The Sheer Curtain Maria Elena Garza, 2016-06-17 This short novel is dedicated to my wonderful family: my children, Cathy, Fernando, Phillip; my grandchildren Jozette, Alaena, Phoenix; and my husband, Max. The novel is especially written for an audience of young readers or adults who choose to have a child's imagination. It was such fun for me to develop the characters and scenes of this mystery. It all starts with a woman's silhouette that appears on the third-floor window of this old Victorian mansion. No one in the town of Sneila has ever seen her except when she stands behind the sheer curtain. The children of the town look forward to Halloween every year. The children together walk down the dirt road to the mansion that sits at the edge of town behind enormously tall trees and a black iron fence. Every Halloween, the children know that, in front of the mansion outside the gate, there will be a mysterious white cauldron filled with magic candies for each child. The candies are in baggies with each child's name written on the front of the baggie. How does she know every child's name? Where does this candy come from? The children agree that the candy is very different, like it's out of this world. These are only two of the mysteries that exist in the town of Sneila. Much mystery lives in the town of Sneila. The number of people in this town never changes. When one person dies,

another is born. People who die are not buried. The number 8 appears throughout the town. Sometimes you have to add two digits to find the 8. The infinity symbol appears throughout the novel. Magic turtles surface and communicate with the two main characters, Samantha and Victoria. Flickering lights, hidden doors, basement, baskets, spaceships, magic turtles, mysterious bubbles, candles, and fairies create a magical kingdom. Wrinkles and gray hair are witnesses to times past. The surprise ending is sure to give you goose bumps! Other books from the author include the following: Sleepy Tears Laughing Tears Sleepy Tears Miss You Tears Gods Love is Real (poetry book) Friends and Angels (poetry book) The Secret Meeting of the Sworceracs

Wallpaper Worship Danny Byram, 2018-05-15 “In my lifetime, worship has changed from something we do before an audience of God to something a few semi-professionals do for an audience of us. Danny was my worship leader for years, and he has earned the right to be heard.” —Philip Yancey, Author, *What’s So Amazing About Grace?* Worship experiences of today’s Christians remain diverse. *Wallpaper Worship* challenges the status quo of the modern-day worship service and illustrates how to move worship from an observation-based to an active-participant-centered activity. Drawing from John 4, Danny Byram identifies the cause of the passive, wallpaper worship experience and provides practical solutions. This book is a must-read for all worship leaders and anyone seeking powerful participation from church congregants.

Oceans and Society Ana K. Spalding, Daniel O. Suman, 2023-02-28 This unique textbook presents an introduction to the interdisciplinary field of marine studies, exploring the dynamic relationship between people and the marine environment. Emphasizing the human dimension of coastal and ocean issues, the book provides an innovative examination of the complex marine–human environment dynamics by drawing on social science and humanities approaches. Applying these interdisciplinary approaches, the textbook addresses key challenges facing the marine environment, including changing climate, fisheries, aquaculture, marine pollution, energy production, and management of areas beyond national jurisdiction. While leading with a human dimension approach to these challenges, the chapters are all firmly grounded in foundational knowledge about coastal and ocean environments and processes. The textbook also includes examples of professional or academic areas of specialization within marine studies such as social and environmental justice, governance, global perspectives, traditional ecological knowledge and management, entrepreneurship, community development, conservation, and the blue economy. Ultimately, the book provides the first cohesive resource on marine studies to educate students, train interdisciplinary marine leaders, inspire new knowledge about

people and the sea, generate innovative solutions for sustainable oceans, and build capacity for a new generation of marine-focused professionals. *Oceans and Society* is essential reading for students on marine studies courses, as well as those studying marine governance, policy, conservation, and law more broadly. It will also be of great interest to students, researchers, and professionals interested in applying interdisciplinary approaches to environmental challenges.

The Great Chain of Life Joseph Wood Krutch, 2005-08 Originally published in 1956, *The Great Chain of Life* brings a humanist's keen eye and ear to one of the great questions of the ages: "What am I?" Originally a scholar of literature and theater, toward the end of his career Joseph Wood Krutch turned to the study of the natural world. Bringing his keen intellect to bear on the places around him, Krutch crafted some of the most memorable and important works of nature writing extant. Whether anticipating the arguments of biologists who now ascribe high levels of cognition to the so-called lower animals, recognizing the importance of nature for a well-lived life, or seeing nature as an elaborately

interconnected, interdependent network, Krutch's seminal work contains lessons just as resonant today as they were when the book was first written. Lavishly illustrated with thirteen beautiful woodcuts by Paul Landacre, an all-but-lost yet important Los Angeles artist whom Rockwell Kent called "the best American wood engraver working," *The Great Chain of Life* will be cherished by new generations of readers.

Cardiff, by the Sea Joyce Carol Oates, 2020-10-06 Four brand-new novellas by the #1 New York Times-best-selling, National Book Award-winning “grand mistress of ghoulishness” (Publishers

Weekly). An academic in Pennsylvania discovers a terrifying trauma from her past after inheriting a house in Cardiff, Maine from someone she has never heard of. A pubescent girl, overcome with loneliness, befriends a feral cat that becomes her protector from the increasingly aggressive males that surround her. A brilliant but shy college sophomore is distraught to discover that she's pregnant, and the professor who takes her under his wing may not have innocent intentions. And a woman who marries into a family shattered by tragedy finds herself haunted by her predecessor's voice, an inexplicably befouled well, and a compulsive attraction to a garage that took two lives. In these psychologically daring, chillingly suspenseful pieces, the author of *We Were the Mulvaney's* and *Blonde* writes about women facing threats past and present, once again cementing her reputation for "great intelligence and dead-on imaginative powers" (Los Angeles Times Book Review).

Our Lives in Korea and Korea in Our Lives George Ogle,Dorothy Ogle,2012-02-21 Because he prayed in public for eight men who were tortured, forced to make false confessions and were sentenced to death by South Korea's military dictatorship, in 1974 George Ogle was deported from the country where he had worked as a missionary for 20 years. Two months later when Dorothy and the four Ogle children left Korea, friends and colleagues commissioned them to "Go tell our story." After the South Korean people ended the military dictatorship in 1987, the story changed from the struggle for democracy and human rights to a story of the Korean movement for peace and reunification of their divided nation. Compelling and comprehensive, *Our Lives in Korea and Korea in Our Lives* is not only the Ogles' personal memoirs of living in South Korea from 1954-1974 and later visiting both the North and South, it is an effort to tell the story of the Korean people as the authors experienced it directly, and as it has come to them by closely following the evolving history through almost 60 years. The book highlights the hope and promise of President Kim DaeJung's "Sunshine Policy" of constructive engagement with North Korea and is written to give readers around the world a vision for ending the Korean War to bring peace, prosperity and reconciliation to all of the Korean people.
