how to get one ... how to keep one; Filled with helpful examples of common court forms and legal pleadings, this book will introduce you to everything you NEVER wanted to know about divorce ... but need to come up to speed ... FAST!!! This is the only self-help legal book written by a woman who was once in your shoes who later went back to school to become an attorney! BONUS: links to download, edit and print blank Separation Agreement forms. The 6th Edition has been completely updated with the latest case law, including ways to sensitively handle a Christian divorce, caveats regarding same-sex couple custody disputes post-Obergefell, and a completely rewritten Separation Agreement chapter with suggested clauses for unusual situations such as extraordinary school fees, private school or homeschooling. Book 1 of the Divorce Bootcamp Self-Help Legal series . KIRKUS: "A solid, informative self-help divorce guide. This exhaustive...guide covers a range of topics related to contested and uncontested divorces, including how to gather documentation of assets, estimate child support and alimony, and even, if necessary, obtain restraining orders. She discusses many topics related to asset division and child custody, including marital debt and visitation rights. The book is aimed at the broadest possible audience, but also discusses variations in state laws." (Review of the 5th Edition). . Legal Disclaimer: This book is not meant to constitute legal advice. The author is licensed to practice law in Massachusetts. Links have been provided to direct women to their local court resources in all 50 states, but the court forms, case histories and property division examples used are loosely based upon Massachusetts examples. Policies to Address Poverty in America Melissa Kearney, Benjamin Harris, 2014-06-19 One-in-seven adults and one-in-five children in the United States live in poverty. Individuals and families living in poverty not only lack basic, material necessities, but they are also disproportionately afflicted by many social and economic challenges. Some of these challenges include the increased possibility of an unstable home situation, inadequate education opportunities at all levels, and a high chance of crime and

victimization. Given this growing social, economic, and political concern, The Hamilton Project at Brookings asked academic experts to develop policy proposals confronting the various challenges of America's poorest citizens, and to introduce innovative approaches to addressing poverty. When combined, the scope and impact of these proposals has the potential to vastly improve the lives of the poor. The resulting 14 policy memos are included in The Hamilton Project's Policies to Address Poverty in America. The main areas of focus include promoting early childhood development, supporting disadvantaged youth, building worker skills, and improving safety net and work support.

My Misspent Youth Meghan Daum, 2015-11-03 With a new introduction. One of Flavorwire's 25 Greatest Essay Collections of All Time. Meghan Daum is one of the most celebrated nonfiction writers of her generation, widely recognised for her fresh, provocative approach with which she unearths the hidden fault lines in the American landscape. From her well remembered New Yorker essays about the financial demands of big-city ambition and the ethereal, strangely old-fashioned allure of cyber-relationships to her dazzlingly hilarious riff in Harper's about musical passions that give way to middle-brow paraphernalia, Daum delves into the centre of things while closely examining the detritus that spills out along the way. With precision and well-balanced irony, Daum implicates herself as readily as she does the targets that fascinate and horrify her.

The Battle for Room 314 Ed Boland, 2016-02-09 In this insightfully honest and moving memoir about the realities of teaching in an inner-city school, Ed Boland smashes the dangerous myth of the hero-teacher [and] shows us how high the stakes are for our most vulnerable students (Piper Kerman, author of *Orange is the New Black*). In a fit of idealism, Ed Boland left a twenty-year career as a non-profit executive to teach in a tough New York City public high school. But his hopes quickly collided headlong with the appalling reality of his students' lives and a hobbled education system unable to help them. Freddy runs a drug ring for his incarcerated brother; Nee-cole is homeschooled on the subway by her brilliant homeless mother; Byron's Ivy League dream is dashed because he is undocumented. In the end, Boland isn't hoisted on his students' shoulders and no one passes AP anything. This is no urban fairy tale of at-risk kids saved by a Hollywood hero, but a searing indictment of schools that claim to be progressive but still fail their students. Told with compassion, humor, and a keen eye, Boland's story is sure to ignite debate about the future of American education and attempts to reform it.
