The President's Secret a Royal Bloodline Michael V. Roberts Sr., 2022-06-23 Once you begin reading this book, your impression will allow you to connect with the story immediately. It is instantly vivid from beginning to end. The many plots are engaging and captivate the reader, making one crave for more. The love descriptive and colorful words

are touching. One could literally taste the food/ingredients, feel the Bahamian breeze, as described, or envision as if you are in a Metaverse world and attached to a Virtual Reality headset while reading. The author incorporated the island's texture, aesthetics, lingo feel, and warmth. While taking you back and forth from The Bahamas to the United States and the United Kingdom, the author keeps you in a mindset of anticipation. Not forgotten and much appreciated are the underlying and undeniable romance stories woven throughout, which are very alluring. This, side by side, with the lessons for all walks of life, whether royalty, wealthy or working class. This is a must-read and the basis of a trilogy or a blockbuster movie.

Waves and Beaches Kim McCoy,Willard Bascom,2021-03-16 The Bestselling Classic Updated for Surfers, Sailors, Oceanographers, Climate Activists, and Those Who Love the Sea First published in 1963 and updated in 1979, this classic was an essential handbook for anyone who studies, surfs, protects, or is fascinated by the ocean. The original author, Willard Bascom, was a master of the subject and included a wealth of information, based on theory and statistics, but also anecdotal observation and personal experience. It brought to the general public understanding of the awesome and complex power of the

waves. This revision from Kim McCoy adds recent facts and anecdotes to update the book's relevance in the time of climate change. One of the most significant effects of global warming will be sea-level rise. What will this mean to waves and beaches, and what effects are we already seeing? New text and photos cover events such as the Indian Ocean tsunami of 2004, Hurricane Katrina flooding of 2005, and the 2011 earthquake and resulting devastation in Fukushima. As well as students, surfers, and the general public, this updated edition of a beloved classic is an essential handbook for climate scientists and ocean activists, providing clear explanations and detailed resources for the constant battle to preserve the shore.

Gift of Friends: A Women's Friendship Series, Book Four Kimberly Diede, 2024-05-01

There is no greater gift than friendship. For the first time in fifty years, Lynette Howe's financial struggles are behind her. Her wildly prosperous online boutique is now someone else's headache. It wasn't hard to bid farewell to the fast-paced lifestyle of New York City, but designing her new life in the quiet town she left decades ago isn't working. Men used to find her intriguing—mysterious, even—when her role as a stylish CEO demanded most of her time. Women's desire to emulate her only helped fuel her success. But now? Now she spends her days poking around the small town of Ruby Shores, talking to a cat. She isn't the only one struggling. Her mother, Donna, remains by her side, but sometimes it feels like their roles have reversed. Even though they've accomplished great things together, both women harbor unspoken dreams. Will their codependency lead to regrets? Lynette welcomes the distraction of her annual girls' trip with her four best friends. This year's destination isn't a plane ride away. Instead, they'll go back to the peaceful solitude

of Whispering Pines. It'll feel like summer camp all over again . . . except for adults. She could use some girlish giggles, along with coffee on the dock at sunrise or wine around a sunset campfire. But unexpected guests bring turmoil to the resort. When long-hidden secrets come to light and unsettling news arrives from New York, not even the tranquility of Whispering Pines or the reassuring presence of her girlfriends can stop Lynette from questioning every decision she's made during the past two years. Slip away with this uplifting group to the restful Minnesota lake resort of Whispering Pines in Gift of Friends by Kimberly Diede. You're sure to catch their laughter floating on a warm lakeside breeze in this fourth book of the Kaleidoscope Girls women's fiction series. In the Strange South Seas Beatrice Grimshaw, 2021-05-20 This work is an incredible account of the author's adventures in The South Sea Islands. In the book, Grimshaw recounts her adventures, describes the customs and lifestyles of the inhabitants, and gives

a detailed picture of the region's fauna and wildlife. The book also contains reports of cannibalism, head-hunting, poisoning, and tribal magic. Starting from San Francisco, she sailed first to Tahiti, followed by a four-month voyage through the South Pacific and extra two months on the island of Niue. During this trip, she visited Tonga, Samoa, Fiji, Rarotonga, and some parts of the Cook Islands. Soon after returning to London, she published *In the Strange South Seas*. For the longest time, Grimshaw desired to travel the world, especially the mainly unexplored Pacific Ocean. In 1903 she was approached by the *Daily Graphic* to report on the Pacific. She was commissioned to write travelogues for shipping companies to promote the South Sea Islands. Beatrice Grimshaw illustrated this work with her own photographs and vivid descriptions of this fascinating region. The incredible imagery takes the readers who have never traveled to these places on a beautiful journey.
