Encyclopedia of Film Themes, Settings and Series Richard B. Armstrong, Mary Willems Armstrong, 2015-07-11 The first edition was called "the most valuable film reference in several years" by Library Journal. The new edition published in hardcover in 2001 includes more than 670 entries. The current work is a paperback reprint of that edition. Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation, ventriloquists and the Olympics ("Excellent" said Cult Movies). The volume also contains an extensive list of film characters and series, including B-movie detectives, Western heroes, made-for-television film series, and foreign film heroes and villains.

Octopus Opposites Stella Blackstone, 2011 This title introduces young children to basic opposites as they meet a parade of exotic and familiar creatures. With bright and distinction illustrations in Stephanie Bauer's child-friendly style, it is a favourite with parents and young readers.

Squiggle the Star Octopus Michelle O' Sullivan, 2023-06-23

Squiggle is a young octopus who loves playing with his friends, especially his friend Joel. Joel is a clown fish who likes to tell silly jokes. One day, like all young sea creatures, Squiggle goes to school. He's very excited and can't wait to learn lots of new and surprising things. At school, Squiggle's teacher sets his class a challenge - it's a scavenger hunt that they need to complete. Squiggle has never done a scavenger hunt before but he's keen and determined to do really well. He swims away in search of all the items he needs to find... But who will learn the greatest lesson at the end: Squiggle, his teacher, his class, or you?

The Soul of an Octopus Sy Montgomery, 2016-07-12 Finalist for the National Book Award for Nonfiction * New York Times Bestseller * Starred Booklist and Library Journal Editors' Spring Pick * A Huffington Post Notable Nonfiction Book of the Year * One of the Best Books of the Month on Goodreads * Library Journal Best Sci-Tech Book of the Year * An American Library Association Notable Book of the Year "Sy Montgomery's *The Soul of an Octopus* does for the creature what Helen Macdonald's *H Is for Hawk* did for raptors." —New Statesman, UK "One of the best science books of the year." —Science Friday, NPR Another New York Times bestseller from the author of *The Good Good Pig*, this "fascinating...touching...informative...entertaining" (The Daily Beast) book explores the emotional and physical world of the octopus—a surprisingly complex, intelligent, and spirited creature—and the remarkable connections it makes with humans. In pursuit of the wild, solitary, predatory octopus, popular naturalist Sy Montgomery has practiced true immersion journalism. From New England aquarium tanks to the reefs of French Polynesia and the Gulf of Mexico, she has befriended octopuses with strikingly different personalities—gentle Athena, assertive Octavia, curious Kali, and joyful Karma. Each creature shows her cleverness in myriad ways: escaping enclosures like an

orangutan; jetting water to bounce balls; and endlessly tricking companions with multiple “sleights of hand” to get food. Scientists have only recently accepted the intelligence of dogs, birds, and chimpanzees but now are watching octopuses solve problems and are trying to decipher the meaning of the animal’s color-changing techniques. With her “joyful passion for these intelligent and fascinating creatures” (Library Journal Editors’ Spring Pick), Montgomery chronicles the growing appreciation of this mollusk as she tells a unique love story. By turns funny, entertaining, touching, and profound, *The Soul of an Octopus* reveals what octopuses can teach us about the meeting of two very different minds.

The Benefits of Being an Octopus Ann Braden, 2018-09-18
An NPR Best Book of 2018! Some people can do their homework. Some people get to have crushes on boys. Some people have other things they've got to do. Seventh-grader Zoey has her hands full as she takes care of her much younger siblings after school every day while her mom works her shift at the pizza parlor. Not that her mom seems to appreciate it. At least there's Lenny, her mom's boyfriend—they all get to live in his nice, clean trailer. At school, Zoey tries to stay under the radar. Her only friend Fuchsia has her own issues, and since they're in an entirely different world than the rich kids, it's best if no one notices them. Zoey thinks how much easier everything would be if she were an octopus: eight arms to do eight things at once. Incredible camouflage ability and steady, unblinking vision. Powerful protective defenses. Unfortunately, she's not totally invisible, and one of her teachers forces her to join the debate club. Even though Zoey resists participating, debate ultimately leads her to see things in a new way: her mom's relationship with Lenny, Fuchsia's situation, and her own place in this town of people who think they're better than her. Can Zoey find the courage to speak up, even if it means risking the most stable home she's ever had? This moving debut novel explores the cultural divides around

class and the gun debate through the eyes of one girl, living on the edges of society, trying to find her way forward.

Odetta the Octopus Teacher Amy Cox,2013-01 Do you ever have to wait for your teacher to help you? Wouldn't it be nice if every teacher had 8 arms! Meet Ms. Odetta the Octopus Teacher! Today, she is inviting you to visit her octopus preschool, under the sea! It is always a wonderful day with Ms Odetta!

Hello, My Name Is Octicorn Kevin Diller,Justin Lowe,2016-05-17 An Amazon Best Book of the Year Meet Octicorn, the funny, sweet, and disarming character who is a champion for anyone who has ever felt a little bit different. And isn't that everyone? This is a self-published success story from debut authors Justin Lowe and Kevin Diller. Octicorn is half octopus, half unicorn, half confused . . . which sometimes makes it hard to fit in. But maybe that's not such a bad thing.

Japan's Favorite Mon-star Steve Ryfle,1998 Bigger, badder, and more durable than Hollywood's greatest action heroes, Godzilla emerged from the mushroom cloud of an H-bomb test in 1954 to trample Tokyo. More than 40 years later, he reigns as the undisputed monarch of movie monsters, with legions of fans spanning several generations and countless international boundaries.

He and I Lesley Beck,2022-03-15 He And I is a collection of 16 poems or word pictures catching pivotal moments that tell the story, from traumatic birth to current times, of life with a disabled child and then young adult. These poems are fearless in sharing the love, the warmth and frequent humour with unflinching honesty.

Squid Cinema From Hell William Brown, 2020-04-02 Here be Kraken! The Squid Cinema From Hell draws upon writers like Vilem Flusser, Donna J. Haraway, Graham Harman and Eugene Thacker to offer up a critical analysis of cephalopods and other tentacular creatures in contemporary media, while also speculating that digital media might themselves constitute a weird, intelligent alien. If this were not enough to shiver ye timbers, the book engages with contemporary discourses of posthumanism, speculative realism, object-oriented ontology and animal studies to suggest that humans are the products of media rather than media being the products of humans. Including case studies of films by Denis Villeneuve, Park Chan-wook and Celine Sciamma, The Squid Cinema From Hell also provides a daring engagement with various media beyond cinema, including literature, music videos, 4DX, advertising, websites, YouTube, Artificial Intelligence and more. Zounds! This unique and Lovecraftian book will change the way you think about, and with, our contemporary, media-saturated world. For as we contemplate the abyss, the abyss looks back at us - and chthulumedias, or media at the end of human times, begin to emerge.

Also an Octopus Maggie Tokuda-Hall, 2016-10-04 Even the most totally awesome story starts with a little bit of nothing. What happens next is up to you! A delightfully meta picture book that will set imaginations soaring. Features an audio read-along! It begins with an octopus who plays the ukulele. Since this is a story, the octopus has to want something—maybe to travel to faraway galaxies in a totally awesome purple spaceship. Then the octopus sets out to build a spaceship out of soda cans, glue, umbrellas, glitter, and waffles. OK, maybe the octopus needs some help, like from an adorable bunny friend, and maybe that bunny turns out to be . . . a rocket scientist? (Probably not.) But could something even more amazing come to pass? Debut author Maggie Tokuda-Hall, with the help of illustrator Benji Davies, sets up an endearingly funny story, then hands the baton to readers, who will be more than primed to take it away.
