**A Practical Guide to Decision Support System With Analytic Hierarchy Process Method Using Python GUI & MySQL, Case Study: Determining Scholarship Recipients** Hamzan Wadi,2023-04-26 This book provides a practical explanation of the Analytic Hierarchy Process (AHP) method and its implementation in a decision support system to determine the scholarship recipients in a university. The discussion in this book is presented step-by-step, gradually, so that it will help readers understand every concept and stage of the AHP method and its implementation in decision support systems. This book is suitable for students, scholars, and researchers who want to implement the AHP method to build decision support systems using Python GUI and MySQL. The discussion in this book will provide readers with an understanding of the AHP method and how it works. Readers will be guided through each step of determining priority order using the AHP method through a case study accompanied by mathematical calculations. In addition, readers will also be guided step-by-step in implementing the AHP method in a decision support system to determine the scholarship recipients using Python GUI and MySQL. Readers will be guided step-by-step in designing a decision support system and realizing each design made using Python GUI and MySQL. The ultimate goal of this book is to enable readers to build a decision support system application independently by applying the AHP method to determine the scholarship recipients in a college using Python GUI and MySQL.

*The Routledge Introduction to Auto/biography in Canada* Sonja Boon, Laurie McNeill, Julie Rak, Candida Rifkind, 2022-12-29 The Routledge Introduction to Auto/biography in Canada explores the exciting world of nonfiction writing about the self, designed to give teachers and students the tools they need to study both canonical and lesser-known works. The volume introduces important texts and contexts for interpreting life narratives, demonstrates the conceptual tools necessary to understand what life narratives are and how they work, and offers an historical overview of key moments in Canadian auto/biography. Not sure what life writing in Canada is, or how to study it? This critical introduction covers the tools and approaches you require in order to undertake your own interpretation of life writing texts. You will encounter nonfictional writing about individual lives and experiences—including biography, autobiography, letters, diaries, comics, poetry, plays, and memoirs. The volume includes case studies to provide examples of how to study and research life narratives and toolkits to help you apply what you learn. The Routledge Introduction to

Auto/biography in Canada provides instructors and students with the contexts and the critical tools to discover the power of life writing, and the skills to study any kind of nonfiction, from Canada and around the world.

**Advances in Automatic Text Summarization** Inderjeet Mani, Mark T. Maybury, 1999 ntil now there has been no state-of-the-art collection of the most important writings in automatic text summarization. This book presents the key developments in the field in an integrated framework and suggests future research areas. With the rapid growth of the World Wide Web and electronic information services, information is becoming available on-line at an incredible rate. One result is the oft-decried information overload. No one has time to read everything, yet we often have to make critical decisions based on what we are able to assimilate. The technology of automatic text summarization is becoming indispensable for dealing with this problem. Text summarization is the process of distilling the most important information from a source to produce an abridged version for a particular user or task. Until now there has been no state-of-the-art collection of the most important writings in automatic text summarization. This book presents the key developments in the field in an integrated framework and suggests future research areas. The book is organized into six sections: Classical Approaches, Corpus-Based Approaches, Exploiting Discourse Structure, Knowledge-Rich Approaches, Evaluation Methods, and New Summarization Problem Areas.
